It's certain you don't like needless lifting. So get a waist low

SHARPLES

Dairy Tubular Cream Separator.

Here are five separators—the largest Sharples Dairy Tubular in the middle and two "back breakers" on each side. The machines are all set so the crank axles are level. Which kind for you? The girl is 5 feet 4 inches tall. We handle Tubulars exclusively. Tubulars have waist-low supply cans and other advantages over all other separators. Call and examine Tubular.

Chestertown, Naryland.

TOWN PLAYGROUND.

Children Outside Big Cities Need Amusements Too.

From the New York Tribrne.

A playground for country children is a new idea. That the city child needs one is obvious enough, but it doesn't seem to have occurred to any ore heretofore that the country child is suffering for opportunities to play. The Playground Association has now taken the idea up, however, and in connection with its play congress, held in New York from September 8 to September 12, called a conference of country school superintendents to discuss the country playground and athletic field as a means of keeping country boys happy on the farms. Professor L. H. Bailey, a member of President Roosevelt's commission to investigate country conditions, with the idea of making farm life pleasanter, will take part in the conference.

The Playground Association, of which President Roosevelt is honorary president, also recognizes the need for playgrounds in the smaller towns and cities, and has instituted a national campaign to induce them to secure ground for playgrounds while land is cheap and before all the valuable sites are used up. Many of the larger cities find that they have waited too long, and in some cases have had to pay millions for a few breathing spots.

The gift of a playground to Sag Harbor by Mrs. Russell Sage is directly in line with this effort of the association to secure playgrounds for the smaller communities, and Mrs. Sage has adopted its suggestions as to the equipment. The place will be not only a playground for the children, but a public park, where grown people can have picnics, go drving or spend the evening. Equal attention will be paid to the needs of both boys and girls and special provision will be made for the smaller children. When the improvements are completed the people of Sag Harbor, both large and small will have an ideal place for all sorts of outdoor pleasures.

Large Ears Corn.

Mr. J. Louis Evans, of the Queen Annes National Bank, had on exhibition in Centreville the latter part of the last week, three ears of yellow corn which were grown on his farm near Centreville. t is a new breed of corn, he having secured it from Mr. Alday Clements, of Kent county. The largest ear measured fifteen inches in length, and the combined weight of the three ears was 81 ounces, averaging 27 ounces each. Mr. Evans planted fifteen bushels of the new variety of seed, and stated that had the year been a favorable one he would have easily averaged 60 bushels of corn to the acre. As it is he has a much better crop than many in his immediate vicinity. The variety is known as "Yellow Dent."

Profitable dairying, that is, increasing the quantity as well as the quality of the milk, is now positively assured by giving with the feed Fairfield's Milk Producer. Successful dairymen are fast dropping all experimenting, no matter how promising, and are confining themselves to this remarkable cattle tonic. Sold under guarantee by Davis & Satterfield.

Daily reports from various agricultural stations show that the Fairfield method of banishing "cure-alls" and adapting a formula to meet conditions peculiar to each animal, is the surest way to get results. Fairfield's Milk Producer is making money for every cow owner. Sold under guarantee by Davis & Satterfield.

That a horse sometimes becomes "run down," much after the fashion of a human being, is now recognised as a fact by the best Veterinaries. It is also agreed that the surest remedy is one that makes blood, thereby vitalizing the nervous system. Such treatment is best secured in Fairfield's Blood Tonic for horses. Sold under guarantee by Davis & Satterfield.

The working capacity of any horse can be practically doubled by giving regularly with its feed Fairfield's Blood Tonic for Horses. Nothing is better for the general health of the horse. Sold under guarantee by Davis & Satterfield.

In its success in preventing cholera and disease, Fairfield's Hog Tonic has accomplished more than any other single agent in saving the farmer from this former great source of loss. Hogs fatten more quickly under this treatment and with this possibility of loss removed hog raising is now very profitable. Sold under guarantee by Davis & Sattetfield.

It has been commonly considered that a fowl which has suffered from Roup never fully recovers but this theory is now upset by the guarantee that goes with Fairfield's Roup Remedy. Poultry owners agree that results are permanent under this treatment and that afflicted birds recover completely. There is no record of a refund having been asked for under the guarantee. Sold under guarantee by Davis & Satterfield.

To make two dozen eggs grow where one dozen was produced before seems to be no difficult thing for Fairfield's Poultry Tonic. An iron clad guarantee protects every purchaser. Sold under guarantee by Davis & Satterfield.

Poultry lay and grow fat in proportion as they are cared for properly. Tone them up, give them just a little help with Fairfield's Poultry Tonic. In this way many a losing poultry venture has been made to pay. Sold under guarantee by Davis & Satterfield.

DRY GOODS, NOTIONS

AND

MILLINERY

Special Clearance Sale

OF ALL

SUMMER DRY GOODS

THIS is the season of the year when the wise merchant gets ready to say good-bye to the balance of his summer stock. All the best authorities on store-keeping are agreed that no distinctively seasonable goods should be carried over from one season to another—that they should we "hustled" out, even at a considerable loss if necessary, in order to provide room and CASH.

Abont now we thing is a good date for a Summer Clearance Sale.

The power of price, as we have figured it down, cannot fail to make a clean sweep of such desirable merchandise.

Millinery, Millinery,

AT HALF PRICE

It will not be necessary to add another word to this statement, as the class of Millinery Handled by us is too well-known to need further comment.
