State To Honor Burial Permits Issued Nearby

Second Permit Not Required For Deaths In Adjoining States

The Maryland State Board of Health has voted to recognize burial permits from Pennsylvania, Virginia, West Virfrom Dr. R. H. Riley, Director of the

Heretofore, it has been necessary for undertakers bringing bodies to Maryland across the State line to obtain a burial permit in Maryland as well as in the State in which the death occurred. This procedure involved convenience to undertakers and to families of the deceased and occasionally resulted in violations of the law.

"It is now believed", Dr. Riley said, ter the coon up there. The picture seems to be in sight. was snapped at the recent trials by "that this second permit is no longer Bill Usilton, staff photographer necessary. The primary purpose of a The Shoreman. burial permit is to give assurance that the death has been properly registered in the district of death. A burial permit from an adjacent State gives Maryland the necessary assurance upon this

Announce "Kitchen-Proved" Electric Refrigerators

A "Kitchen-Proved" line of electric refrigerators, stressing five points of superiority, has just been announced by the local Westinghouse dealer, Mr. Alfred M. Green. This new line of electric refrigerators bears the distinction of being tested in eighty-nine proving kitchens, under all imaginable conditions in all parts of the world, Mr. Green explained in announcing the new line.

Eighty-nine kitchens, located in Tel-Aviv, Singapore, Johannesburg, London, and many other foreign cities, as well as in scores of cities in the United States, have been established to get the proof that Westinghouse 1937 "Kitchen-Proved" electric refrigerators, will not only pass all laboratory tests, but will perform with the maximum of efficiency and convenience, and the minimum of expense where it will ultimately be used, in the average kitchen.

Cabinet lines on the new 1937 series have been refined, and the escutcheon plate has been dropped to a position below the door, so that an entirely new appearance is obtained. Delphinium blue in one series, with an equally pleasing shade of green in another series, lends a note of color to the water servers, left-over dishes, and other complementary accessories that make the ensemble picture one of graceful beauty and design.

Queen Anne Couple

Celebrate Birthdays

Mr. and Mrs. Walter Engrem, of Queen Anne, celebrated their thirtysecond birthday anniversary Tuesday Both are the same age and both were born on May 18th, 1905. They entertained the following guests at supper: Rev. and Mrs. Jump and children and Mr. and Mrs. Walter Joiner, of Denton, and Mrs. Mollie Griffith, of

near Ridgely. A prayer meeting was held in the evening which was attended by the following guests: Rev. and Mrs. Alfred Clark and children; Mr. and Mrs. Walter Raver, Mr. and Mrs. Wilhelm and son, Mr. and Mrs. Claude McCreary, Mrs. Pearl Johnson and daughter, Mrs. Anthony, Mr. Harry Wilhelm, Mr. and Mrs. Percy Hynson and Mrs. Ralph

Sharp. An enjoyable evening was spent and the guests departed wishing their host and hostess many returns of the day.

I along the roads, car owners welcome the exciting news of an amazing new motor fuel . . . GAS OIL INE. GAS OIL INE is an exclusive blend of gas and oil. The gas in GAS OIL INE is Tydol...the

finest Tydol ever made . . . in power, mileage and antiknock. The oil in GAS oil INE is heat-proof and carbon-free. It is carried by the gas to all friction points and provides constant lubrication to the fast flying, close fitting upper parts of your motor. You get less carbon with more power. Less friction with more mileage. Less wear with more economy.

Don't buy "just gas" . . . Don't pay extra for top-cylinder oil ... Get GAS OIL INE!
