AND so the ladies are becoming interested in Mr. Beck's candidacy. Well, that should be encouraging at least, as the voters do not seem to be very much interested in said candidacy.

THROUGH the kindness of Congressman J. Harry Covington, we have for distribution a bag of garden seed. Any one of our friends will be given a package or two if they will call at the office for them.

JUDGE CHARLES F. HOLLAND, of the First Judicial Circuit, died in Philadelphia on Sunday. The deceased was an able jurist, and was well-known and highly esteemed by the legal fraternity of the Eastern Shore.

SENATOR FOXWELL is the ANTI-ORGANIZATION CANDIDATE. He stands for just laws, low taxes and economy in county affairs, and he is just as good a Suffragetter as is Mr. Beck. Take your choice, ladies.

TWO MONTHS ago Mr. Beck was the *Organization* candidate, two weeks ago he was announced as the *People's* candidate; last Saturday he was announced as the candidate of the *Suffragettes*. What is Mr. Beck, anyhow, and for what does he really stand?

LAST Saturday's issue of the TRANSCRIPT created consternaton in the Organization ranks. The announcement of the Anti-Organization ticket at the request of the candidates themselves was the talk of the people from one end of the county to the other.

GOVERNOR CROTHERS and Chairman John M. Tucker, of the State Road Commission, passed through Chestertown on Tuesday morning on a tour of inspection of the State road. They came to Chestertown on Monday by steamer Corsica and went from here to Queen Annes.

UP TO the present time Mr. Harrison W. Vickers, Jr., has refused to declare his position in the approaching primaries, and the TRANSCRIPT will have something to say in reference to the State's Attorneyship later. It is reported that Mr. Vickers contemplates making a statement in a newspaper to-day.

THE Baltimore American in its issue of Saturday last said that the Republican campaign had closed in a blaze of glory. That glory is all Preston's today, for he won a glorious victory not only against the Republican party, but also against every newspaper in Baltimore city. The closer the fight, the more glory there is in victory.

THE strength of the Anti-Organization ticket is recognized from one end of the county to the other. It is regarded as one of the strongest and most representative tickets that has ever been put before the people, and represents the highest citizenship. Every man on the ticket has the interests of the people at heart, and ECONOMY AND LOW TAXES is stamped upon it from top to bottom.

NEXT in order is the grooming of candidates for the governorship. The TRANSCRIPT was the first paper in the State to advocate the nomination of Judge James P. Gorter, of Baltimore, for Governor, and we believe now as we did at the time we suggested the judge's name, that he will make a most available candidate for Governor, and that he will be a tower of strength to the Democratic ticket. Judge Gorter is popular with all elements of the Democratic party, and is a man of the very highest type of citizenship. It would be a real pleasure for the TRANSCRIPT to support a man of such character and fitness for the governorship as we know Judge Gorter to be.

THE tax-payers of Kent county are enthusiastic for Senator Foxwell's nomination and election, and that's what counts. The ladies are all right, and we believe in the light of events they will use their moral influence for Senator Foxwell, but votes are the things which count in this contest, and the tax-payers will protect their interests by voting for Senator Foxwell, and the rest of the Anti-Organization ticket.

THE announcement by Messrs. C. S. Hurlock and Thomas C. Roe, with the other Anti-Organization candidates created consternation in the Organization ranks last Saturday, and has greatly weakened the Organization ticket. The wisest course now for the Organization to pursue is to endorse the entire Anti-Organization ticket, and save the county the unnecessary expense of a primary contest.

FORECAST for the Organization for the next 24 hours—Mr. John F. Ernest, of the First District for County Commissioner. Mr. E. Thomas Massey has been laid aside again. Mr. Joseph R. Usilton, of the Third District for Treasurer, with Mr. George W. Jones, of the First District, receiving honorable mention. Mr. Ernest stated on Thursday afternoon that he had no idea of being a candidate until he came to Chestertown and talked with the leaders. No one in the First District except Messrs. Isaac Gibbs and Harry Griffith had anything to do with Mr. Ernest's candidacy. He was made by the leaders here.

THE sarcastic reference of the Kent News last Saturday to Messrs. W. B. Copper, James Bramble and Charles S. Hill as Anti-Organization candidates for Judges of the Orphans' Court, has been greatly resented by the many friends of these gentlemen, who are men of the highest integrity and character, and who have just as much right to submit their claims to the people for office as has any one else. The Kent News should realize that neither it nor its friends have a mortgage upon any office in Kent county, and it is a matter for the people to decide who shall represent them. Messrs. Copper, Bramble and Hill are men of the highest honor, and sarcastic references cannot shake the confidence of the public in their ability to fill any office they may seek.

IS IT NOT astonishing what havoc a little piece of paper will sometimes create? The Organization forces are putting up a bold front by trying to make light of what they call the "Contract candidates." But nothing that has happened in the last six months has played such havoc with the Organization forces as has that little "Signed Contract." The shock was felt from Sassafras to Eastern Neck Island and echoes like ripples on a placid stream, are still coming ashore. That "Scrap of Paper" is no farce. It is the sign of loyalty, honor, and the highest integrity, and by that sign every candidate who affixed his name will conquer in the primaries, because they stamped themselves as men who are not afraid to let the people know where they stand in this fight which means so much for the people.

YOU NOTICE the Kent News is not saying a word about any other of their candidates except Mr. Beck. Is that not a sure sign of the way the wind is blowing? Their fight is for Beck, and that means a fight against the tax-payers. Don't shut your eyes to that fact, Mr. Tax-payer. Beck will never win in the world if the tax-payers care anything for their interests. He stands pledged to the road engineer and the most expensive road law Kent county ever had. He can't repeal it, if he wanted to do so, because he helped frame the bill, and worked hard for its passage. It makes no difference what they say about it. The Governor has appointed the road engineer for six years at the solicitation of Mr. Beck and others, and the Organization would be discrediting their own acts to attempt to repeal the law. Beck is for the continuance of the road engineer, and that is one great reason why the Kent News has lost sight of all other candidates save Beck, because they don't want to lose control of the roads. Don't you see the game, Mr. Tax-payer and Voter? They don't care a whiff for Redmile, Ayres, Brice or VanDyke. They want Beck because that gives them control of the roads through this engineer system.

THE ANTIS ARE ECONOMIZERS.

The Board of Almshouse Trustees held their monthly meeting at the county home on Wednesday and closed up the year's business. The result of the year is very gratifying to the board, of which Mr. George Hudson is president, and Mr. J. Hydie Thompson secretary, and should be extremely pleasing to the tax-payers to know that they have men on the board who are careful in the expenditure of the people's money. The present board spent during the year just closed **$9995** less than was spent by the old Organization Board. Notwithstanding the fact that the present board was compelled to pay a number of bills that should have been paid by the old board before it went out of office. The present board has run the county home during the past year very satisfactory on about $3200, while the disbursements of the old board for the year before amounted to nearly 4200. The present board is to be congratulated upon its good business methods and its interest in the tax-payers welfare. It is but another evidence that the people made no mistake in entrusting the management of county affairs to the Anti-Organization forces, who are sincere in their desire to give the people an economical and businesslike administration.

SEVERAL Organization gentlemen were discussing the announcement of Messrs. C. S. Hurlock and Thomas C. Roe as Anti-Organization candidates on a certain church lawn last Sunday morning, before church, and one of them said, "Why, the leaders told us in Chestertown that these two candidates were Organization candidates, and led us to believe that they always had been." Another replied, "Why, the idea of those people not knowing conditions any better than that. These two candidates have always been Anti-Organization candidates, and the leaders have fooled us into believing that they are Organization men. They have fooled us, and such leadership as this can never do anybody any good. The Organization is licked to a standstill, and they may as well stop where they are."

THE editors of the Kent News are the only people in Kent county who see any enthusiasm in the candidacy of Mr. Beck. The Organization forces are endeavoring to hold their adherents in line by statements that they are going to win every man on the ticket, when from the inside comes the information that the Organization forces are split to pieces, the leaders are jealous of each other, and they have no more hope of winning a single man on their ticket than they have of flying. Their only hope is Mr. Beck, and if they lose him, they are completely down and out, and they really believe they are going to lose Mr. Beck now, because they realize that the people are awake to what Mr. Beck's nomination means to them. They know that Mr. Beck is a very large part of that Organization which passed those laws in the last Legislature, and Mr. Beck encouraged their passage for political reasons. Such a course as was pursued by the Organization in the last Legislature, cost the tax-payers of this county thousands of dollars and not one particle of benefit, and now to nominate a man who helped to frame these laws and who encouraged their passage, would be, it seems to us, the most foolish thing in the world for the tax-payers to do, if they care for their financial interests. The only reason why the Organization forces are so anxious for the nomination of Mr. Beck is not that they really mean to benefit the tax-payers by Mr. Beck's nomination and election, but that they may control the State appointments, hold on to the county roads, and prevent the passage of such laws as will be of benefit to the people. With Mr. Beck in the Senate, any legislation which the Organization forces did not want would be blocked, and it would give them the same opportunity to play politics with the people's interests that they had and accepted in the last Legislature, and conditions would be practically the same as they are today. With Senator Foxwell, Charles L. Miller and James G. Harris in the Legislature, the people would get what they want, because these gentlemen would work in harmony for the people's welfare. Mr. Beck's nomination means discord, and the people should be wise to their interests.

PEOPLE'S COLUMN.

☞ The columns of the TRANSCRIPT are open to the proper discussion of all topics of public interest or importance. Whether the editors agree with the sentiment expressed or not, the people should and may be heard through the TRANSCRIPT's columns—the paper will be the People's Forum from which they may be heard on all subjects—purely personal matter excepted. The Editors are not responsible in any manner for articles that appear in this column.

HERE IS A STORY WITH A MORAL.

There was once a man who for 30 pieces of silver sold his honor and integrity. He got the 30 pieces of silver. He afterwards went and hanged himself.

Now-a-days we see people in like manner damning themselves, perhaps getting the office. But just as surely they hang themselves as did Judas Iscariot. Who is this traitor?

Result of Baltimore Election.

In the mayoralty election last Tuesday in Baltimore, Mr. James H. Preston was elected mayor of the city by a majority of 630, while other democratic majorities ranged from 4,108 to 6,116. Mr. Preston was the target, and in the face of the odds, his election is a brilliant victory. Both branches of the city council are democratic by overwhelming majorities, and the election demonstrates that almost under any circumstances Baltimore city is safely democratic. The result in the city only foreshadows the result in the state in the fall, and with a man like Judge Gorter for Governor, the democrats will sweep Baltimore city by at least 10,000 majority. Mr. Timanus made a good run, but as usual was on the wrong side of the result.
