The P. O. S. of A. Meet in Baltimore — Wm. E. Valliant Elected one of the National Officers.

The biennial convention of the National Camp, Patriotic Order Sons of America, held in Baltimore this week.

In the absence of the national president. Mr. A. J. Colborn, Jr., of Scranton, Pa., the meeting was called to order by the national vice-president, Mr. Edward Doan, of New York. Mr. Doan made an address in which he referred to the encouraging work of the order and spoke of the Constitution of the United States, which, he said, had been maintained over a century, while other governments had made and rejected over 400 constitutions. The speaker also referred to the public school system of this country and the purpose of the order to uphold that system and restrict immigration He suggested that Congress be urged to abolish indiscriminate immigration and advocated compulsory education.

The nominations for officers were made and the remainder of the morning session was devoted to the appointments of standing committees with the following chairmen: Auditing, chairman, C. H. Pardee, of Maryland; appropriations, chairman, John G. Horner, of New Jersey; resolutions, chairman, James H. Wolfe, of Pennsylvania.

At the afternoon session the following were elected:

Chaplain—Rev. D. E. Rupley, of Pa.
Conductor—John L. Dill, of Ohio.
Inspector—F. W. Alexander of Virginia.
Guard—Henry W. Ray, of Kentucky.

The membership of the Order during the last year has been increased by ten thousand. The total membership is now 158,000.

An Interesting Chancery Case.—An interesting case has been engaging the attention of some of our prominent lawyers during last week. It is the case of Mrs. Frances P. Reed vs. S. Amos Reed et al, in a suit to set aside a deed executed by the said Mrs. Frances P. Reed some time ago. By the provisions, of the deed Mrs. Reed deeded her farm to her son, Amos, for life, reserving a life estate in the same, the remainder to be given to the children of said S. Amos in fee. Mrs. Reed claims that she was unduly influenced at the time of the execution of the deed, and hence her effort to have the same set aside. The testimony in the case is being taken by Lewin W. Wickes, Esq., as examiner. Marion deK. Smith, Esq., of Chestertown, and S. S. Field, Esq., of Baltimore, are the attorneys for Mrs. Reed and William W. Beck, Esq., and Rich'd D. Hynson, Esq., represent S. Amos Reed and children. The case will be decided by the circuit court.

Patent for a Veneer Basket.— Mr. Elmer E. Leary. of Rock Hall, has been granted a patent for a hoop for a veneer basket. The hoop consists of a strip of wood combined with a wire which is closely coiled around the same, and its ends attached to the ends of the strip by a relatively closer wrapping, the whole being bent around the basket and secured thereto by means of a nail,, which is driven through the looped ends of the strip and between the closely wrapped portions of the wire into one of the staves. The patent was filed January 31, 1903. The hoop is designed to give strength and durability to the basket.

WASHINGTON COLLEGE NOTES.

The outlook for the college presents brighter prospects at the present time than at any time in its history. About one hundred and twenty students have entered already and more are coming later.

The opening exercises were held in the chapel at 9 o'clock Monday morning. After Scripture reading and prayer, the new president, Dr. Cain, delivered a very interesting and profound address, in which he presented many of the plans of government which he intends to pursue during his administration. He stated that it was his determined purpose to act with absolute justice to all. "You will always have a hearing," said he, "when reported, but, if guilty, the punishment will be inflicted, and you will have to take the consequences; if you get a little mercy at times that will be to my discretion." The sentiments expressed in the address seemed to coincide exactly with those of the students, and they expect to be treated by him with justice on all occasions. He also stated that he would endeavor to bring about as many improvements as possible for the comfort and benefit of the students. He thinks that within a year steam heat will be used in the East and West buildings.

The appreciation of Dr. Cain on the part of the students was clearly exemplified Monday night, when the boys all dressed in amusing white uniforms, congregated in front of his dwelling and there rendered an appropriately arranged program as a serenade. After the first song was sung and the opening address was made by one of the upper classmen, Mrs. Cain appeared on the porch and to the disappointing astonishment of the "white brigade" announced that Dr. Cain was not at home. However, notwithstanding the "rubber," the the boys quietly disappeared around the terrace and remained there until one of the spies announced that the Doctor had returned home. Then the crowd reassembled in front of the residence and began the serenade again, After the address was made Dr. Cain appeared on the porch and at the request of the crowd made a very excellent speech, in which he heartily expressed his appreciation for the honor conferred upon him by this act of the students. Then after another yell was given the crowd dispersed, blowing fish horns and playing horse fiddles.

No doubt the election of Dr. Cain to the presidency of the college is a very advisable step. He is recommended by many who know him as a very worthy teacher and competent executive. It is to be hoped that the student body will unite with the faculty in hearty cooperation with him in all his efforts for the welfare of the college as a whole.

Many of the new students this year come with worthy recommendations from the high schools of the various Eastern Shore towns, and it is believed that they all will uphold the reputation of the college in oratory, athletics and every other feature of such institutions of learning.

A LENGTHY and diversified program was presented by Barlow and Wilson's Minstrels at the Academy last night. The program is thoroughly clean and refined.—*Richmond Dispatch.*

School Girls

Young girls at this period of life, or their mothers, are earnestly invited to write Mrs. Pinkham for advice; all such letters are strictly confidential; she has guided in a motherly way hundreds of young women; and her advice is freely and cheerfully given.

School days are danger days for American girls.

Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

Perhaps they are not over-careful about keeping their feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others, are symptoms all indicating that woman's arch-enemy is at hand.

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

A Young Chicago Girl "Studied Too Hard."

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of **Lydia E. Pinkham's Vegetable Compound and Liver Pills.** When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give **Lydia E. Pinkham's Vegetable Compound** a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more.—LILLIE E. SINCLAIR, 17 E. 22d St., Chicago Ill."

"Miss Pratt Unable to Attend School."

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much **Lydia E. Pinkham's** wonderful **Vegetable Compound** has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.

"I recommend it to all young women who suffer from female weakness."—MISS ALMA PRATT, Holly, Mich.

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life.

$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.
