Telephone Front!

Keep your telephone in front of you on the desk where it is easily accessible when you want to make a call and where it is in no danger of being knocked about. Your telephone is a delicately adjusted instrument and deserves to be handled with care. Its efficiency is impaired by rough treatment.

Keep the desk stand cords free from wet umbrellas, sponges and damp locations and away from open windows, as the telephone is very sensitive to moisture.

Coöperation Quickens Telephone Service.

THE CHESAPEAKE AND POTOMAC TELEPHONE COMPANY

THE PEOPLE'S BANK

CHESTERTOWN, MD.

IF you are a business man, if you are a professional man, if you are employed at a daily wage, make up your mind to deposit weekly a certain sum of money in the bank. You'll be surprised how the sum will grow. Cash in bank gingers up the man who has it there. He has more confidence in himself. The business man is ready for a dull season. He is ready for an opportunity.

So is the professional man. The man who is working for a daily wage and who hasn't any money in bank frequently is fearful of a loss of his situation. He does not work as well or with the confidence in himself as does the man with something laid aside for a rainy day.

BUILD UP YOUR BANK ACCOUNT.

THE PEOPLE'S BANK—The Bank that led the way in paying 4 per cent on Savings Accounts

Children Cry for Fletcher's

CASTORIA

for Infants and Children.

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, Imitations and "Just-as-good" are but Experiments, and endanger the health of Children—Experience against Experiment.

The Kind You Have Always Bought

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years

THE CENTAUR COMPANY, NEW YORK CITY.

$725 Complete F. O. B. Phila.

Mr. Watson, like thousands of othre merchants, is saving moremoney by using a VIM. He writes in part as follows:

"Gentlemen:—I formerly employed a number of horses and wagons but I am now making my deliveries with one VIM Truck. I would say it will easily do the work of two horse and wagon outfits, and costs about the same as one horse and wagon."

THOMAS WATSON, 324 N. 13th Street.

Mr. Watson is covering more territory, making more sales, developing more new business because he has a VIM. He has a graceful, "classy" car that is advertising his business. He has a sturdy, durable, economical car that stands hard work. And besides he is saving real money. **You can do the same.**

Made in Phila. by Vim Motor Truck Co.

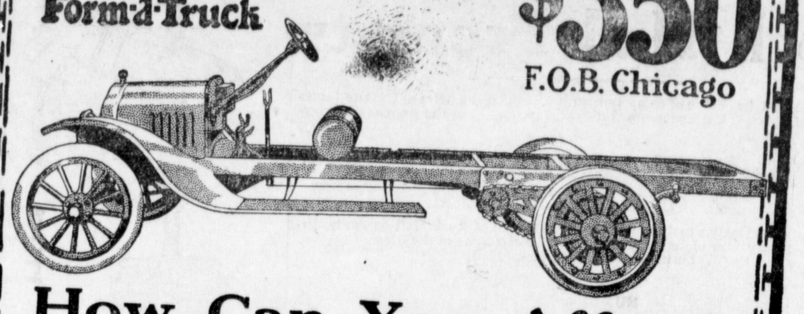
HALF-TON CAPACITY VIM DELIVERY CARS

Smith Form-a-Truck

$350 F.O.B. Chicago



How Can You Afford to Overlook This?

A MASTERPIECE of transportation design, built for your requirements—to give you the lowest hauling cost in the world and the most satisfactory service.

An attachment that makes a fully guaranteed one-ton truck out of any Ford, Maxwell, Dodge Bros., Chevrolet, Buick or Overland car. That gives you a permanent truck construction—as well built as the most costly truck you can buy—and yet cheaper in price than a good pair of horses.

A hauling unit that moves twice the tonnage moved by horses—that has demonstrated a ton-mile operating cost of less than 8 cents from records obtained from over 10,000 users in over 400 lines of work.

A sturdy truck construction that has reduced time lost out of service to a minimum. The first Smith Form-a-Truck has been in steady service for four years—has covered over 20,000 miles—hauled an average load of 2,050 pounds and cost but $8 for repairs.

A proved transportation service of wonderful day in and day out efficiency and earning power. That has added to the profits of every user by cutting down expense in the hauling and delivery departments and by eliminating unnecessary and wasteful equipment.

The Smith Form-a-Truck gives you a one-ton truck of 125 in. wheelbase; with either 9 or 12 ft. loading platform; with a sturdy double chain drive; solid truck type rear tires; a rear axle construction that supports 90% of the load carried—takes all the carrying work off the power plant and puts it on the truck construction.

Every type of body from the light, flare board express type to the big steel dumping bodies for contractors and the huge vans for movers is used on Smith Form-a Truck. There is no line of business in which the new era hauling and delivery vehicle does not find a ready place.
