MILLINERY.

MILLINERY!

Our present display is worthy of the most fastidious, whom we can and will please in beauty, quality and style. Difficulty of judging actual value makes it easy for those who depend on high prices to put on large profits and while money is often willingly paid for a beautiful hat, or bonnet it is no excuse for asking exhorbitant prices. The ever-increasing popularity of this department, proves appreciation of our policy of selling millinery on the same moderate basis of profit as other goods. Call and be convinced.

Hidden Dangers.

Nature Gives Timely Warnings That No Chestertown Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsey, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident.

Michael H. Silbersack, 1644 E. Eager St., Baltimore, Md., says: "Kidney trouble in my case was of long standing and resisted all my efforts for relief. My back was so lame that I could hardly arise after sitting for some time. Sharp pains over my left kidney made me miserable and I was also bothered by the frequent passages of the kidney secretions, being compelled to get up at night several times. The secretions were also very unnatural, contained a sediment and were painful in passage. Then I began using Doan's Kidney Pills, I did not have much faith in them and I was gratified when I found that they were helping me. When I had used five or six boxes, I was cured and as over a year has since passed with no return of my trouble. I gladly recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

MARYLAND'S WHEAT CROP.

It is Said to be One-Third Short of Average.

The harvesting of the wheat crop in Maryland is over. There is general disappointment at the yield. It is said to have fallen short about one-third of the average yield. This is an old story repeated. A year ago the wheat harvest in Maryland fell below the average by one-third.

The falling off in the wheat yield is a serious problem to Maryland farmers, and, incidentally, to the banks in the country towns and in other centres of rural activities. The shortage also means a serious loss to the dealers in fertilizers.

The center of wheat production in Maryland is Frederick county. It is also the center of wheat production in the United States. More wheat is raised in Frederick county than in any other area of the same size in the whole world.

Because of the wheat yield in Frederick county the banks of Frederick have taken a leading place in the United States as depositories. In fact, it is said that there is more money on deposit in the national and savings banks in Frederick than in any other city of its size in the United States.

These deposits have their origin in the wheat harvest. The loss in the wheat yield will, therefore, mean a reduction in bank deposits, not only in Frederick, but also in other banks throughout the State.

It will also mean a loss to prominent men of Maryland who are engaged in agricultural pursuits. State Senator Arthur P. Gorman, who is tilling the farm of his father in Howard county, near Laurel, devoted over one-third of his 300 acres in wheat. It is readily apparent that Mr. Gorman will not be a winner on his wheat crop this year. Last year Maryland wheat was afflicted with a blight. A parasite made its appearance in the bins, and farmers had to dispose of their crop at about a dollar a bushel. If they had been able to hold their wheat they would have realized better prices. In all Maryland to-day there are not 1000 bushels of old wheat.

At present prices old wheat would command one-third more than was paid less than a year ago. But there was the blight a year ago. There was the absolute necessity of immediate sale to prevent the spread of the blight.—Baltimore American.

An Up-To-Date Bible.

The following amendments to certain Bible passages are suggested as an improvement upon the Bible to bring it up to the minute from the viewpoint of those churches which are abandoning part or all of their church and Sunday-school services during midsummer:

"Praise waiteth for Thee, O God, in Zion"—except in July and August.

"My soul longeth, yea, even fainteth, for the courts of the Lord"—except in July and August.

"I was glad"—except in July and August—"when they said unto me, Let us go into the house of the Lord."

"Where two or three are gathered in my name there am I in the midst of them"—except in July and August.

"Not forsaking the assembling of yourselves together"—except in July and August.

"Satan goeth about like a roaring lion, seeking whom he may devour"—except in July and August.

"Both young men and maidens, old men and children, let them praise the Lord"—except in July and August.

"Gather me the people together"—except in July and August—"and I will make them hear my word, that they may learn to fear me all the days that they shall live upon the earth, and that they may teach their children."

"Well done, thou good and faithful servant," for ye have closed the doors in July and August. Ye entered not in yourselves, and them that were entering ye hindered.—Exchange.
