CHESTERTOWN GETS $1,000!

The Trolley Company Pays The Forfeit for not Completing The Road.

Mr. Thos. W. Eliason yesterday paid over to the commissioners of Chestertown the one thousand dollars that was placed in his hands by the Baltimore and Chestertown R. R. Co., as a guarantee that the trolley line would be completed between Rock Hall and this town. The railroad company was to have constructed the road on or before Jan. 1, 1903. It is to be regretted that this road has not been built but the town commissioners are to be congratulated upon the good fortune that has fallen to them. This money is sorely needed and will be economically used.

The Kent and Cecil Electric R. R. Co. held a meeting at Elkton Tuesday, at which it was ordered that a contract for building the proposed electric road from Chesapeake City to Elkton, and thence to Newark, Del., be drawn and submitted to the directors at an early meeting to be called by the president.

It is proposed to have a survey made at as early a date as the weather will permit. President Cochran stated that the work of constructing the road would be started by the opening of spring. The company has put up a cash guarantee of $1,500 that the trolley from Chesapeake City to Elkton will be completed by the first of next October. A $2,000 bond will also be filed with the Elkton Town Council as a guarantee of good faith. The county Commissioners have granted the company the right of way over the public roads, and the Elkton Town Council has granted the company a like privilege for certain streets of the place.

Clothed with celestial grace,
And beautiful with all the soul's expansion,
