To the Voters of Kent County.

I desire to offer myself as a candidate for the Democratic Nomination to the senate of Maryland to be selected by the County Convention of Kent in 1907, and to submit for your consideration my record in the past and to outline what I would attempt to do in the event of my nomination and election.

First, I desire to place myself on record as being opposed to the wholesale barter and sale of votes that practically decides both the general election and the primaries of both parties, which is harmful not only to the buyer by blunting his moral preception and rendering him more easy of access to the seductive manipulation of the legislative lobbyist but is harmful to the seller in that it not only degrades his manhood but makes the seller an agent in bringing into existence the unjust laws of special privileges that are in most cases the cause of the poverty or lust that induces a man to sell a birthright handed down to him by the blood and sacrifices of his forefathers, but it puts out in the future and makes harder of attainment true Democratic conditions that will make privilege and plunder a nightmare of the past.

In offering myself as Democratic Candidate for Senatorial nomination, I solemnly pledge myself not to use or permit to be used, for the benefit of my candidacy any money for unlawful purposes.

Second, while I believe that the laws under which we are compelled to live in Maryland are vastly more important than the mere selection of representatives in the U. S. Senate, I am, and have been in favor of the election or selection of Senators by direct vote of the people, reserving the present proportion of County representation in the State, thus attaining direct control by the people and at the same time preventing the concentration of power in any section of the State. I pledge myself to do every thing in my power to bring about the selection of United States Senators by the direct vote of the people and thus remove this disturbing factor from the function of a legislator, who can thereby apply himself fully to the enactment of proper laws and to the repeal of improper laws and special privileges.

I also pledge myself, if successful, to oppose whatever legislation may be proposed that will favorably effect any individual or coporation at the expense of our people; and especially to investigate and devise a more equitable distribution of the heavy burden of taxation that Kent and other agricultural sections of the State struggle under by reason of the exemption or lightened share that certain corporations, coal land owners and the owners of large values in our chief City's real estate enjoy, and in all acts of legislation to submit to the expressed wishes of the constituency that I hope to represent.

Very respectfully,

CECIL R. ATKINSON,
Box 33, Chestertown, Md.

Some of the Best Crops of Wheat

Grown in the State were from

Wilbur W. Hubbard's Standard Bone Fertilizers

Last year we made for Dr. Isaac Barber, the ex-Congressman and Mr. G. M. Wingard, the machinist of Easton, a lot of fertilizer that contained 1400 lbs. of Dissolved Animal Bone, 400 lbs. of Bone Tankings, 200 lbs. of Muriate of Potash. Total, 2000 lbs. Dr. Barber we have not heard from, but the following is what Mr. Wingard has to say:

Easton, Md., Aug. 1st, 1906.
WILBUR W. HUBBARD, Esq., Chestertown, Md.—Dear Sir—That goods you made for me last fall certainly gave satisfaction. In the spring our wheat looked like other people's. We feared that we would only have half a crop, although as I told you when I got you to make this goods for us, I believed in a good goods and use less per acre and only used 200 lbs. on 100 acres, and threshed a few days ago from 66 acres 27 bushels per acre, from 30 acres 29½ bus.; from four acres 40 bus. per acre, and it was nice wheat, and I therefore believe it paid me better to use 10 tons of that goods than it would 20 tons of a cheap fertilizer, and my clover is splendid and about a foot high.
Respectfully,
G. M. WINGARD,
Machinist, Easton, Md.

Mr. Vincent Lee says: I used Wilbur Hubbard's fertilizer last year alongside a goods costing $3.50 more per ton and marked the place, and when the wheat was examined by people who came to see it, Hubbards was generally acknowledged to be as good or better.

Mr. Wm. Clark, on H. H. Barroll's farm, near St. Paul's Church, says that Hubbard's fertilizer certainly did splendidly for him this time, and that part of it threshed out 24 bushels per acre.

Mr. E. D. Reed, who owns a threshing rig, under date of July 29th, certifies that Wilbur Hubbard's fertilizers for the last three years have yielded 3 to 5 bushels more per acre than others used in competition, and that the farmers are appreciating their value.

Mr. H. H. Klinefelter says: I have used 90 to 100 tons of Hubbard's goods per year for ten years, and I expect to continue to use them.

Mr. Jno. T. Jones, of Barclay, Md., says: I sold and used 40 tons of Hubbard's in 1903, 60 tons in 1904, 165 tons in 1905, and will need over 200 tons to supply my trade this fall.

Mr. Cad L. Phillips, of Laurel, Del., says: I have sold and used Hubbard's fertilizers for 20 consecutive years, and this year it will take me 150 to 200 tons.

Mr. John H. Evans, of Queen Anne's, uses 75 to 100 tons of our goods per annum, and says this year by actual test Hubbard's was the best, and expects to use it again.

Mr. J. B. Hossenger says Hubbard's fertilizers give him satisfaction, and that is why he places his order for 28 tons this year.

Wilbur W. Hubbard,
CHESTERTOWN, MD.

REMOVAL NOTICE!

A. LEVINE

Watchmaker, Jeweler and Optician

Begs to announce to his patrons and the public generally that he will remove this week to the S. F. Smith store room, opposite the Voshell House and one door below Bartleys's big furniture store.
Wishing all a most joyous Christmas season and a happy and prosperous New Year, I am
Respectfully,
A. LEVINE,
Watchmaker, Jeweler and Optician

A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address *free*, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of.

The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

FARMERS, TAKE NOTICE

THIS IS WHAT YOU NEED. THE

AMERICAN "FOUNTAINE" CORN SHOCK BINDER

Saves labor of one man. Pays for itself in a few hours. It prevents corn shocks from falling or being blown down. Prevents shocks from getting wet inside when it rains. One man alone can operate it perfectly, and with it can bind shocks as rapidly as twelve or fifteen men can cut and set up the corn. One man can easily apply a pressure of 600 lbs. to to the top of a shock. Weighs only 3 lbs. Don't wait until you are ready to cut your corn, but order to-day.

PATENTED JAN. 5, 1904.

Saves Labor of One Man.

Delivered by Express Postpaid, or through Agents, for $2.00.

AGENTS WANTED throughout the county. Dealers supplied. Send for booklet, etc. AMERICAN SHOCK BINDER CORPORATION.

NOTICE.

The undersigned, a graduate of Washington College, of the class of 1900 of the Law Department of the University of Pennsylvania, announces his removal from Philadelphia to Chestertown where he will engage in the practice of law, having passed the Maryland State Bar Examination.

HERBERT E. PERKINS,
Attorney-at-Law,
Office on Court St. opposite Court House.

Died in Broad Street Station.

Mrs. Mary Denny, of Smyrna, Del., aged 71 years, died suddenly, in the restaurant at Broad Street Station, Philadelphia, on Friday last, of heart failure. She was on her way home from Atlantic City, accompanied by her nurse, Miss Frances Naylor. They entered the dining room about five o'clock, and knowing that Mrs. Denny's health was not good her nurse asked her how she was enjoying the meal. "Very much. I am feeling excellent," was the reply, but the words had scarcely left her lips when her head fell forward on her breast. Seeing that something was wrong, the nurse summoned a head steward, who called Dr. Niedermaier, one of the Pennsylvania Railroad Co's. physicians. The physician was at Mrs. Denny's side in five minutes and he pronounced her dead. Although the restaurant was crowded not a guest knew that death had entered their midst. So careful were the stewards to avoid excitement. The deceased was the widow of J. Wesley Denny, for years one of the leading druggists of Smyrna. She was very well-known in the upper party of Kent county and was a woman who was noted for her charity.

WORTON ITEMS.

Mr. Carr, of Aberdeen, is the guest of Mr. and Mrs. A. S. Turner.

Miss Mary Krusen, of near Betterton, is spending sometime at the home of her sister, Mrs. Hickman.

Miss Mable Gears has returned home after a pleasant visit to Miss Sylvia and Evelyn Carter, of near Lynch's.

Miss Florence Jones, of Rock Hall, is the guest of her cousins, Miss Florence and Gussie Jones.

During the hard storm of Tuesday. Mrs. Grollman, a lady just recently moved into our town, was struck by lightning, but we hope not seriously.

Mrs. Jennie Geyser has been quite sick but is better at this writing.

Mrs. Sadie Brown and children, of Baltimore, are visiting her mother, Mrs. Sarah Anderson.

Mrs. Sara Brown, of Baltimore, is visiting at the home of Mrs. G. N. Cooper.

New Officers of the G. A. R.—Thirty six Marylanders marched with the G. A. R. in the recent parade in Minneapolis during the recent National Encampment and were heartily greeted. R. B. Brown, of Zanesville, O., was chosen Commander-in-Chief to succeed Corporal Tanner. William H. Armstong, of Indianapolis, Senior. and E. B. Fenton, of Detroit, Junior Vice-Commander; Archbishop John Ireland, of St. Paul, Chaplain-in-Chief, and W. H. Johnson, of Lincoln, Neb., Surgeon General. The staff officers will be announced later.

Try This One.

Did you ever try this one? Take any number between one and nine. Add one to it. Multiply by nine. Cross out the left hand figure. Add fourteen. Add the original number selected. Then follow the advice of the answer.—Pittsburg Post.

—THE—

Mutual Fire Insurance Co.

OF KENT COUNTY,

during the past nine years has returned to the holders of its policies, where the policies have been cancelled, $39,000.00.

The accounts of its policy holders show that for the same period the actual cost of insurance has not been more than 66 per cent. of the premium paid, and that policies only nine year old have now standing to their credit 33 per cent. of the amonts paid it.

If you wish to diminish the estimate cost of your insurance, insure your property in the
