NOTICE TO SICK WOMEN

Positive Proof That Lydia E. Pinkham's Vegetable Compound Relieves Suffering.

Bridgeton, N.J.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sweep a room. I doctored part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and soon felt a change for the better. I took it until I was in good healthy condition. I recommend the Pinkham remedies to all women as I have used them with such good results."—Mrs. MILFORD T. CUMMINGS, 322 Harmony St., Penn's Grove, N. J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as displacements, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.

UNCLE SAM'S CALL

Our men and boys to war must go,
Their true patriotism to show;
Young men with glad heart and hand,
So do your best to save our land.
Let there no cowards be,
Go forth manfully that your country may be free.
Uncle Sam has sent forth his call,
He sent it forth to one and all;
So answer now the call so true,
And carry with you the red, white and blue.

SUMMER MILK PRICES

The summer prices of milk in the Philadelphia market calls for a price F. O. B. Philadelphia for 3.8 percent milk of 5 cents per quart for months of May and June, 5½ cents per quart for July and August and 6½ cents for September. Reductions for freight and shipping station charges, variations for percentage of butter fat above or below 3.5 percent, and provisions for readjustment of price on July 1 are as outlined in the committee's statement. The per quart price is the basis of settlement, the average for the five summer months being 5½ cents. But the producer must pay the freight of one-half cent in the first or 23-cent freight zone and those shipping thru shipping stations must pay an additional half-cent. Thus the average price to the producer is not over 4½ cents for the first two months, 5 cents for July and August and 6 cents for September, with an average of 5 cents for the five months.

In the New York market the Dairymen's League settled with the dealers on a basis of 3 percent milk, with the price approximately 4.35 cents per quart for May, 4.13 cents for June, 4.56 cents for July and 5.5 cents for August and September. The average for the five months on the 3.5 percent fa tbasis is 5.2 cents per quart.

In the Cleveland market the Northern Ohio Milk Producers' Association settled at a price of $1.70 per hundred pounds for May and June, $1.95 for July and $2.20 for August and September. This price is an average of 4½ cents per quart for the five summer months.

The summer prices in these districts will be seen to range from 4½ cents to 5.2 cents. At present prices of dairy feeds the profit to producers will be no greater, if as great, as with the lower selling price of a year ago. In every case, however, organization has been responsible for gaining the increase that is represented over last summer's schedules. The Inter-State Milk Producers' Association has had a number of troublesome problems to develop before it was ready to take up the market question in an effective way. The organization problems are now disposed of and the summer schedule announced is the first result of the reorganized body. There is just one way to back up the committee and continue the good work. That is to join the association, get your neighbors to join, and all stand together with your dues, your cattle and your loyalty.

IN MEMORIAM

In sad but loving remembrance of a dear and loving grand-child, Medford McMullen, who departed this life one year ago. April 29, 1916.

In that sad and lonely hospital room
At Elkton near the Bay
It breaks our hearts to think
Where death took our love away.

The flowers we place upon the grave
Will wither and decay
But our love for our grand-child
Will never fade away.

God thought it best to take him home
So we should cease our grieving,
And all preparre to meet him
Where there is no death or weeping.

BY HIS GRANDMOTHER.
