THE public school at Galena, Prof. George Medders, principal, has been closed until further notice on account of diphtheria. There are but few cases but the trustees thought it wise to take every precaution to prevent the spread of this awful disease.

THE Chestertown Board of Commissioners purchased 500 feet of new hose Saturday. This is a step in the right direction. Now, station a reel of hose in four different locations about town and purchase a number of small fire extinguishers. Do it now Don't wait for another fire.

THE Peninsula Horticultural Society elected the following officers: James S. Harris, Still Pond Md., president; Samuel H. Derby, Woodside, vice-president; Wesley Webb, Dover, secretary and treasurer. The next meeting place is Chestertown.

A resolution was offered for the society to commit itself on the Chinese labor question. The resolution was voted down until next season, but it is evident it is the desire of the society to have Chinese labor.

THE OUTLOOK FOR TOMATOES

Hugh S. Orem, president of the Booth Packing Company, of Baltimore, writing of the tomato outlook says that last year's depressed market was caused more by injudicious selling than by oversupply of the market. The packer's horizon is now clearing. 2,000,000 less cases were packed last season than during the previous one, and it is safe to assume that the season's entire pack will have been consumed before next August. The price for tomatoes remains to be adjusted by canners and growers. As announced last week the only price named was $6.50 per ton and that was by Redden & Co., Caroline.

VERDICT FOR $4 000

"We find in favor of the plaintiff, and we assess the damages at $4,000."

This was the sealed verdict which the jury in the slander suit brought against Mrs. Isaac E. Emerson by Police Captain Bernard J. Ward returned in the Superior Court, Baltimore, Saturday morning. After it had been announced Captain Ward, who was present with his counsel, Mr. William Colton, said: "I regard the verdict as an entire vindication, and am perfectly satisfied with it. I did not want the money."

A motion for a new trial was filed later in the day.

JOHN SIMPERS, 22 years old, a horse thief, who is now serving a term of eight years in the Maryland Penitentiary, is suspected by the police as having committed the murder of Mr. Albert Constable, near the latter's home, at Elkton, Cecil county, August 18 last. Simpers is a native of Elkton, and he was convicted there last December for stealing three horses. He received a sentence of eight years and entered the Maryland penitentiary December 24, 1904. The shooting of Mr. Constable occured August 18, 1904.

Detectives Weaver and Dougherty learned that Simpers had been seen at the bottom of the hill where Mr. Constable was shot on several occasions just previous to the murder. The detectives found two women who knew Simpers and say they saw him at different times, but always at the same spot at the bottom of the hill. One of them Mrs. Agnes Frunk, who lives between Elkton and Iron Hill, is said to have told Detectives Dougherty and Weaver that she saw Simpers at the bottom of the hill just previous to the time that Mr. Constable was shot, and that she saw him go in the direction which Mr. Constable had taken.

The other woman, Annie Gould, colored, who lives near the bottom of the hill, is said also to have informed the detectives that the murder was committed, and also the day before. Neither of the women can recall having seen Simpers after the assault on Mr. Constable. The women are positive that they saw Simpers on August 17 and 18, the latter being the day of the murder.

After having heard these statements Detectives Weaver and Dougherty visited Simpers in the penitentiary, and they say he gave them an account of his movements, which upon investigation, they claim are not true.

THE Russians have struck for freedom and have the sympathy of all true Americans. The Czar's advisers lost their heads when they refused the strikers a hearing. On another page will be found news of the awful massacre.

THE blizzard of 1905 will go down into history as equal to that of 1895 and 1899.
