THE NEWS.

CHESTER TOWN, Md.

Saturday Morning, September 30, 1854

THE BALTIMORE MAYORALTY.—The "Know Nothings" of Baltimore city, on Tuesday evening last, nominated SAMUEL HINKS, Esq., as their candidate for the next Mayoralty of that city. Mr. Hinks has hitherto acted with the Democratic party.

FOREIGN NEWS.—The steamer Alps arrived at Boston on Thursday, bringing three days' later advices from Europe. They present nothing of special interest. Breadstuffs have advanced. Affairs in reference to the war remains about as before. The Crimea expedition had sailed with 76,000 men.—Aurtria still continues to occupy the Principalities. A rumor existed with reference to a new pacific proposition by the respective powers, but there was nothing definite in regard to particulars, and not much faith in the rumor.

SHOOTING AFFAIR.—The Cambridge Democrat says that a quarrel took place in that town on Monday morning last between Dr. Jos. Flint and Wm. Kirby, a Merchant Tailor, and after a few blows between them, Flint drew his pistol and shot Kirby in the right arm pit, shattering the bone in a dreadful manner. Dr. Bayly, after examining the place, is fearful that the arm will have to be taken off. Dr. Flint, has been arrested and lodged in jail, refusing to give bail, which is put at $500

IMPORTANT FROM MEXICO.—The Prometheus brings dates from Accapulco to the 15th inst.

Alvarez was reported to have entered the city of Unytha, and was pushing forward through Gruerrero, intending to march for the city of Mexico and attack Santa Anna.

The insurgents had been unsuccessful in one or two engagements, the government troops retiring towards Mexico.

She also brings acounts from Mexico to the effect that Santa Anna intended to abdicate. Also, that the government was in a very precarious condition, and that the revolutionists wouln eventually be likely to succeed.

THE DECLINE IN BREADSTUFFS.—The New York Express in noticing the fact that flour further declined 25 a 50 cents a bbl., and wheat 5 a 10 cts. a bushel, in that market on Tuesday, says:

"With increasing receipts and an entire absence of any demand for export, the prospect of materially lower prices within a short period, is highly encouraging. Prices of breadstuffs have been ridiculously high for the past three months, and this sudden breakdown will be good news to every family in town, more especially everybody in indigent circumstances. The attention of bakers is respectfully directed to this important decline in the "Staff of Life."

Yesterday, as we learn by telegraph, there was a still further decline of 25 a 50 cts. per bbl. on flour at New York, making a total decline for the three days of this week $1 a 1,75 per bbl. Wheat also further declined in that market yesterday, and corn gave way 1 cent per bushel.

SHOCKING MURDER.—On Tueseay afternoon an unknown Frenchman was found dead in his bed in a lodging house in Dock street, Philadelphia, where he had taken lodging the previous night, with another Frenchman equally unknown. The latter got up in the morning and went out, saying that he would soon be back again, and has not since returned. From appearances the man was murdered in his sleep, some sharp intrument having been forced into the brain through the ear.

Wreck of the Steamship Philadelphia.

HALIFAX, Sept. 26.—By the arrival of the Cunard mail steamship from St. Johns N. B, we have intelligence of the total loss of the new steamship City of Philadelphia, near Cape Race, New Foundland.

She was stranded on the 7th inst. when only eight days and a few hours from Liverpool. All her passengers were landed in safety.

About 540 passengers arrived here this morning, and the rest remained at St. Johns.

It is thought the vessel will be a total loss. A portion of the cargo will be saved in a damaged condition. The owners are fully covered by insurance in England.

BALTIMORE, Sept. 27, '54.

Fall Trade—Political Excitement—Democratic Nomination for Mayor—The Nominee a Whig and Abolitionist—The Know-Nothings—Their chances of Success in the Coming Contest—Commercial College—Health of our City, &c.

FALL TRADE.—Our City is well filled with merchants from the South and West, who are busily engaged in laying in their semi annual stock of merchandize.

Our merchants it is admitted, now on all hands (we believe) are enabled to supply goods of any description on as favorable terms as any of their competitors in Philadelphia, New York or Boston, and the continued presence of so many intelligent Southern Traders in our city is evidence that they too, have discovered this fact.

Our market was never better stocked than at present and prices rule considerably lower than they did last season, particularly silk Good—which are full twenty-five per cent lower.

POLITICAL EXCITEMENT.—The political thermometer is at fever heat and rapidly rising—a fierce contest is going on—the Democratic or "Foreign party" on the one hand and the "Know-Nothings" on the other are burnishing up their arms and preparing for a grand battle on the 11th of October.

THE DEMOCRATIC NOMINATION.—Last Thursday night the Convention of the Democratic party nominated Mr Wm. G. Thomas, as their candidate for the Mayoralty—this is a bitter pill for many of the hard fisted to swallow, and one of the unsophisticated (I am told) actually had the temerity to get up in his place, in the convention, when his name was proposed and asked if Mr. T. *was a Democrat!*—of course he was answered in the affirmative.

THE NOMINEE A WHIG.—Mr Thomas is a very respectable gentleman and a member of the society of Friends, and has always acted in political matters with the old Whig party up to the time of the last Presidential election, when it is said he voted for Pierce in preference to Scott on account of the base treachery of the latter *for the Foreign vote*; in this Whigs in the Union generally of the best dreaming of being sold—without ever dreaming of being classed as a *Locofoco* on that account. It is rumored that Mr. T. is an ABOLITIONIST, and has been known to (*though I do not vouch for it*) contribute freely towards defraying the expense incurred in conducting the *Fugitive Slave Trials* up in Pennsylvania.

The nomination was made with a view to catch the Whig and the Quaker vote, but I am satisfied it will not take a dozen votes from those parties—on the contrary it will, if the Know-Nothings bring out the right sort of a man, drive hundreds of the rank and fill over to the support of their candidate.

THE KNOW NOTHINGS (rumor says) are as busy as bees preparing for the "Ides of October"—their counsels they have the good sense to keep to keep to themselves—but I can assure your readers upon the above authority that the candidate that they will nominate will be a gentleman of *known integrity of executive talent*, and will make a better Mayor than any one that Baltimore has had for the last fifteen years. That his chances of success are very flattering, no one at all posted up in our city Politics can entertain the shadow of a doubt.

COMMERCIAL COLLEGE.—Among the many educational institutions of our City pre-eminent for usefulness stands O. K. Chamberlin's Commercial College, which is confirming untold benefits upon young gentlemen aspiring to occupy honorable positions in the mercantile world, not only here but from various places throughout the country.

During the past year he has had at his institution students from nearly every State in the Union, among whom are many who are now occupying prominent positons as accountants.

The introductory lecture for the season was delivered a few evenings since, and is said to have been one of marked ability, and was listened to with the liveliest satisfaction by a large and deeply interested class.

HEALTH OF OUR CITY.—The health of Baltimore continues to be remarkably good—the city proper has been this season free from that terrible scourage the Cholera. Saus Deo.

You will occasionally hear from me

"ONE OF THEM."

THE TURF.—A rare race came off on the National, Course, Long Island on Thursday, between the Virginia gelding One Eyed Joe, and the Kentucky colt Garrett Davis. Three mile race for $4,000. The betting was very heavy and from $25,000 to $30,000 depended on the result. Kentucky was pittied against Virginia, and a good deal of State feeling enlisted. The race was easily won by One Eyed Joe, who took the lead on the first heat and was not headed. On the second heat Garrett Davis led off but was passed on the last mile by his competitor, who won the race in 5 58.

A USEFUL FAILEURE.—David Pingree, Esq, for a long time president of the Naumkeag Bank, Salem, Mass., it is said, failed about two years ago for a large sum of money. He then owned a large amount of property in that city, ships at sea, immense timber lands in Maine, and any amount of wild lands from that State to the Mississippi river. He got an extension, bought up his own paper, and his proserty has risen so fast on his own hands that it is thought he will come out of it with about two millions of dollars.

The Anti-Nebraska, Free Democrat and Temperance Conventions.

NEW YORK, Sept. 27.—The Anti-Nebraska Convention yesterday nominated Myron N. Clark for Governor, by acclamation, and Raymond for Lieut. Governor, on the first ballot. They also nominated the balance of the whig ticket for State officers.

A portion of the delegates seceded, and agreed to support the nominees of the Free Democratic Convention.

The Free Democratic Convention have nominated Hyram H. Clark for Governor, and B. R. Wood for Lieut Governor.

The State Temperance Convention is in session to-day at Auburn, to receive replies from the different candidates placed in nomination by other parties on the question of temperance. A letter has been received from Judge Bronson, the Hard Democratic candidate for Governor, defining his position. He thinks that the legislature has the power to prohibit the manufacture and sale of spirits, but is opposed to the exercise of such extreme measures. E. C Delavan was chosen president but he declining. David Wright of Cayagua, was substituted. Committees were appointed, and the Convention adjourned until half past 2 o'clock.

[SECOND DISPATCH]

AUBURN, Sept. 27.—The State Temperance Convention nominated Morgan H. Clarke and Mr. Raymond, the Whig candidates, as their candidates for Governor and Lieutenant Governor. The vote for Raymond was 163 to 112 for Wood.

Arrest of the "Angel Gabriel."

We mentioned yesterday, that John S Orr, alias the "Angel Gabriel," had been arrested in Philadelphia on Tuesday evening last, while attempting to harrangue a crowd in Independence Square. He was taken before Mayor Conrad, followed by a large crowd. The News says;

The Angel made a statement in which he said that he supposed, as Independence Square was a place for the holding of public meetings, he had a right to speak there. The Mayor said that what might be a trifling matter under one state of circumstances, under another would assume a very grave character. With a knowledge of the result that had attended the speaking of the prisoner in other places, he could not permit such fearful experiments to be made within the bounds of his jurisdiction. He was in duty bounds to preserve the peace at all hazards. He should require the prisoner to enter into bonds in $ 000 for his future good behavior. Orr said that he would leave the city in the morning if the Mayor desired it; and the Mayor replied that whenever he had assurance that he would leave the city, he should be liberated.

The "Angel" it is said, was seen strolling about the streets of this city yesterday morning; if so, Mayor Conrad must have shipped him off by the 10 o'clock train on Tuesday night.—*Sun*

Valuable

REAL ESTATE

In Kent County, Md.

FOR SALE.

THE subscriber will sell all that farm and plantation situated in Kent county, Md., and adjoining the lands of E. Comegys, J. K. Wilkins and others, immediately on the stage road leading from Chester Town to Rock Hall, and about 5½ miles from the former place and eight from the latter, containing by recent survey

300 Acres,

and some fractions. It is situated within one mile of a good mill, and ½ of a mile from a Post Office and store, and convenient to schools, churches &c. This land is divided into 6 fields, and the fencing is mostly of chesnut and cedar—a part of which is post and rail. The land is under a good state of cultivation, and with a small outlay may be made very productive. Lime, plaster, guano and clover act finely upon.—There is fifteen or twenty acres of good bottom land, which by small expense could be made very valuable meadow. There is an abundance of

WOOD.

for the use of the farm. There is a young

APPLE ORCHARD

of 100 trees. A never failing stream of water runs through the farm.

The Buildings

consist of a one story brick DWELLING HOUSE, (out of repair) Corn Cribs, Granary, Meat House, Stables and Carriage House, all out of repair.

The terms will be made easy. Mr Camp, who lives on the farm, will show the premises to any person desirous of viewing them.

THE subscriber will also sell NINETY FOUR ACRES OF LAND situated in Broad Neck, and adjoining the home farm of Jacob Maslin, dec'd, and the lands of the late John Maslin. This land is beautifully situated upon the North West branch of Langford's bay, which abounds in fish, oysters and terrapins in their season. There is considerable chesnut fit for rails upon this land; the larger portion of the land is in

Pine Wood,

the most of which will cut 15 or 20 cords per acre. The terms will be moderate.—The subscriber will shew the premises to any one desirous of seeing them.

THE subscriber will also sell all that

Mill and Mill Seat

situated at the head of Still Pond creek, Kent county, Md., and known by the name of "Freeman's Mill". There is a comfortable *DWELLING HOUSE* on this property. The machinery of the mill is cast iron, and is in good order, having been thoroughly repaired last year—the gates of the dam were washed out last march and have not been repaired in consequence of it being undivided property. A few hundred dollars would make this a very valuable property, it being in a good neighborhood for milling. The terms will be accommodating.

The above property will be offered at private sale until TUESDAY the 17th day of October, 1854, and if not sold by that time, it will then be offered at Public Sale at the Hotel of John McDaniel Esq., in Chester Town, at 2½ o'clock, P M. All letters addressed to the subscriber, Caulk's Field P. O. Kent county, Md., will be attended to.
