## LOCAL MATTERS

**Witnesses Not Needed.**—The Price—Barroll case having been satisfactorily adjusted, the witnesses who had been summoned to appear in court next week, will not be needed.

**Easter Music.**—The following musical progam will be rendered at Emmanuel P. E. Church to-morrow (Easter Sunday): "Christ Our Passover," in E—Vogrich. "Te Deum," in E flat Op. 37—Marzo. "Jubilate Deo," in F—B. Tours. "The Day of Resurrection," in C—Vogrich.

**Elected Board of Visitors.**—At a meeting of the Board of Visitors and Governors of Washington College held on Wednesday evening, Dr. Frank B. Hines and Mr. S. Scott Beck were elected members of the board to fill the vacancies caused by the death of Dr. W. Frank Hines and Mr. Marion deK. Smith. Mr. Wm. F. Russell, cashier of the Kent County Savings Bank, received a number of votes.

**Don't Forget Entertainment.**—Do not forget the fine entertainment to be given in Firemen's Hall next Tuesday evening by Miss McClaren, under the auspices of the Ladies' Reading Club for the benefit of the Chestertown Public Library. Miss McClaren gives a charming entertainment, and if you have not already secured your tickets, we advise you to do so, as you will miss a splendid treat if you fail to attend.

**Accepts Call.**—Rev. Mr. Litsinger, who has been rector of St. Paul's and I. U. parishes for the past two years, has accepted a call to the Protestant Episcopal Church at Greensboro, Md., and will leave for his new field about May 1. Mr. Litsinger's parishoners and the people of the county generally regret seriously his leaving as he is quite popular among his people, and has done an excellent work. His successor has not yet been chosen.

**Coach Thompson Received With Cheers.**—Mr. M. J. Thompson, who has signed to coach Mt. St. Mary's foot ball and base ball teams entered upon his duties last week and was royally received by the faculty and student body. Prof. Thompson has a most excellent chance to show his great abilities as a coach, as he has ample material among the students from which to select a corking good base ball or foot ball team. The TRANSCRIPT wishes him success in his new field.

**More Gas Talk.**—Messrs. Merrett Pharo and Louis Rafetto, two gas promoters from Philadelphia, appeared before the Board of Town Commissioners on Monday night with a proposition to erect a gas plant in Chestertown. The commissioners agreed to grant the gentlemen a franchise to lay mains, etc., and erect a plant provided they would put up a forfeit of $500 within ten days, which the gentlemen agreed to do, and thereby hangs the tale. Wait for more light.

**Receives Gold Badge.**—Col. Wm. J. Vannort, retiring Department Commander of the Grand Army of the Republic, was presented with a handsome gold badge by his comrades at the encampment in Baltimore this week, as an evidence of the high esteem in which he is held by his fellow comrades, and in appreciation of his faithful and efficient work as commander. Col. Vannort is one of the most prominent Grand Army men in the country and has been a conspicuous figure at several of the National Encampments. The badge is a beautiful piece of solid gold studded with large diamonds.

**Appointed Instructor.**—Mr. W. Raymond Moody, who has been attending Johns Hopkins University during the past year, has been appointed instructor in elementary mathematics and science in Washington College, and may assume charge of his duties immediately after the Easter recess. This is a most excellent appointment, as Mr. Moody is one of the brightest young men who have ever been graduated from Washington College, and will discharge the duties of his new position with great credit. This will not interfere with Mr. Moody's work at the Hopkins, and it is for the balance of the term.

**Limit Scope of Undertakers' Law.**—The Court of Appeals last week in a case brought in Frederick county, in an opinion given by Judge Pattison, held that the amendments to the General Undertakers and Embalmers' Act, so far as they extended its operation beyond the limits of Baltimore city, are contrary to the provision of the State Constitution, which protects the life, liberty and property of citizens against undue Legislative interference. The Court held the requirement of two years experience on the part of persons engaged in undertaking and embalming to be unreasonable, particularly in country districts, where the business is conducted by persons not having such experience without detriment to the public.

**Exciting Runaway.**—Dr. Breckwedel's horse became frightened at an automobile, while standing in front of Graham & Clements' store on Monday morning and dashed off towards the wharf, with the Doctor's little girl in the carriage. Dr. Breckwedel attempted to stop the horse at the store, but was thrown to the ground by the lunging of the horse and run over. The horse dashed down High street with the little girl in the carriage, but was fortunately stopped by Dick Barber, one of our carters, before any damage was done. Neither the Doctor nor his little girl was hurt, but both were very much unnerved, and the residents along that part of the street were very much excited, one lady running out in the middle of the road and throwing up her arms in her effort to stop the horse and save the little girl.

The assessment in the Fourth District was finished last week. The total increase in the assessment over 1896 is $322,000 or about 23 per cent. on the basis of 1896. The increase in Chestertown is $275,000, $50,000 of which is upon property which had never been assessed.

## NEWSY GLEANINGS.

Court convenes on Monday.

Winter wheat is looking fine, and there is a fine prospect for a good yield this year.

The colored schools of the county closed for the summer on Thursday. The white schools will be closed about June 15th.

Mr. Wm. R. Pippin has been given the contract for the erection of eight new houses for Mr. Wm. S. Collins on his lot in Santiago.

Mr. Joseph H. Hossinger, a relative of Mr. J. Biddle Hossinger, of this county, has been elected president of the city Council of Newark, Del.

This is the glorious Eastertide, and Washington College and the schools throughout the county are enjoying a recess until Tuesday.

Work has commenced on Mr. Wm. R. Maul's new stores and dwelling in the Burnt District. Mr. Frank E. Duyer has the contract for the work.

The frost and ice of last Monday morning are not thought to have done any damage to the fruit crop. The buds were not sufficiently advanced to suffer damage.

Mr. Edward Newton, the expert landscape gardener, has finished grading the yards around Mr. Thomas G. Wroth's pretty home on Front street, and it presents a most attractive appearance.

Some of our early gardeners are through planting early vegetables. Among the early "birds" are Messrs. James Brice, C. L. Dodd and Isaac Brown, Mr. Samuel Vannort's trusty manservant.

Mr. George H. Cannon has been awarded the contract for the erection of Prof. J. S. W. Jones' new residence on Washington avenue adjoining the property of Mr. D. B. McMenamin. Work has commenced.

Mr. Wilbur Eliason will discontinue farming and remove to Chestertown on Mt. Vernon Place. He will have a public sale of his personalty on April 26th, and some of the finest stock in the county will be offered for sale.

The second game of the Inter-scholastic League will be played on Ford's field this afternoon at three o'clock between Chestertown and Centreville. Church Hill defeated Chestertown again last Saturday, score 10 to 8.

Our farmers have taken advantage of the beautiful weather of the past week to spray their fruit trees. There is a good prospect for a fair crop of certain varieties of peaches, but the general crop will be below the average.

Watch Chestertown grow during the year 1911. There will be more building done in Chestertown this year than for any one year in its history, and yet the population is nearly 300 less than it was in 1900. Who is leaving town?

Rev. J. M. Sheridan, president of the Maryland Conference who was to have preached in St. James M. P. Church to-morrow (Sunday) at 10.30 A. M. and at Lynch M. P. Church at 3 P. M. is sick and will not be present.

Fishermen of Rock Hall caught from 50 to 500 shad to the boat on Monday morning, and have made good catches ever since. The B. S. Ford carried 135 boxes from Rock Hall to Baltimore on Monday, and shipments have been large all the week.

Carpenters, painters, paper hangers, whitewashers and gardeners are busily engaged giving Chestertown its annual renovating, and by the first of May it will be the prettiest town on the Shore, and by far the most desirable place in which to live.

Mr. R. G. Nicholson, proprietor of the Chestertown Ice Plant, hopes to have the plant in operation by next week for the summer. Some needed repairs to machinery, etc., are being made, and just as soon as they are completed the plant will "freeze."

Mr. Charles W. Kibler launched his pretty power boat on Tuesday morning. She is splendidly finished and fitted with a 12-horse Ferro engine for which Mr. Louis K. Stam is the agent, and when the season opens, she will make the fast ones sit up and take notice.

Contractor Walter T. Pippin has been awarded the contract for the erection of Mr. Thomas S. Bordley's fine new store building on the corner of High and Cross streets. The Burnt District will soon be known as Chestertown's Beehive, as things are beginning to buzz over there.

Mr. Harry W. Fallowfield advises us to say that the report that he has resigned as assistant to Mr. John S. Vandegrift, the tonsorialist, is incorrect. Mr. Fallowfield says he had no intention of resigning and is at a loss to account for the rumor, unless it was a belated April fool joke.

Mr. B. A. Johnson, manager of the Washington College base ball team, will please accept our thanks for a season ticket to the base ball games. This is a most considerate act on the part of the genial manager, and we understand that the courtesy has been extended to the city daily papers.

Messrs. W. S. & A. M. Culp have been awarded the contract for the erection of Mr. M A. Toulson's buildings in the Burnt Districts. These will be two handsome stores, and a fine store and dwelling combined. The building will be of red pressed brick front with handsome ornamental trimmings and finely furnished on the interior. Architect Leach designed the buidings.

A lady in Hagerstown had fried eggs for breakfast the other morning. While frying the eggs, she discovered upon looking into the pan that two of the eggs contained lead bullets. Can any poultry fancier in Kent county tell us how the bullets got in the eggs, which were in perfect condition before they were broken for frying?

After July 1st, 1911, rural mail carriers will receive $1,000 per year for route of 24 miles or more and a proportionate increase for routes of less length. Futhermore there will be no danger of consolidation of rural delivery and star route service during the next fiscal year. When the routes were first started the pay was $600 per year and at present $900.

If you want the news *at first hand* and a bright paper that does not hesitate to let the people know what is going on, get the TRANSCRIPT every Saturday. We have received congratulations from all parts of the county on last Saturday's issue, and today's paper is just as bright, although we are crowded with advertisements which in themselves make excellent reading.

Mr. John Mallilieu the well-known trainer and driver arrived at Worton track, of which he will have charge this year, on Thursday of last week, with three promising horses. He will receive four more this week and more the following. He will also handle a large number of local colts including Mr. J. E. Ferguson's, Mr. James G. Beck's and Col. Albert Story's promising youngsters. There'll be something doing out there these good spring days.

Mr. Wm. H. Lambert says that he can't be outdone in any such way as the papers tried to do him up last week. He advises us that instead of 1088 eggs his 32 pullets laid 2078 eggs in January, February and March, as follows: January 561, February 620, March 897. That's pretty good, but Mr. Lambert has yet to produce a hen that laid *two* eggs in one day, such as a certain lady on Washington avenue owned.

A delegation of tax-payers appeared before the Board of Control and Review on Thursday in reference to the assessment in the Fourth District. They asked for a reduction of 25 per cent. in land assessments, and asked the board to compare the assessment in Chestertown with the assessment in other towns on the Shore of like size. The board will investigate the matter. The assessment of land in Chestertown is regarded by many as excessive.

# JOHN B.,

Matinee Record, 2.21;

By Bedworth, Jr., Record, 2.06¼;

will travel this season in Kent and Queen Annes counties.

JOHN B., is a beautiful bay, 15½ hands high and weighed 1190 lbs. March 6th, 1911. Considering his breeding, speed, conformation and qualities, he is second to none in the State. His colts are all fine, and he has to his credit a pair of living twin colts nearly a year old. They are owned by Mr. J. P. Brown, of Queen Annes county, and 'tis said that Mr. Brown would not take $1,000 for them.

JOHN B.'s terms are $5.00 single leap, payable at time of service. $10.00 season, payable at end of season. $15.00 to insure a mare with foal.
