For Stiff Neck

Apply Sloan's Liniment *without rubbing* to the sore leaders and the pain will soon be relieved.

For rheumatic aches, neuralgia, gout, lumbago, bruises, strains, sprains and muscle stiffness, have a bottle handy.

Quickly penetrates and soothes, cleaner than mussy plasters or ointments, does not stain the skin.

At all druggists, 25c. 50c, and $1.00.

Library Organizer Visits Town.—Miss E. W. H. Scott, Field Secretary and Library Organizer for the Maryland Public Library Commission, is in Chestertown this week. Miss Scott is going about the state, endeavoring to arouse interest in Public Libraries and their use. Many people who might use the excellent collection of books we have in our town do not do so. The library is free to every resident and might well be visited and used.

To promote this idea, Miss Scott has spoken before various local organizations and recommends that the library, which has been started and carried on thru the efforts of the members of the Woman's Literary Club of Chestertown, be made tax supported. At present the library is used by about 600 people, and is supported by a few public spirited for the benefit of many. All the people of the county may use the library.

For the benefit of those who live too far from the library to make use of it, the State Commission provides collection of books, 35 volumes, which may be borrowed upon request, if 50c for the transportation be paid. These books may be kept for four months.

Write to the Maryland Public Library Commission, Baltimore, Md.

HICKS' FORECASTS FOR MAY

A regular storm period is central on the 4th, extending from the 2nd to the 7th. Venus and Jupiter will be in very close conjunction on the 5th, Jupiter being in conjunction with Earth and Sun on the 9th. The barometer will fall and rapid change to high temperature, with rain, wind and thunder, will most probably set in over western extremes on and following the 1st and 2nd. The influence of the Mercury period will cause prolonged cloudiness, rain and threatening conditions from Thursday the 3rd, until after Sunday the 6th. On and touching the 6th, storm activities will be greatly increased and widened, amounting to a second storm center for this period.

A reactionary storm period is central on the 9th, 10th and 11th. After the storms of this period expect another rise of the barometer, shift of the winds to westerly, and a decided drop in the temperature

A regular storm period is central on the 15th, extending from the 13th to the 18th. In all western parts the barometer will begin falling by the 13th or 14th, warm southerly winds will blow, and by the 15th, storm clouds with thunder, rain and wind, will organize and take up their line of march eastwardly across the country. On and touching the 15th will bring a crisis in low barometer, change to very warm, with severe electrical storms, attended with hail in many localities. Rising barometer and cool winds from the west will announce the end of these storms.

A reactionary storm period will develop and run its course on and touching the 20th, 21st and 22nd. The Moon is also at extreme declination north on the 22nd, calling for warm, southerly winds during this period.

A regular storm period is central on the 27th, covering the 25th to the 30th. The Moon is in apogee on the 27th, on the celestial equator on the 29th. The center of this storm period is on the 27th. No doubt that regular storm forces will appear at this period, and some very severe storms may visit many sections of the country. We will specify Sunday the 27th, to Tuesday the 29th as days of greatest storm probability and activity.

PREPARING TO FEED NATIONS

The Boys' Agricultural Club, of Chestertown High School, held their monthly meeting last Friday, April 20. The County Agent, Mr. L. L. Burrell and Mr. R. F. McHenry asst. State Boys' Club Agent aroused much patriotism among the members, showing them that these meetings are in keeping with the demands of the World. There is a serious scarcity of food stuff especially grains and meats thruout the countries and Mr. Burrell urges every boy to put forth his best efforts to make the acres produce the very largest yields possible. It is an excellent idea for the boys to get interested in the tilling of the soil as the time may come when we may have to take the place of the men who are called to the service of the country.

Every boy should see that it is his patriotic duty to join these clubs as they not only realize a profit but they will be serving their country just the same as the man with his gun.

These clubs may seem insignificant when taken separately, but when taken collectively they have a magnitude of strength.

Come boys and join us and help us to relieve the suffering of humanity.

Every Housewife May Serve The Nation.

Let me suggest also that everyone who creates or cultivates a garden helps and helps greatly to solve the problem of the feeding of the nations; and that every housewife who practices strict economy puts herself in the ranks of those who serve the nation. This is the time for America to correct her unpardonable fault of wastefulness and extravagance. Let every man and every woman assume the duty of careful, provident use and expenditure as a public duty, as a dictate of patriotism which no one can now expect ever to be excused or forgiven for ignoring.

In the hope that this statement of the needs of the nation and of the world in this hour of supreme crisis may stimulate those to whom it comes and reminds all who need reminder of the solemn duties of a time such as the world has never seen before. I beg that all editors and publishers everywhere will give as prominent publication and as wide circulation as possible to this appeal. I venture to suggest also to all advertising agencies that they would perhaps render a very substantial and timely service to the country if they would give it widespead repetition. And I hope that clergymen will not think the theme of it an unworthy or inappropriate subject of comment and homily from their pulpits.

The supreme test of the nation has come. We must all speak, act and serve together!

RESOLUTIONS OF RESPECT

At a meeting of the Ladies Aid Society of the Betterton M. E. Church held April 6, 1917, the following resolutions were adopted:

Resolved, That by the death of Mrs. Martha Crew, the church, the Ladies Aid Society, and a wide circle of friends, have lost a most faithful member and a valued friend. As a member of the church and the Aid Society she will be missed beyond expression, because of her faithfulness to her church, and her never tiring efforts in behalf of its progress, so long as her physical health permitted. Therefore be it

Resolved, That we will cherish with loving remembrance her noble christian life among us. That we extend our deepest sympathy and love to her bereaved children in their great sorrow, and commend them to the Blessed Saviour, who alone can comfort in times of our deepest sorrows. Be it also

Resolved, That a copy of these resolutions be sent to the bereaved family, a copy spread on the minutes of the Ladies Aid Society of the Betterton M. E. Church and a copy sent to the county papers for publication.

MRS. THOMAS E. BRICE, Secretary.
