The Famous Rayo Lamp

The best part of the day is the evening, when the whole family is gathered together around the lamp.

The old days of the smoky fireplace and flickering candle are gone forever. In their place have come the convenient oil stove and the indispensable Rayo Lamp.

There are to-day, in the United States alone, more than 3,000,000 of these Rayo lamps, giving their clear, white light to more than 3,000,000 homes.

Other lamps cost more, but you cannot get a better light than the low-priced Rayo gives. It has become so popular we may almost call it **"the official lamp of the American family."**

The Rayo is made of solid brass, with handsome nickel finish—an ornament anywhere.

Ask your dealer for a Rayo lamp; or write for descriptive circular to any agency of the

Relieves Backache Instantly

Sloan's Liniment is a great remedy for backache. It penetrates and relieves the pain instantly—no rubbing necessary—just lay it on lightly.

Here's Proof.

"I had my back hurt in the Boer War and in San Francisco two years ago I was hit by a street car in the same place. I tried all kinds of dope without success. Two weeks ago I saw your liniment in a drug store and got a bottle to try. The first application caused instant relief, and now except for a little stiffness, I am almost well."

Foley Kidney Pills

TONIC IN ACTION - QUICK IN RESULTS

Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION of the KIDNEYS, INFLAMMATION of the BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

HAVE HIGHEST RECOMMENDATION

S. A. Davis, 627 Washington St., Connersville, Ind., is in his 85th year. He writes us: "I have lately suffered much from my kidneys and bladder I had severe backaches and my kidney action was too frequent, causing me to lose much sleep at night, and in my bladder there was constant pain. I took Foley Kidney Pills for some time, and am now free of all trouble and again able to be up and around. Foley Kidney Pills have my highest recommendation."

M. A. TOULSON.

A BIG WEEK

"Every farmer in Maryland who attends the Maryland Week Exposition will receive twenty-five dollars. Suppose the State Horticultural Society were to make such an announcement—the big armory building would not hold the crowds," said H. J. Patterson, Master of the State Grange, a day or two ago, "and yet," he continued, "every farmer who attends the sessions of the affiliated associations, listens to the lectures and addresses, and sees the exhibits will undoubtedly find that he has received not only twenty-five dollars, but hundreds of dollars, in the knowledge imparted to him which he only needs to apply in a practical way on his own farm to realize the cash."

J. H. Hale, the "Peach King," who raises and ships more peaches than any other man in the world, and who has been raising peaches and apples since 1869, will give those who visit the exposition the benefit of his best experience in "Growing and distributing the peach."

Will Otwell, who superintends the work of nearly 40,000 boys in raising corn for premiums, will be on hand to tell in detail how to get the largest number of bushels from the acre while conserving the land for other crops.

Then, there is a man from the Hood River Valley who will lecture on and demonstrate how to pack fruit so that it will bring the highest market price.

Another man, H. A. Huston, of the Indiana Experiment Station, who will tell "How to raise more fruit and less wood in the orchard."

F. A. Waugh, the fruit tree sharp, head of the Division of Horticulture of the Massachusetts Agricultural College, who writes books on fruit growing, and who will discuss "The variety problem, with special reference to apples."

During every minute of the exposition which begins on December 4 and ends December 9, there will be something new to instruct, entertain and amuse. Aside from the exhibits, which will be the largest and best ever shown in a similar exhibition in Maryland, after the serious business of the meetings during the day, there will be entertainments at night—every night.

President Taft has promised to be at the exposition and many distinguished personages connected with the national government at Washington, all of whom will speak; and it is more than possible that Former President Theodore Roosevelt will be there.

A couple dozen governors of as many of the United States will be on hand, and not less than a couple of dozen presidents of the big railway and steamship lines, all interested in how to make bigger and better crops and a more prosperous country.

HICKS FOR DECEMBER.

Rev. Irl R. Hicks' horoscope for December is illustrated with scenes of a chilling character. When one views them one instinctively commences to shiver and wish to back up to a hearth filled with blazing logs. Snow banks, snow and then more snow are the subjects with which he provides his readers in his almanic for December 1911. His forecast, also, make anything but cheerful reading, and those who may have any spare cash after furnishing the annual outlay for Christmas presents and the "bird" which is usually found the centre of attraction on the table in almost every American home, may just as well make up their minds to hoard the remainder from the wrecked pocketbook and hand it over to the coal man. From the very start of December until its close Rev. Mr. Hicks says we are going to have a blizzardy time, with thunder and lightning thrown for extra frills, but the prophet doesn't ask any extra compensation for this additional information.

There'll be a howling time—that is, old Boreas will do the vociferous act—from the 2d to the 7th. The reason assigned by Prophet Hicks for this is that the moon will be on the celestial equator on the 1st, when the barometer will begin to fall, followed by general winter storms. To get him correctly we quote: "Rain will turn to heavy sleet and snow, and fierce gales and blizzards will sweep most parts of sea and land." That is the exact prognostication of a certain event happening to the exclusion of many other events, all equally probable. Now, if that hasn't got the reader going equally as well as Prophet Hicks when he speaks of apogee, perigee celestial equators and other things pertaining to the etheral world, then we'll not try to pry loose any more vocabulary, prose or otherwise. But to resume:

Seismic shakes are also predicted to take place between the 2d and the 8th, followed by a great cold wave which will spread to the South and East from the 5th to the 10th. Get your furnace in trim and shovel in the black diamonds!

The magnetic and electric crisis of winter solstice is central on the 11th, 12th and 13th, which will bring a reactionary storm period. It will be a bad time for those who go down to the sea in ships, and will also be perilous for those who tread terra firma.

We are to have a respite, however, from the severity of winter weather, for Seer Hicks promises that it will suddenly change to warmer from the 13 to the 17th, when we will possibly have a little display in the way of lightning, thunder and rain. Then it will get colder again with sweeping gales from the rear of storm area. Renewed rain and snow from the 20th to the 22d will bring warmer weather. Along about this time the new moon will be in trouble, for the seer says that the disturbances will center about Luna. Then we're going to have more snow, "and winter's cold will tighten its grip with the high barometer following storms."

Although he doesn't say so, it is highly probable that we'll not have "a green Christmas to make a fat graveyard." Seer Hicks leaves the date of old Santa's visit a blank as far as weather conditions are concerned, but the old fellow may feel pretty safe in donning his furs, for he'll find plenty of snow left over from previous storms. Rain, thunder, lightning, snow and sleet are some of the things Seer Hicks tells us we may expect as we cross the threshold into 1912, but we'll get rid of the opening of the "spring election boxes," all the tumult of the election will have been a thing of the past, even if we do have to listen to the squabblings of the doings at the session of the proposed extra call of the Legislature.

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N.Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N.Y., on every bottle.

Cured in His Own Home Town

HAGERSTOWN, MD., J. G. Criswell, 540 N. Mulberry Street, a well known painter, tells the way for his fellow townsmen to be cured of kidney and bladder ailments as he himself was cured. "For he last four or five years I have had kidney trouble. There was a severe pain across my back and I could hardly get up after sitting down. The action of my bladder was too frequent, and one day a friend advised me to take Foley Kidney Pills, which I did. Within a few days time the pain left my back and I can now get up and down as well as ever. The action of my bladder became normal and regular, and all this benefit I derived from the use of two bottles of Foley Kidney Pills." Sold by M. A. Toulson, druggist.
