Chestertown, Maryland.

Hidden Dangers.

Nature Gives Timely Warnings, That No Chestertown Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident.

Michael H. Silbersack, 1644 E. Eagar St., Baltimore, Md., says: "Kidney trouble in my case was of long standing and resisted all my efforts for relief. My back was so lame that I could hardly arise after sitting some time. Sharp pains over my left kidney made me miserable and I was also bothered by the frequent passages of the kidney secretions, being compelled to get up at night several times. The secretions were also very unnatural, contained a sediment and were painful in passage. When I began using Doan's Kidney Pills, I did not have much faith in them and I was gratified when I found that they were helping me. When I had used five or six boxes, I was cured and as over a year has since passed with no return of my trouble, I gladly recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

THE CAROLINE ROAD LAW

Hope H. Barroll, Esq, has received the following very interesting and convincing letters from two of the most prominent business men in Caroline county. They speak for themselves, and should prove extremely interesting to the tax-payers of Kent county, who were forced to spend more that $40,000 on roads and bridges last year, when $15,000 would have produced as much benefit under the supervision of a competent engineer.

Denton, Md., November 23, 1909.

MR. HOPE H. BARROLL, Chestertown, Md.—*My Dear Mr. Barroll:* Your letter of the 18th came duly at hand asking for an opinion on the road law in Caroline county. In reply, I beg to state that it is the most satisfactory system ever used here; more economical, the roads in better condition and decidedly better results for the money expended. We have been fortunate in the selection of two engineers, Mr. William D. Uhler, who was succeeded by Mr. H. A. Payne. Politics absolutely has no place in our road system and never has had any since the passage of the law. We have a business administration of the county roads.

With kindest personal regards, I beg to remain Very truly yours,

ALBERT G. TOWERS.

Hillsboro, Md., Nov. 24, 1909.

MR. HOPE H. BARROLL, Chestertown, Md.—*Dear Sir:* I have your letter of November 22nd making inquiry about our road system. Replying, will say that I think it the greatest system that could be adopted for making, working and maintaining our public highways. While it has only been four or five years since it was adopted, the improvements in our roads have been wonderful and in two or three more years I think Caroline will be far ahead of any of her sister counties in good roads, made almost entirely of clay and gravel. My business for the past twenty years has required a great deal of driving about over the county, and when I see the great difference in our roads now and even six years ago, it is really wonderful and it has all been done at an expense of $11,000.00 or $12,000.00 per year, where before this system was adopted the levy was about $9,000.00 and really no roads at all, only a few holes filled up by farmer supervisors, who always worked the roads when it was too wet to do anything at home (hence too wet to work roads), with the result that the levy was spent and no road improvement.

Our county team consists of 32 head of mules, as fine as could be bought, at a cost of $6,500.00, and all necessary road equiptment, divided into four gangs throughout the county, and each gang works two districts and are kept busy every day it is fit to work for about nine months of the year. This combined with a competent road engineer could not help but bring the best results. The Caroline Road Law is alright and had it been adopted fifteen years ago, in my opinion, we would have saved thousands of dollars by this time.

Very respectfully yours,

H. M. THOMPSON.

Rock Hall Items.

The Mills Minstrel and Drama Co. have applied for information leading to an engagement in this town. This will be the first show of any kind to be presented in this town, and ought to prove interesting. Now, Rock Hall has no hall that will accommodate a show of any kind, and there looks to be a good investment in a hall with a stage and some simple scenery.

The stores here are beginning to look bright and take on a Christmas appearance. Every one seems busy.

The Switzers, a long time citizens of this town, have erected a fine home in the suburbs of Baltimore, and left here this week to take up their abode in their new home.

Wm. Clayton has rented his store to Wm. Dorschel, who has put in fresh meats and staple groceries. He has a neat and attractive store, and bids fair to have a good business.

The Carrie Farson, a trim little schooner, with Capt. J. H. Lipton, of New Bern, N. C., visited our port this week with a consignment of shingles for parties in Rock Hall. Capt Lipton is one of the true southern gentlemen, and was given a warm welcome by the young people of Rock Hall.

Judge Sharp intends improving his property, the Rock Hall wharf, with a new concrete pier, which will extend about 15 feet farther toward deep water and about 20 feet wider. This will be a great improvement, and should he succeed in getting the M., D. & V. Co to run their steamers here, it would indeed be very convenient for the traders as well as travelers of this tewn. We wish him success in this line of work. The work will commence as soon as the contractor completes a job now under construction in Atlantic City.

Miss Mary Camp and Mr. C. Davis, teachers of the Rock Hall High School, attended the Maryland State High School Teachers' Association held in Baltimore this week.

In Memoriam.

By the death of my friend, Elizabeth Hessner, who departed this life November 25, Kennedyville lost one of its sweetest and most attractive young ladies.

She was a beautiful character, and a consistent christian, always living up to her faith, at all times thoughtful of others more than self, even through her death sickness, never complaining what God had given her to bear.

She was an ideal of purity and truthfulness, never thinking or speaking ill of any one.

I have often visited her during her illness and find no words of praise too worthy of her.

She was much beloved by all who knew her and this was well shown by the beautiful floral tributes placed around her.

The minister spoke beautiful words of comfort and several of her favorite hymns were sweetly sung by two of her dear friends.

I cannot realize that Elizabeth has gone forever from us, but I know her sufferings are at an end and that she is now at rest with her Saviour.

CHARLOTTE TRAUT-VETTER.
