Read what Mr. Wm. D. Carter says about

The New Superior Drill

Worton, Md., Dec. 1, 1907.
Davis & Satterfield,
Chestertown, Md.:
Gentlemen:—It gives me great pleasure to say that the new "Y" spouts you put on the Superior Fertilizer Finger Grain Drill this fall gave me perfect satisfaction. I consider the Superior Drill one of the best on the market. It is light running and is so easy and simple in the change of quantities in both grain and fertilizer, that it makes me believe the drill has its right name—"Superior."
Yours truly,
W. D. CARTER.

We warrant this machine to do satisfactory work or no pay. Light draft, simple to operate, a regular distributer of both grain and fertilizer. All we ask is a fair inspection and an honest judgment.

We solicit your patronage,
