KENT NEWS.

THE KENT NEWS

CHESTER TOWN, MD.

Saturday, March 20, 1847.

Kent County Court

Commenced its March Session on Monday last and adjourned on Friday afternoon. The Session was a pleasant and agreeable one as we are informed. Several amusing incidents occurred, and the Lawyers (who seem to be a good natured, jolly set of people) are generally fond of fun.

The Trials were principally on the criminal docket. One Joseph Richardson (fn.) alias Henry Smith, was convicted under three Indictments, and the aggregate of his sentences to the Penitentiary, is twenty nine years. Another (fn.) convicted of Larceny was sentenced to 18 months confinement.

The War.

Capt. Archer is here enlisting for the Army in Mexico. As the pleasant seasons of the year are about to commence and as the war, may be a short, and we hope, a bloodless one, it might possibly suit some of our county men, to make a pleasant excursion to Mexico. See advertisement of Capt. Ain another column.

Later from the Squadron.

The Washington Union on Monday evening states that letters have been received in Washington, which indicate the greatest harmony and concert of movements between our squadron and our army. As is already known to the country, the transports with troops on board to rendezvous at the island of Lobos, a tolerably secure anchorage near the main land, and some 60 miles to the southward, and eastward of Tampico. A number of these transports had already arrived at Lobos.—According to the following memorandum, which we have reason to believe may be relied on, there were at the date of the last accounts not more than 2,800 troops, including national militia, in the city of Vera Cruz; and although this number may be increased by other drafts from the militia, (national guard,) it is improbable that there can be much addition to the troops of the line, between that time and the date of the contemplated attack. Indeed, so straitened is the enemy for funds and supplies of all kinds, that it is extremely doubtful whether a further increase would redound to his advantage. The more persons that are shut up within the walls of the city, the more speedy, from a want of provisions, must be its capitulation. With the city, it is presumed, falls the castle of Ulua, and for the same reason.

We understand that there are two points at which the debarcation of our troops may be effected—the one due west from the island of Sacrificios, and within a mile and a half of the eastern walls of the city, and the other immediately abreast of the anchorage of Anton Lizardo. Our squadron will be able to cover that landing of our troops with ease, at which ever of these points it may be made.

Memorandum.—The parties at present in Mexico, are composed as follows:

The monarchists, the centralists, the high federalist, the moderate federalists, the clerical, and the military. The only one of these parties which gives a cordial support to the administration and Congress, in the measures against the church property, is the high federalist party. The others unite, more or less, with the clergy in their opposition to it. This opposition is very great. In several of the States, it has been impossible to issue the decree, in consequence of the refusal of the proper officers to sign it. In Queretaro, several riots occurred upon its publication, and the States of Queretaro, Puebla, and Mexico have formally protested against it. A proposition has been made in the State Congress of Vera Cruz, held at Jalapa, to protest against it also, but has not yet been acted upon.

Although this law was passed on the 11th of January, and several decrees, for the purpose of carrying it out, had been issued by the Vice President, up to the 25th of January, nothing had been done in the matter. All the ministers had resigned, it is believed, in consequence of these difficulties, except Ladron de Gerevara, the Minister of Justice and Ecclesiastical Affairs; and he had been but recently inducted in to office, in plaze of Lopez Nana, the former minister, who had resigned a short time previously. The clergy had, in several instances, both in Mexico and Puebla, shut up their churches, and a portion of the press is daily denouncing the government in the most abusive terms, exciting the people to open revolt. It is believed that it will be impossible to carry out the measure; and that, if it is persisted in, a revolution will be the consequence, and that Santa Anna will be thrown of power. In the meantime, it is rumored, that the latter meditates the assumption of dictatorial power. Mazatlan has already, declared for a dictatorial power. Mazatlan has already declared for a dictatorship, and it is rumored that the troops in San Luis Potosi have done the same. It was formally announced to Congress, by the administration, a few days ago, that the latter had been unable to negotiate a loan of a million of dollars, authorized by the former, on the 30th December. So that it seems, the government is entirely without resources. In the meantime, the troops everywhere are suffering for not only the want of proper munition of war, but for necessary rations and clothing. Santa Anna declares that he is unable to move from San Luis Potosio for want of funds.

The latest financial move made in Congress (January 25th) was the reference of instructions to the committee on ways and means, to report within three days, a project for raising funds to defray the expenses of the war, for six months.

The Vera Cruz papers speak of the contemplated attack of Gen. Scott, and recommend that a force of three thousand men be stationed at Encery, about eighty miles from Vera Cruz on the road to Mexico, for the purpose of being moved towards Vera Cruz, upon the first alarm. "The Locomotor" states that there are four defiles, or passes, on the road to Mexico, which might be held by a handful of men and a few pieces of artillery, against any numbers, as there are certain heights at these passes, whence the road winding about, may be enfiladed for several hours. These passes are Puerte Nacional, about 30 miles from Vera Cruz, Plan del Rio, about 50 miles from Vera Cruz; Cerro Gordo, distance not known, and La Hona, distance also unknown. The first two or now being fortified.

A proposition was recently made in the State Congress to appoint De Soto (the present governor) dictator of the State of Vera Cruz, but was negatived. The city of Vera Cruz has been declared in a state of siege, and under martial law and a war tax of 50 cents on every ten dollars per month, has been levied on all persons whose incomes equal or exceed $1 00 per diem.

Gen'l La Vega has recently been appointed commandant general of Vera Cruz.

LATER FROM TAMPICO,

Departure of General Scott for the island of Lobos—Proclamation of Santa Anna—Destitution in the ranks of the Mexican Army, &c.

By the arrival at New Orleans on the 7th inst., of the schooner Abby Morton, Captain Cornish, from Tampico, the 24th ult., we have intelligence thence up to that date.

Gen. Scott, the commander in chief, arrived off Tampico on Thursday evening, the 18th ult., but did not come ashore until Friday morning, previous to which he received a "thundering welcome." He seemed to be in fine health and spirits. After receiving the congratulations of a great number of the citizens, he proceeded to General Patterson's headquarters.

On the 21st, he embarked with his suite on board the steamship Massachusetts, to proceed, no doubt, to the Island of the Lobos. The four brigades under Generals Twiggs, Pillow, Quitman and Shields are embarking, probably for the same destination, although nothing positive in relation thereto was promulgated to the inhabitants of Tampico. The Sentinel says "the destination of these troops is very properly left to the fruitful imagination of the public; for what is the value of a secret if it is in the possession of every one."

About 2,000 troops had left Tampico for Lobos, and all the vessels were hauling in to take on board the remainder of the troops. The steam ship Eudora was to leave on the 24th ultimo for Lobos, and thence for this port.

The brigade of Gen. Worth had not reached Tampico on the 26th ult., but was hourly expected.

The scene in and about Tampico is stated to be stirring in the extreme. Reviews of troops, in regiments and brigades, ware daily taking place; vessels were continually arriving with goods, merchandize, military stores, &c.; the American population were all in intense excitement, regarding coming events. Every thing announced action, in its utmost intensity. All quiet, with regard to the enemy, in the interior.

The Tampico Sentunel, of the 20th ultimo, publishes a proclamation from Santa Anna. The distress pervading his army which it paints, is really unexampled in modern history. Since the publication of that document he has issued an address to the soldiers, in which he reiterates the helplessness and destitution of those under him, and states his determination of immediately proceeding forth in search of the enemy—advising the soldiers, as they are deserted by the Government, that they must endeavor to "kill what they eat."

APPOINTMENTS

OF THE MD. ANNUAL CONFERENCE OF M. P. CHURCH.

ELI HENKLE, *President.*

Wilmington Station—T L McClean.
Alexandria " —S B Southerland.
George Town " —William Colier.
Hagerstown " —John Roberts.

Charleston (S C) Station—S K Cox.

F Stier, Dr J S Reese, A S Eversole, W J Dale, J T Ward, J K Nichols, all were left without appointments at their own request.

[COMMUNICATED.]

The following bill was introduced by Mr. Spencer, from the committee of Ways and Means, and was intended as a substitute for Dr Orrick's celebrated bill in relation to Quacks and Quackery. The late day, however, at which it was reported did not allow sufficient time for a full deliberation and discussion upon its merits, and it was consequently lost by some 7 or 8 majority. Its friends regret this very much, as, according to a fair estimate, by the committee of Ways and Means, some twenty thousand dollars might have been added to the Treasury of our State; and this without the slightest additional burthen upon the people, as the tax would have been paid mainly by the manufacturers, who generally reside out of the State.

A BILL

Entitled, an act imposing a tax on Patent Medicines, Elixirs, Specifics and other compositions, purporting to cure diseases.

SECTION 1. *Be it enacted by the General Assembly of Marylana*, That from and after the first day of July next, there shall be levied, collected and paid in this State on all patent medicines elixirs, catholicons, specifics and other mixtures or compositions, purporting to cure diseases, when the same are sold at retail, the several stamp duties following: on every bottle, phial, jar, pot, box, package, skin or paper, or other thing, containing any of the aforesaid mixtures or compositions, or on which any of said mixtures or compositions shall be spread, if the retail price of the same is not more than fifty cents, five cents duty shall be paid; if said price is over fifty cents and not more than one dollar, ten cents duty shall be paid; if over one dollar and not more than one dollar and fifty cents, fifteen cents duty shall be paid; if over one dollar and fifty cents and not more than two dollars, twenty cents duty shall be paid; if over two dollars, twenty five cents duty shall be paid; *provided*, that every bottle, phial, jar, pot, box, skin or paper or other thing, containing any of the medicines, specifics, mixtures or compositions aforesaid, to which shall be affixed a label having legibly and intelligibly printed, engraved, or written thereon, the true ingredients of such medicine, mixture or composition, together with the correct proportion of each of said ingredients, shall be entirely exempt from any and all of the duties aforesaid. *And provided also*, that no medicine put up according to the prescription of a physician in the course of his practice shall in any case be liable to any of the aforesaid duties.

SEC. 2. *And be it enacted*, That it shall be the duty of the commissioner of stamps, to cause to be provided, so many marks and stamps differing from each other, as shall correspond with the several rates of duty aforesaid; that is to say, one mark or stamp for each distinct rate of duty; and there shall be affixed to every bottle, phial, jar, pot, skin, pot, skin, paper or other thing containing any of the aforesaid medicines, specifics or compositions and not excepted in the provisions of the first section of this act, a label which shall be marked and stamped with the mark or stamp corresponding to the duty chargeable as aforesaid; and the said several stamps and marks shall be notified by a public advertisement to be issued by the commissioner of stamps and inserted in at least two newspapers printed in the city of Baltimore, and one newspaper in each county in this State, where a newspaper is printed, and for not less than thirty days before the said first day of July next; and the said marks and stamps shall and may be altered or renewed from time to time, as the said commissioner of stamps shall think fit, so that like public notification thereof be made before such new stamps or marks shall begin to be used.

SEC. 3. *And be enacted*, That if any person shall after the first day of July next, sell at retail any bottle, phial, jar, pot, box, skin, paper or other thing containing any of the medicines, specifics, mixtures, or composition aforesaid, without having affixed thereto, either a label stamped or marked, according to the provisions of this act, or a label containing the true ingredients of said medicine, specific, mixture or composition, and the correct proportion of each of said ingredients as aforesaid, he shall forfeit for every such offence, the sum of ten dollars, to be recovered by any person sueing for the same, before a justice of the peace, or by indictment in the county courts and in Baltimore city court.

SEC. 4. *And be it enacted*, That if any person with intent to defraud this State of any sum or sums of money, directed to be paid by this act, shall counterfeit or forge, or cause to be counterfeited or forged any stamp or mark provided for and directed by this act, or shall alter, pass away, or vend any such mark or stamps, knowing the same to be forged or counterfeited, then every person so offending and being thereof convicted in due form of law, shall be adjudged to be guilty of a misdemeanor, shall be subject to be fined in any sum not exceeding five hundred dollars, and to be imprisoned for any term not exceeding four years at the discretion of the court.

ARRIVED AT CANTON.—Hon. A. H. Everett reached Canton on the 22d October, having come from Macao in the Vincennes. The American residents met him at the landing, and a procession was formed, which escorted him to the residence of P. S. Forbes, the United States Consul.

MORE M. D's.—At the recent annual commencement of the Medical College of Georgia, the degree of Doctor of Medicine was conferred upon 33 graduates. At the recent commencement of the Cincinnati Medical College, 53 young gentlemen received the diploma of Doctor of Medicine.

An Unaccountable Phenomenon.

PENSACOLA, February 27, 1847.

On Thursday of last week, (the 18th,) at half past 4 o'clock, P. M, was distinctly heard by several persons here a violent explosion, like that produced by the firing of large guns or the blasting of rocks. This was instantly followed by a whizzing noise, like that of a cannon ball passing through the air, but much more prolonged; this was succeeded again by what might have passed for the report of half a dozen or so of muskets, fired in very quick succession.—What made these unusual sounds seem the more wonderful was, that they came from the northeast, a direction in which there is scarcely a cannon short of New York, or a ledge of rocks short of the Alleghanies. On Saturday intelligence was brought here that at the same time above mentioned (Thursday, 4½ P. M.) the same sounds were heard in Mobile Bay, sixty miles west of us; that the sounds were accompanied by the sight of a large meteor, and the sound and the meteor were at the *northeast* from that point; thus showing that the phenomenon, whatever it was, was hundreds of miles away. Where and what was it? —*Gazette.*

LOSS OF THE STEAMER TWEED.—A slip from the office of the Charlestown Courier, dated the 13th March, says:

We are in possession of a copy of the *Faro Industrial de la Habana*, of the 4th inst., which gives some particulars of the wreck of the English steamer Tweed, on her voyage from Havana to Vera Cruz.—The wreck occurred on the rocks of Alacranes, on the 12th of February, at 2 o'clock in the morning, three days after her sailing from Havana. She had on board 58 passengers and a crew of 91, 29 of the former and 42 of the latter having been lost. The remainder were saved by the timely succor of the spanish brig Emilio, Captain Camp, which arrived at Havana on the 3d instant, in 6 days from Sisal, with the passengers and crew of the tweed. The total loss is considered to amount to one million of dollars.

The Emilio brought neither papers or other news from Yucatan, but having on board as a passenger General D. Miguel Barbachano, ex Governor of that Peninsula.

NAVAL.—The U. S. sloop of war Saratoga, now at the Gosport Navy Yard, in a state of great forwardness, has been ordered to be fitted for sea, forthwith. Her destination is, probably, the Gulf of Mexico. We are happy to learn, says the Courier, that the command of this noble ship, has been conferred upon our much esteemed fellow citizen and friend, Commander D. G. Farbagut. The best wishes of this community will attend him.

The iron steamer Polk, arrived at Norfolk on Sunday morning, and proceeded up to the Navy Yard. She was built at Richmond, under the superintendance of Captain H. D. Hunter, of the revenue service, but is to be commanded by Lieut. Ogden, of the navy, and is destined to the Gulf of Mexico.

AWFUL ACCIDENT.—On Thursday last, says the Lehigh Register, a son of Mr. Jacob Ritter, sedar cooper, of this place, about three years of age, was playing with a sharp edged tool, accidentally fell, the instrument made an incision of about an inch and a half on the right side of the child's neck, severing the inner jugular vein. The blood flowed very profusely, but the father, being present, immediately put his thumb upon the wound, thereby stopping the blood, until medical aid was procured. We are happy to learn that the child is doing well, though the wound is a dangerous one, and may yet possibly prove fatal.

SENTENCED TO BE HUNG.—During the session of the Charles County Court, at Leonardtown, a negro man named Charles, the property of Mrs Ann Abell, charged with committing a rape on the person of a white female, Mrs. Teresa Davis, some time during the last fall, was arraigned and tried. The facts as alleged in the indictment were all proven by Mrs. Davis, who, with great reluctance, was compelled to give in her evidence. The sentence of death was pronounced on him by Judge Key.

FROM GALVESTON.—The steamer Galveston arrived at New Orleans on the 7th inst. from that port, having left on the 5th. Advices have been received by her, that the Indians were giving much trouble, and committing many excesses. Col. Hays came passenger in the Galveston, and we learn, proceeds to Washington, with a view to obtain from the government, authority to raise a force to repel the incursions of the Indians.

MURDERED.—Major Samuel D. Reid, says the Charleston (S. C.) Mercury, a respectable planter of Green county, residing about seven miles from Greensboro', S. C., at Hobdy, where he kept the post-office, was shot on the night of Wednesday, the 14th ult. while passing from the office to his room. He was dead before his son could reach him. One of his negroes has since confessed the crime, and implicated three others; they have all been arrested.

A LETTER from Washington says: It is not generally known, and it will be interesting to some parties concerned, that the Joint Resolution, of the 3d March, for refunding monies advanced for the organization, supplies, transportation, &c. of volunteers, embraces *individuals* who have made advances for these purposes.

Two hundred and two suicides were committed in the United States last year.—Of this number 38 were by cutting the throat; 51 hanging; 29 shooting; 25 drowning; 22 poison; 10 jumping from a height; 6 stabbing; 6 under Railroad cars. Of this number 59 were insane, 15 drunk 18 filled with remorse and despair.

THE ship Columbia, Malet, from Havre, arrived at Charleston on Thursday last Captain M. left Havre on the 3d of February, but brought no newspapers or mercantile letters for that city.

COUNTERFEITING PATENT MEDICINES.—Wm. H. Millitt, has been arrested in New York, on complaint of Seth W. Fowle of Boston, for counterfeiting the medicine called Wistar's Balsam of Wild Cherry, together with the bottles and labels for the same. Mr. Fowle affirms that in the year 1844 he purchased the right to compound and vend the same medicine of a Mr. Butts, and that in such purchase and in the pursuit of the business connected with it, he has expended the sum of $50,000. Millitt was held to bail on the charge.

MURDER OF A YOUNG GIRL.—The Muscogee Democrat mentions that on Wednesday night week, a young woman by the name of Mary Ann Cosy, while walking home with her two sisters and a young man, was shot in that city by a man of the name of Butler. The ball entered her head just above the right eye, and no hopes were entertained for her recovery. Butler was identified, arrested, and bound over to stand his trial.

SALE OF THE MAIN LINE.—A bill is before the Pennsylvania Legislature, authorising the sale of the main line of public improvements. It proposes to sell to a company to be incorporated a moiety of the work for $10,000,000—the other half to be retained by the State. By this operation, the State would make $3,000,000, and reduce her debt the $10,000,000; and the annual interest $500,000.

THE LICENSE LAW.—Chief Justice Wells, residing in the Municipal Court of Boston, has stated that in sentencing for violations of the license law, the court would hereafter require the convicted parties to give bonds for his future good behaviour during one year, and that in case of a violation of the license law within that time, the laws would be rigidly enforced, both upon the guilty party and the bail.

ROBBERY OF AN ACTOR.—At Richmond, on Saturday night last, between 9 and 10 o'clock, the room of Mr. Shaw, (of the theatre,) in the neighborhood of the Universalist Church, was entered by breaking through a rear window, and robbed of sundry articles of wearing apparel, and about $40 in money.

☞The College of New Jersey, at Princeton, has a greater number of students now at the close of the first century of its existence than was ever before connected with it any one time, viz: 1 resident graduate; 65 seniors; 88 sophomores; 88 sophomores 20 freshmen. Total, 256.

NAVIGATION.—We hear from Harrisburg that the canal from that place west, is in good order, and boats passing briskly.—The Susquehanna river is also in fine running order; the late rains having caused it to rise considerably.

☞A living collection of rare and curious plants has just been received from Tampico, and placed in the national conservatory at the Patent office. They are a present from Major General Patterson.

TOM Thumb has purchased a beautiful country seat in Connecticut, to which he will positively retire after making a brief visit to the principal cities of the Union.

REDUCTION OF FARE.—The fare on the Philadelphia Railroad, has been reduced to $3 in the first class cars, and $2 in the second class cars.

THE Annual Conference of the M. E. Church, will meet in St Paul's Church, Wilmington, Del., on Wednesday, the 31st of the present month.

A vender of fish and vegetables, named Henry Ellis, has been arrested, in Brooklyn, charged with having attempted to destroy his wife by giving her poison.

THE wages of the carpet weavers at the manufactories in Thompsonville and Tariffville, Conn., have been lately advanced.

☞Ex-President Adams is still at the seat of government. He is to sit to Powell, the portrait painter, before leaving Washington.

☞A subscription has been opened at Wickford, R. I., for the stock of a new steam cotton mill, to cost $100,000. The subscriptions in the village amount to $40,000.

☞Edward Lucas has received the appointment of paymaster at the United States armory at Harper's Ferry, vice Richard Parker, resigned.

THE WHEAT CROP.—The Ohio Cultivator believes that this important crop, throughout that State, was much injured by the weather.

DR Hollick is now lecturing in Norfolk on Physiology, &c., and is expected to visit Baltimore in the course of a week.

IT is stated that mules equal to those purchased for the army at $50 or $60 each, could have been procured in Mexico for $15.

THE amount received by the Relief Committee in Albany up to Saturday last, is $8,268 82.

HON. W. C. Rivers has been elected President of the Virginia Historical Society.

☞Wild pigeons are selling in the streets of Cincinnati at 40 cents a dozen.

Markets.

Baltimore, March 9, 1847.

MARRIED.

On Tuesday last, by Rev. Mr. Roby, Mr. Sam'l E. Baker to Miss Mary Ann Lamb, all of this county.

DIED.

In Cecil county on the 8th inst., Mrs. Sarah C. Staats, wife of Mr. David Staats and daughter of the late Jeremiah Boots, of a pulmonary disease of eight weeks duration, which she bore with christian fortitude resignation.

In Morgan Creek on Monday last, after a short illness, Mrs. Nancy Mansfield, consort of Mr. John Mansfield.

☞Among other Goods received by Wickes & Bro. are some fine Black Cloths, French "Doeskins" and superior silk vestings. Those in want of such goods ought to call and examine them.

☞Reader, is it not strange that men will wear so much hair on their face, when John L. Stam has such good razors? We advise all who wish to make a descent appearance in the street to give him a call.

Wickes & Bro. has a fine assortment of Ladies Kid Gloves "light and dark colours;" also Linen Cambric Hank'fs from 10c up.

☞Hance's Sarsaparilla, Vegetable, or Blood PILLS—(FIFTY PILLS in a box—the cheapest Medicine ever sold)—Removing bile, correcting disorders of the stomach and bowels, costiveness, dyspepsia, swimming in the head, &c. Persons of a full habit, who are subject to headache, giddiness, drowsiness, and singing in the ears, arising from too great a flow of blood to the head, should never be without them, as many dangerous symptoms will be entirely carried off by their immediate use.

In purchasing these Pills, let me add one word of caution—Always ask for Hance's Pills, and purchase of none but those advertised as agents.

For sale by Seth S. Hance, 108 Baltimore st and corner of Charles and Pratt sts. Baltimore, and by the following agents:
Simon Wickes, Jr, Chester Town
Gooding & Frazier, Geo. Town X Roads
B C Wells, Head of Sassafras
C R Hackett, Massey's X Roads
M V Boyer, Apothecary, Millington
Wm R Forman, New Market
Samuel H Cooper, Urieville.

Let all the world know that Sellers Vermifuge is the best in use! Here is the proof.

LICKING STATION, Ky. Dec 17th, 1846.
Mr. R. E. Sellers:—I have the pleasure to inform you that I have used in my practice your celebrated Vermifuge with the most happy results. I have formerly used Fahnestock's but being persuaded to try yours, I have found it far superior in every respect, and can say without the fear of contradiction, that your Vermifuge possesses more virtue than any I ever used, and most cordially recommend it to the attention of the public. I will state a case where I gave one vial of your Vermifuge: My brother's child was *pining and wasting to a mere skeleton;* in 30 hours after I gave the Vermifuge, the enormous quantity of *upwards of six hundred worms* were passed. The child that was given up as lost, is now well and as hearty as any in the neighborhood.
AMBROSE ARNETT, M D
Those who wish, can see Dr. Arnett's letter.
Prepared and sold by R E SELLERS, No 57 Wood st Pittsburg.
E M DAWSON & BROTHER, Druggists, Easton, Md. General agents, for E Shore.
☞For sale in Chester Town by Simon Wickes, Jr. Druggist.

Hance's Compound Syrup of Horehound.
TO SETH S HANCE.—Dear Sir.—Having been afflicted with a severe cough and pain in the breast, I was persuaded by a friend to make trial of your Compound Syrup, and purchased two bottles of Mr Robt Keyworth, and am happy to say they certainly relieved me. Yours,
Sold by Seth S Hance, corner of Charles and Pratt streets, and at the new stand, 108 Baltimore st. Baltimore, and by the following agents:
Simon Wickes, Jr Chester Town
Gooding & Frazier, Geo Town X Roads
