CAN'T BE SEPARATED.

Some Chestertown People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mrs. John S. Barnes, 106 North Stokes street, Havre de Grace, Md., says: "We certainly can recommend Doan's Kidney Pills as a sure cure for kidney complaint. My husband recommended them just after he had been relieved of kidney complaint and backache from which he had suffered for years. He suffered from a lingering backache, and a continued lameness and soreness over the kidneys and the slightest over-exertion caused acute twinges to dart through him, leaving him exhausted with dull pains through his back. I got Doan's Kidney Pills for him and they seemed to fit his case exactly, relieving the pains, and he has not had a backache since. We keep Doan's Kidney Pills in the house, and he never fails to take a few doses, and they keep his kidneys in good condition. Since making the above statement four years ago my husband has enjoyed the best of health."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Annual Corn and Wheat Show.

The best animal or the biggest vegetable in any community can only be decided by its being entered in competition at an exhibition after due notice has been given that such a contest will be held. We hear a great deal from owners of the fast (?) horse that is never allowed to race with any animal but of canal boat speed; and, who is not familiar with that type of citizen found at the country fair who hasn't a bigger pumpkin, better cow or finer hog home?

Such cases are universally discounted, for while the visitors to the fair on exhibition may honestly think he has better products at home, it is a difficult matter for any one to decide which of two articles are the best unless they are both before the judge.

So it is in cereals, though it is far more important for the farmers of the country to know, not in particular who has the biggest ear of corn, or tallest stalk, but what type of corn will produce for him the most profitable crop under conditions of soil and climate, which it is to be grown.

The Maryland Cereal and Forage Crop Breeders Association are endeavoring to decide these points and solicit the co-operation of every grain grower in the State to exhibit sample of their best produce at the Wheat and Corn Show which is to be held in Baltimore at the Fifth Regiment Armory, December 1st, 2nd and 3rd, 1908.

Realizing the vast difference in type of soil within the State and the advantages some counties have over others of lighter soil, better adapted to trucking and fruits, the Association has classified the State into county, district and State contests.

In county contests will be entered all grain and seed grown in the county from which it is entered.

District contests will include all grain and seed grown in (1) the Northern District, comprising the counties of Cecil, Harford, Baltimore, Carroll, Howard, Montgomery, and Washington; (2) the Southern District, comprising the counties of Anne Arundel, Prince George, Charles, St. Mary's and Talbot; (3) the Eastern Shore Districts, comprising the counties of Kent, Queen Annes, Talbot, Caroline, Somerset, Dorchester, Wicomico and Worcestor; (4) the Mountain District, comprising the counties of Allegany and Garrett.

In the State contests will be entered all grains and seeds grown in the State.

Ample space will be provided for every exhibit, and an attractive premium list is being prepared, which will be published at an early date.

Let it be hoped sufficient local interest will be displayed in the coming exhibition, as to have on the tables a class of grain from this county such as we feel sure will score well with any other in the State.

Scott's Emulsion

of Cod Liver Oil with Hypophosphites should always be kept in the house for the following reasons:

First—Because, if any member of the family has a hard cold, it will cure it.

Second—Because, if the children are delicate and sickly, it will make them strong and well.

Third—Because, if the father or mother is losing flesh and becoming thin and emaciated, it will build them up and give them flesh and strength.

Fourth—Because it is the standard remedy in all throat and lung affections.

No household should be without it.
