Special Work At High School On Exhibition

Industrial Arts, Biology, Vo-Ag And Home Economics Displayed

Visitors at the twenty third annual Queen Annes County Field meet at the Centreville High School on Tuesday were given a rare treat when they saw the display of the Industrial Arts Department, taught by Prof. Nicholas Nides, the Home Economics Department taught by Miss Mary Katherine Tolson, and the Biology Vocational Agricultural Department of Prof. Letha E. Taylor. In the Industrial Arts Department were displayed the handiwork of students of the school, besides many of the articles made during the winter in the Adult Educational Classes conducted by Mr. Nides. They included tables chairs, foot stools, and many other articles of furniture; leather goods beautifully tooled, and metal work finished of copper, or

silver. been one of the finest ever seen in beard, crown, robes and everything.

the state. In Miss Tolson's Department the work included practically every article of clothing, from the full attire for the sweet girl graduate to the wearing apparel many exhibits of fancy work were shown.

WHEN BLOW-OUTS KILL OR INJURE THOUSANDS, WHY NOT GIVE YOUR FAMILY GOLDEN PLY BLOW-OUT PROTECTION

TT'S WORTH the one minute it takes to read this because L it may save your life. And here's why: At today's high speeds the heat generated inside your tires is terrific—as hot as boiling water. This heat causes rubber and fabric to separate. A tiny blister forms—grows bigger and BIGGER -until sooner or later, BANG! It's a blow-out! Thousands of people are killed or injured every year in blow-out accidents.

But now there is no reason why you should take this chance. Goodrich Silvertowns have an amazing new invention—the Life-Saver Golden Ply. This Golden Ply resists heat so that rubber and fabric do not separate—blisters do not form - thus high speed blow-outs are checked before they ever get a chance to cause trouble. Come in today and see us about Golden Ply blow-

out protection. Goodrich Silvertowns actually cost less than other super-quality tires!
