CLIMBED STAIRS ON HER HANDS

Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story:

Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women."—Mrs. M. O. JOHNSTON, Route D, Box 190, Richmond, Ind.
