Why Should I Wear Crawford Shoes?

CRAWFORD SHOES

BECAUSE

You get the same style, comfort and wear as you would if you bought a made-to-measure boot, and you save the difference in price.

This is only one of many reasons. We never sell Crawfords on suspicion. For style, fit and durability, they are uncomparable. We have all sizes in many styles. It would, indeed, be hard to find a man we could not suit in every particular. The following are the leading leathers: Russia Calf, Gun Metal Calf, Velour Calf, Vici Kid, Box Calf and Pat. Colt.

Price $3.50 and $4.00.

SPECIAL.

We carry a complete line of Men's and Boys' Shoes in addition to the Crawfords.

Boys' $1.25 to $2.50

Modern Woodmen.

The ninth anniversary of the organization of the local order of Modern Woodmen of America will be celebrated in the Firemen's Hall on Thursday evening, October 28th. State Deputy Head Consul A. E. Chaffee, of Washington, D. C., and National Lecturer George E. Reiley will be present and make addresses. No local order has made greater strides in membership during its short life as has the Modern Woodmen. Nor does any order offer greater inducements to the man of moderate means to protect his life and the welfare of his family than does the Modern Woodmen. The total membership at present is 72, and new members are constantly being initiated. Every member of the order is urged to be present at the celebration, and to use his efforts to make it a success. Refreshments will be served after the exercises.

Took Bicycles for Trespass.

Three young gentlemen from Chestertown went walnutting last Tuesday afternoon in Morgnec, going the distance on their bicycles. When they reached the place where they wanted to gather walnuts, they placed their bicycles in the woods as they thought for safe keeping. Everything went well until the young men were about ready to start for home. They went to look for their bicycles and found them gone. It was thought that they had been stolen, and a search was immediately begun, but without avail, and the boys were about to foot it to town when they learned that the farmer on whose property the boys were hunting walnuts, had driven down to the woods in his farm wagon and had hauled the bicycles up to his house for trespassing upon his property. The boys went to see the farmer about recovering their wheels, and after some argument he consented to let them off if they never come on his farm any more. The boys reached town about dark, having a different idea of the value of walnuts in Morgnec, and thoroughly resolved to go there never again.

Send Your Products.

It should be remembered by the Grangers of the county that the exhibit of farm and garden products, as well as of fruits, flowers and fancy work to be held in connection with the third quarterly meeting of the County Grange, is to be held solely in the interest of the agricultural development of the county. It is the duty of every grange and of every granger to take great interest in this exhibit and make it as representative as it can be made. There is nothing that so stimulates interest in the work of the Grange, or that so perfectly portrays the agricultural wealth of our county as a careful and systematic exhibit of its varied products. Fortunately both Kent and Queen Annes counties and possibly a portion of Cecil may be represented in the exhibit, as residents of these counties are members of the granges. No other counties on the Shore can display a greater variety or a better quality of exhibits than can these counties and it should be the pride of every granger to do everything in his power to enhance the financial interests of his county. We make an especial appeal to every grange in the county to take an especial interest in this exhibit and let it be a credit to our county and a most enjoyable part of our next county meeting on Thursday, Oct. 21st, in Stam's Hall, Chestertown.

Improvements to Court House.

When Court convenes on Monday week, those in attendance will note with pleasure the great improvements which the Board of County Commissioners has made to both the interior and exterior. Every room in the building, as well as the large corridors, has been decorated in attractive colorings by Mr. Elwood Baker and his force of workmen, and the woodwork and window casings on the exterior have been painted in neat and ornamental colorings by Mr. Wm. L. Fowler and force. These improvements have added much to the appearance of the historic building and have served to make the Court House one of the most attractive administration buildings on the Shore.
