A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol.

ROCK HALL

Our erstwhile Bible Class comrade, Rev. D. J. Moore, occupied the M. E. pulpit Sunday morning last, and preached from the text, "We know that we have passed from death unto life, because we love the bretbren." The sermon was good, because it was preached from the basis of personal experience, and not theory. David is making good in his calling, and we are all proud of him. Rev. Dr. McCoy will preach in the M. E. Church tomorrow morning. He has a splendid subject and is an able preacher, and will do the good whereunto it is sent. Let's all come up and hear him.

FOR REGISTRATION IN THE COUNTIES

Attorney-General Richie has notified the Election Supervisors throughout the state that a registration day must be held in each of the counties on the Tuesday preceding the primary. September 4 has been designated as this registration period.

In response to queries regarding the fall registration and election as raised by several supervisors, General Richie in his letter says among other things:

"Adults who have not been registered prior to September 4, and who will be entitled to vote at the general election in November, are entitled to register on September 4, and to vote at the primary election on September 11, and also, of course, at the general election in November.

"Persons who become 21 years of age between the last preceding registration day and the registration of September 4 may register on September 4, and may vote at the primary election on September 11, and also, of course, at the general election in November.

"Such persons will not be entitled to vote at the primary election of September 11th unless they do register on September 4th. In the present case, the next preceding registration to the primary election of September 11th, will be the registration of September 4th, so that persons who will become 21 before September 4th will not arrive at the age of 21 after the close of the next preceding registration. Therefore, persons who become 21 before September 4th will not be entitled to vote at the primary election on September 11th unless they register on September 4th.

"Persons who will become 21 years of age after the registration of September 4th and before the general election in November may register on September 4th and may vote at the primary election on September 11th, and also, of course, at the general election in November.

"While persons who will become 21 years of age after September 4th and before the primary election of September 11th may, as just explained, register on September 4th, yet such persons are not required to register on September 4th in order to vote on September 11th. They may vote at the primary election of September 11th without registering at all, in accordance with the provisions of section 182. But, in order that such persons may be entitled to vote at the general election in November, they must, of course, register at one of the October registrations.

JOIN KENT KOUNTY'S KANNING KLUB

The above appeal has been carried to all sections of the county this week by large posters displayed on automobiles. A large "carry all" touring car has left Chestertown daily about 8 30 a. m. with Mrs. Hubbard, chairman of the Kent section of the Maryland Council of Defense; Miss Copper, County Demonstrator, and Miss Norton, the County Health Nurse, who went along to be introduced in the various sections of the county, and others from the town who joined the party from day to day to witness the canning demonstrations. At this writing, about 200 people have shown their interest by attending.

A specialty was made of canning vegetables this week. Next week, Miss Copper will make her regular visits, when fruit canning will predominate. She will have given by the end of the week, eleven demonstrations, which were announced last week.

Those who failed to attend this week, are urged to make a special effort to be present at some demonstration next week. They are so helpful.

Just another warning. So many complain that materials are not keeping on account of bad rubbers. Do not buy them until you inspect them—see if they spring back after having been stretched with moderate force.

(Signed),
Kent Section Md. Council of Defense.

We have a number of these models in stock which will be sold up to and including Saturday, June 30th, at the old prices. THIS IS YOUR OPPORTUNITY TO SAVE!

MILLINERY REDUCED

In agreement with our store policy, we prefer to sell merchandise which changes in style even at a loss rather than carry same over another season.

We begin earlier this season than usual to lower prices in our Millinery Department and thus give you almost the whole season to get use out of what you buy.

ALL READY TRIMMED HATS will be sold surprisingly low.
