FOR SALE:

Valuable Farm of 200 Acres

Farm situated on left side of public road when going north, between Rock Hall and Golchester, at the beginning of the intersection of the Swan Creek road and running north.

The improvements consist of a NINE-ROOM DWELLING, Barn, Granary, eight-stall Stable and Loft, Carriage House, Meat House, Galvanized Iron implement Shed. Under fence in good condition. Divided into four fields. The owner's reason for selling: he lives in St. Petersburg, Fla., and is too far to give personal attention. Address

Price, One Bottle.

The movie, or "cinema" as it is called there, has become an extraordinary social influence in England. In the villages which have grown up around the "coal-pits," in which many of the houses consist of only one room, and lack all the evidences of civilization, one can always be sure of finding a public house and a "cinema." Some of the proprietors of these cinemas do not charge a coin for admission in the case of children. Instead of money, the child presents a bottle, which is sold to the manufacturer of liquor, and afterward returned to the public house of the same village, to begin again its round to the parent of the child, to the movie, to the distillery and back to the saloon.—Christian Herald.

First Bombing Balloons Futile.

The first bomb dropping balloons were humble enough and equally futile. Balloons had been used in war as early as the siege of Maubeuge by the Austrians for observation purposes. The first talk of bomb dropping was in 1812, when the Russians were said to have had a huge balloon for that purpose; but nothing was done with it. In 1847, however, the Austrians, when attacking Venice, sent up paper fire balloons, which were to drop bombs into the town. But they forgot to allow for contrary air currents. The balloons got into such a current and, drifting back over the Austrian line, bombed them, instead of Venice.

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, weakness, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."—Mrs. ALICE HELLER, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience.

If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

Are You Doing Your Bit

The Government is needing large quantities of COTTON DUCK to fit out the ships to carry on the war and every yard the mills can produce should be made and delivered at the earliest moment. Men have been taken to carry the guns and women must take their places. Wages, such as labor never got before are paid to meet this want and all those that can do the work should step forward. We have about 40% of our plant idle that can produce what the Government requires, if those that labor do their part. We are now paying women as:

Weavers from	$2.50 to $6.00 per day
Spoolers -	$1.80 per day
Spinners -	$2.50 per day
Young men-	$3.00 Per day

and other work in proportion.

If you want to help, and at the same time be well paid for doing it; write to, or call on:

Concerning Time

If you had to sit perfectly still for five minutes, with your eyes closed, you would probably imagine the time much longer. It is the same way at the telephone. While waiting for the operator or the person called to respond, you may think several minutes have gone by. But very seldom is this true; generally it is a matter of seconds. Forty seconds may sometimes seem like three minutes—but it's still forty seconds. Please try to be just as patient at the telephone as at, say, the grocer's counter.

Why Tolerate a Hot Kitchen?

Use a New Perfection Oil Cook Stove. It will do your cooking perfectly, give you a cool kitchen—and free you from the dirt, work and discomfort, from coal, wood, ashes and smut. The long blue chimney gets every atom of heat out of the kerosene and concentrates it directly on the cooking utensil or oven.

The New Perfection lights like gas and can be instantly and accurately regulated for any cooking need. It bakes, broils, roasts, boils or toasts to perfection—with no smoke, smell or dirt. And it keeps the kitchen cool.

Made in 1-2-3-4 burner sizes, with or without cabinet top and oven.

Ask your dealer about the New Perfection Kerosene Water Heater.

Use Aladdin Security Oil—Always available, inexpensive.
