

## USE

## Wayne Feeds

Wayne Feeds are used extensively by dairymen, livestock producers and poultrymen in Queen Anne's County, and have contributed much to the progress and development of scientific feeding throughout Eastern Shore.

There is a Wayne Feed for every feeding need. Wayne Feeds are made in the most modern and up-to-date feed mills, under the supervision of outstanding nutrition specialists. They are widely recognized throughout the country as high quality feeds that give superior results.

Wayne Poultry Feeds have long been recognized as "tops" by leading poultrymen. The fact that 1600 hatcheries use and recommend Wayne Poultry Mashes is proof enough that they produce results that please.

State and national records are being made by dairymen using Wayne Dairy Feeds. Regardless of the pasture or grain supply available, there is a Wayne Dairy Feed that will fit into your feeding program in a most economical and efficient way.

Turkey Growers on Eastern Shore are finding that Wayne Turkey Feeds help them to hold down feeding costs and produce superior quality turkeys that command top prices.

For the hog feeder, Wayne Pig Starter gives pigs a fast start that helps them produce pork rapidly and economically. One trial will convince any hog feeder that the Wayne Program is the most efficent way.

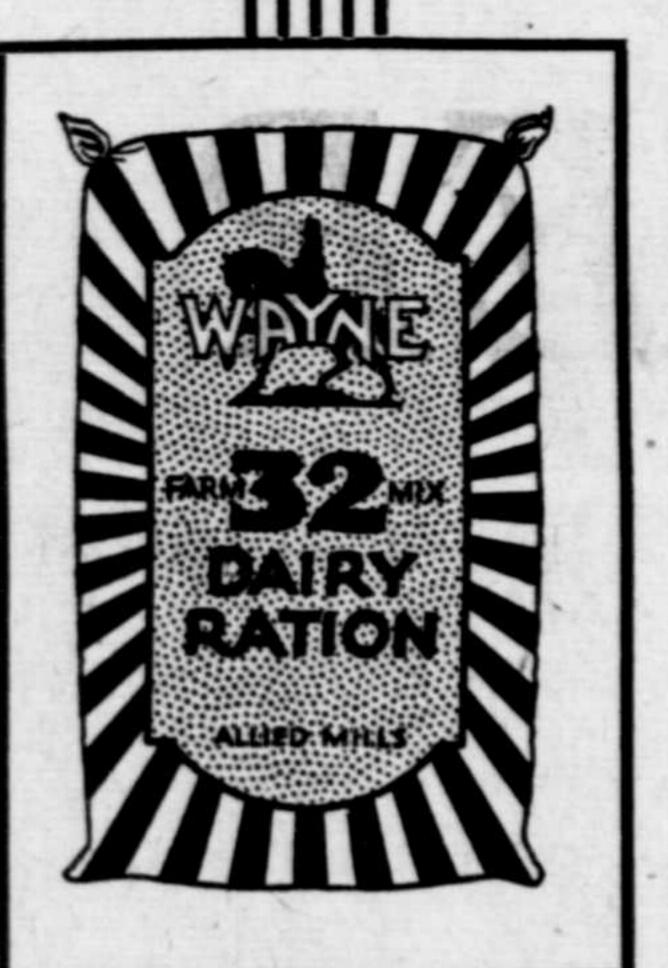

Join the thousands of feeders who are saying:

"THE WAYNE WAY MAKES EM PAY"

## GROW SOY BEANS

Allied Mills, Inc., manufacturer of Wayne Feeds, has a large and modern soybean processing plant at Portsmouth, Virginia, and is the largest buyer of yellow soybeans from Eastern Shore.

The growing of yellow soybeans in Queen Anne's County has developed into a thriving and profitable farm enterprise during recent years and Allied Mills has made available a plan whereby soybean growers in this community can market their beans in a most satisfactory manner.

Anyone who is interested in getting information on this plan should write direct to Allied Mills, Inc., Portsmouth, Virginia.
