LOCAL MATTERS.

Found Dead in Tomato Patch.—An aged colored man by the name of Wilson was found dead in Mr. A. L. Hudson's tomato patch, near Fairlee, on Monday morning by a colored woman. The man had evidently been dead sometime, when found, and death is supposed to have been due to heart failure. Undertaker J. E. Ferguson buried the remains on Wednesday. The man was on his way from church in Georgetown to Fairlee, and died in the patch on Sunday night.

Arrested in Wilmington.—George Hayes, 24 years old, charged with violation of the local option laws in Kent and Queen Anne's counties, Maryland, was arrested in Wilmington, on Wednesday. A bench warrant for the accused was received by the Wilmington authorities from the Circuit Court of Kent county Maryland, in addition to a warrant charging him with selling liquor in the Seventh Election district of Queen Anne's county to George Deaton. He will be tried at the October term of Court.

*†*Mr. J. Kennard Aldridge, on the Joseph E. George farm, near town, has sold his crop of 6000 baskets (estimated) of Keiffer pears at 15 cents a basket. Dr. Ivah will return to his farm and bungalows in the spring.

*†*A final inventory of the estate of the late Mrs. Celeno V. Newman, filed by her administrator, Thos. A. Murray, Esq., of the Baltimore bar, shows that the value of the real estate and personalty owned by her was more than $18,000. This estate, according to the will is to be equally divided among her nieces and nephew—Miss Laura Jessup, Miss Celeno Jessup, Mrs. Frank B. Hines, Mr. Charles Jessup, and the youngest children of the late Mrs. Wm. B. Wilmer.

*†*One of the large plate glass in the candy kitchen window was broken on Saturday night by a colored boy who got into a fracas with another. A brick thrown by one of the boys at the other missed the boy and went through the window. Somebody is $50 or $75 out. Such rowdyism on our streets especially on Saturday nights, should be stopped by our town authorities. There is entirely too much loafing allowed on our street corners on Saturday nights. No other town the size of Chestertown allows it, and it should not be permitted here.

To Dedicate Municipal Building.

Final arrangements have been made by the Volunteer Fire Company of Chestertown to dedicate its handsome new municipal building on Monday, Oct. 11. Chief Judge James Alfred Pearce has consented to deliver an address in the morning, the Jr. Order United American Mechanics, which has presented a handsome flag to the company, will have a flag raising and other interesting exercises in the afternoon and in the evening a splendid reception has been arranged, and the handsome auditorium will be thrown open to the public, an orchestra will be in attendance during the evening and refreshments will be served. A general invitation will be extended to the people of the town and county to attend these exercises and to enjoy the hospitality of the Fire Company in the evening. The building was illuminated Saturday evening for about one hour and presented a beautiful appearance. The dome of the building is surmounted by four large electric globes, which stand out as beacons of light. We shall endeavor to give a full description of the building in the issue after the dedication.

Delightful Entertainment.

The Rich Neck Farmers' Club and invited guests were delightfully entertained on Wednesday afternoon and evening at the handsome home of Mr. and Mrs. Clifton L. Jarrell on Washington avenue. The entire house with its spacious halls and beautiful appointments was thrown open to the pleasure of the guests, and the host and hostess were unsparing in their efforts to add to the pleasure and entertainment of the company. The afternoon was devoted to the business usually incident to the assembling of the club, and to interesting questions pertaining to farm life. From six to eight o'clock a magnificent supper, consisting of oysters in various styles, fine ham, salads, chicken, Maryland biscuit, rolls, celery, pickles, jellies, etc., with refreshments of ices and cake, was splendidly served. The evening was spent in social intercourse. The handsome home with its rich furnishings was all the more beautiful in its beautiful illumination, and the 60 guests who enjoyed the supper and partook of the hospitality were charmed with the meeting place and its royal hospitality. The TRANSCRIPT'S representative regrets very much his inability to accept the very cordial invitation of the host and hostess to be present, as it would have been a pleasure to be there.

To Have Industrial Learning.

Arrangements have been made with the School Board of Kent County and the trustees of the colored school in James M. E. Church, Chestertown, for the introduction into the course of industrial training for the colored pupils. The Comptrollers of the Gheen Fund, have employed a special teacher to instruct the pupils in needle work, cooking and other useful arts, and this teacher began her duties in the above school on Monday morning last. The school authorities of this county are at no expense at all for the introduction of this course in the colored school, except to provide a room in the school building, which has been done, and also to provide a few minor articles. The fund will provide all the expenses including the salary of the teacher. This is a most excellent movement for the education of the colored children and the School Board is to be congratulated that it has taken the matter up. There is no more useful education for colored children than to teach them to work and to learn to be self supporting and every colored child should accept the opportunity which a benevolent fund has provided. The course is meeting with great success among the pupils who seem to be anxious to learn the useful arts.

In Memoriam.

JOSEPH N. WHEATLEY.

The management of the Royal Insurance Company, Limited, through its special representative, desires to place on record a slight tribute to the memory of Mr. Joseph N. Wheatley, its late local representative, whose sad and untimely death is sincerely lamented.

Mr. Wheatley represented this company for a number of years, and during that time gave indisputable evidence of the possession of those attributes of character which commended themselves not only to the business institutions with which he was connected, but to the individuals with whom he associated and by whom he was held in high esteem.

Whilst always true and loyal to the interest of his companies, yet he was ever mindful of the interest of his patrons, thus showing a full conception of his obligation to the companies he so well represented and to the people who entrusted him with their business.

A man of strict integrity and honesty, of courteous and gentle manner, he made, as he deserved, many friends, and the officials of the Royal Insurance Company, Limited, desire to give expression to the keen regret experienced at the loss of their faithful representative, and to extend their sympathy to his family and friends.

W. HOPPER GIBSON,
Special Agent.

Rock Hall Items.

Very few, if any, towns as small as Rock Hall can boast of having an Emergency Hospital. No doubt some will be surprised to learn this, but it is nevertheless a fact. Mr. Harry Lake has a sign over the door of his shop which reads—H. C. Lake, Boot and Shoe Hospital. Some may laugh at the idea, but we will have to have the credit of a hospital after all.

Mr. James M. Downey died last Sunday evening about 10 30 from paralysis. He was seventy-one years of age and numbered among Rock Hall's oldest inhabitants. He could tell some very interesting incidents of its growth. Notwithstanding his infirmity he was a great church worker.

Capt. Frank Akers, of the yacht Lenora, is home for the winter, and will resume his duties as first mate on the police schooner Anna B. Smith with Capt. Ashley.

One of the most beautiful things in this town during the dry spell was the flower mound in the M. E. Church yard, and its beauty alone is due to the efforts of our worthy sexton, Mr. Joseph Kendall, who during the drought carried all the water to make this little cluster of asters and scarlet sage look fresh and keep their colors.

Mr. Benj. Coburn, while harrowing his corn ground, fell in some way in front of the machine. The horses were stopped right away, but the colt became frightened and started up, pulling the harrow over Mr. Coburn's left hand, inflicting a very painful cut, which had to have several stiches taken in it. Mr. Coburn is truly thankful that the accident was no greater than it was.

OBITUARY.

MISS HANNAH BELL.

Miss Hannah Bell, daughter of the late Anthony and Margaret Bell, of Richmond, England, died on Monday morning at her apartments on the Walker farm, near town. Miss Bell's home was in Baltimore, but with her two sisters, Misses Isabel and Anna Bell, had been spending the summer on the Walker farm. Besides her two sisters she is survived by three brothers—Messrs. John, of Chestertown, and George and James Bell, of near Fairlee. She also leaves one nephew, Mr. G. A. W. Bell, of Baltimore. Funeral services were held on Wednesday morning with interment in St. Paul's Cemetery. Undertaker J. E. Ferguson had charge of the funeral arrangements.

Defies The Drought By Irrigation.

Fred Maguire, a farmer who moved to Delaware from the Northwest, bringing some good Western ideas, has overcome the drought and now laughs at the Eastern farmers who pass his place and stop their horses to survey his beds of lettuce and his beautiful lay-out of market gardening. Maguire lives on Silver Lake farm and he has harnessed the water of the lake and irrigated his place.

A gasoline engine, with a two-horse power pressure, forces the water from Silver Lake up through a pipe system which irrigates Maguire's farm. He can turn on the water in one set of pipes and it sprays out, so that he has "rain" at will. He can turn it on another pipe line and water his stock and grass and flowers. All Maguire has to do is to feed his engine and turn his pipes, then get out and hoe. Neighbors who have seen it declare that the system works perfectly.—*Del. State News*
