SATURDAY, JULY 8, 1911

DEMOCRATIC TICKET.

Subject to the next primaries.

FOR STATE SENATOR:
GARRETT FOXWELL.

FOR LEGISLATURE:
JAMES G. HARRIS,
CHARLES L. MILLER.

FOR COUNTY TREASURER:
CLARENCE S. HURLOCK.

FOR SHERIFF:
WILLIAM H. McKEE.

FOR COUNTY COMMISSIONERS:
W. FLETCHER MELVIN,
HARRY NICOLS,
THOMAS C. ROE.

JUDGES OF ORPHANS' COURT:
JAMES BRAMBLE,
W. BRADFORD COPPER,
CHARLES S. HILL.

THE Organization may forget, but the Antis never. We all know how the Organization kept the schools in politics in days gone by, and the people want no return to those days.

MRS. DONALD HOOKER and Miss Mary Melvin, of Baltimore, representing the Just Government League, will speak on the court house green next Tuesday afternoon at 2.30 o'clock. Come out and hear what the ladies have to say on "Equal Suffrage". The TRANSCRIPT is for the ladies every time.

THE Beck organ is trying to tell the tax payers what caused the tax rate of $1.22, and they are not saying a thing. Why don't they tell the people what caused the $1.85 tax rate? Come, now, boys, be square, and let's hear you tell the people the story. Afraid to speak out? Well, now, don't be afraid. Show your nerve, and get on the job.

THE TRANSCRIPT appreciates heartily the assistance of the Kent News for a "Home Coming" week for Chestertown as soon as the improvements now in progress are completed. The TRANSCRIPT first suggested such a celebration some months ago and we shall be glad to have the assistance of the News in bringing about a fine demonstration in honor of the completion of the improvements.

A DIFFERENCE of $142.09 in the expense of conducting the office of the County Commissioners in 18 months under the Antis is not a bad record. The difference between the Antis and the Organization faction is THE ANTIS KNOW HOW TO SAVE THE PEOPLE'S MONEY AND THE ORGANIZATION KNOWS HOW TO SPEND IT. That's the truth, Mr. Tax-payer. Now where do you stand—with the faction that saves your money, or the one that has spent so much of it.

IT IS A SHAME to drag the public schools of the county into politics. The schools have been out of politics since the Antis have been in control of affairs, and the effort to make them a political issue in this contest is directly chargable to the Organization which used the schools as a political asset when *they* had control of affairs. The people of Kent county should insist that their schools be let alone, and the present efficient system maintained. If politics is allowed to get into our school system as it was a number of years ago, they will be no better managed than our roads and bridges have been under Organization control.

MR. FRED G. USILTON, correspondent for the Baltimore Sun from this town, in a special to that paper on Monday in reference to the political situation in Kent county, among other things said: "The candidates are divided into two sharply defined factions, one, headed by Hope H. Barroll, urging that the roads be placed in the hands of the County Commissioners and the other advocating the employment of a road engineer." This statement, coming from a source that represents the interests of Mr. Beck and Mr. Isaac Gibbs, Jr., the road engineer, as well, is significant. It is an admission by the editor of the Beck organ that the issue in this campain is the control of the roads of the county, and that the Organization faction stands committed to the road engineer and a continuance of such supervision as we have had for the past year, while the Antis are in favor of placing the supervision of the working of the roads, whether it be done by the engineer system or otherwise in the hands of the County Commissioners, *just as it is in every other county in the State except Kent county.* The despatch to the Sun on July 3d sent by Mr. Usilton, places the Organization faction squarely in favor of a continuance of the road engineer in office, and this admission, though never having been made through the columns of Mr. Usilton's paper here, is all that the tax-payers of this county should need to let them know what they may expect in the event of the nomination and election of Mr. Beck for the Senate. The Organization stands committed to the continuance of Mr. Gibbs as road engineer, and the Sun correspondent checks it.

PRIMARIES AUGUST 29th.

Chairman Murray Vandiver and Chairman John B. Hanna have agreed upon Tuesday, August 29th, as the day for holding the primaries. All nominations, both for State and local offices will be made in the primaries by both parties. The primary will be conducted under the Lee law, which was enacted by the last Legislature.

SENATOR FOXWELL has a forcible letter in this issue explaining his position on the socalled Haman Oyster Bill, concerning which the friends of Mr. Beck have been endeavoring to make political capital among the oystermen of the county. Senator Foxwell in a plain, honest and straightforward statement, explains the matter in a most satisfactory manner, and we are quite sure that the oystermen of the county will thank him for his efforts in their behalf rather than censure him for doing something that has not done one particle of injury to their interests. We hope every oysterman in the county will read the letter and satisfy himself as to just what Senator Foxwell did for them while he was a member of the Senate. The oystermen and fishermen of this county may rest assured that their interests will be absolutely safe in the hands of Senator Foxwell, Charlie Miller and James G. Harris.

WHAT ROAD LAW SAYS.

In regard to the amount of money required by law to be levied for use on roads and bridges by the County Commissioners, the Road Law says:—

"167B, The County Commissioners of Kent County shall, at the time of making their annual levy, levy upon the taxable property of said County a tax of not less than twenty cents on the hundred dollars, which shall be used for the repair and reconstruction of public roads and bridges in said County, which taxes shall be levied and collected as are other county taxes. The said County Commissioners may appropriate or levy such other sum or sums of money as they may deem requisite for building of new bridges and opening new Roads, and for repairing and reconstruction public roads and bridges in said County. All of the taxes levied and collected under the provisions of this section shall be disbursed by said County Commissioners upon the Roads and Bridges in said County and in the manner hereinafter provided, and in no other."

It can be readily seen from the above extract that it is the Commissioners who may or may not be economical, and not the law, for while not less than 20 per cent. of the taxable basis must be levied, as much more may be levied as the *Commissioners think necessary.* So it depends altogether upon the character of your Commissioners as to wether the law will be economically administered. If you think Thomas C. Roe, W. Fletcher Melvin and Harry Nicols are the kind of men, and we *know* they are, who will administer the affairs of the commissioners office in the interest of the tax-payers and of economy, you are foolish not to vote for them if you care anything for your interests. But a vote for Beck for senator will kill the influence of these men in the commissioners office. Vote for Foxwell.

KEEP THE SCHOOLS OUT OF POLITICS.

The effort of the Kent News last Saturday to make a political issue of our public schools is as deplorable as the motive back of it was apparent. The reference to Mr. John P. Ahern, one of the leaders of the First District, and a man in whose personal, political and business integrity we have the highest confidence, was so apparent as makes it unnecessary for especial reference. It may be said to the exceeding great credit of Messrs. John P. Ahern and W. B. Copper that during their incumbency in office as school commissioners the schools of the county have been conducted with an eye single to their moral and educational welfare, and politics have been kept out of the system to the great honor and credit of those in authority. To ruthlessly thurst the schools again into politics by making an issue of them in this fight, and to boldly insinuate that the motive behind the Organization's desire for Mr. Ahern's appointment as a member of the school board was to control the public school system, should be resented by every one of Mr. Ahern's friends as an attempt to impute to Mr. Ahern improper motives and to infer that he, too, is a tool in the hands of the Organization leaders here for managing their interests in the public school system. Our public schools are better officered, have a better corps of teachers, are better disciplined, and are freer from the baneful influences of politics than they have been since the days of the late lamented Eben F. Perkins, whose memory every teacher, scholar and official reveres. It would be a calamity, therefore, to disturb the equinimity of the system by dragging the public schools into this controversy, and every fair-minded man will deplore the effort of the Organization to make political capital out of a system which should be free from political influence. Every one remembers the days when the public schools were used as a political asset by the Organization. We recall an incident in recent years to show how absolutely under the influence of politics the schools of the county were under Organization control. A lady well-known to many people in Still Pond, Kennedyville and Lynch applied to the school commissioners for a position as assistant teacher in one of the county schools. One of the commissioners replied to the lady by asking her HOW MANY VOTES SHE COULD DELIVER TO THE ORGANIZATION. The lady, justly incensed at the idea, replied by saying that if the securing of a position to teach in the public schools of this county is conditioned upon how many votes any one could deliver to the Organization, she did not want the position, AND SHE DID NOT GET IT. Ask Mr. J. Biddle Hossinger to corroborate this statement. Let us have no return to such deplorable conditions as these, and we believe that Messrs. Ahern and Copper will resent to their utmost the effort on the part of the Kent News to make a political issue of our public schools in this contest. Better a thousand times make an open and honest confession as to the ruthless waste of the people's money on the roads than to seek to drag our public schools again into politics.

DIFFERENT KINDS OF MANAGEMENT.

Those departments of our county government which have proven so expensive to our tax-payers and so badly managed, namely—THE ROADS AND BRIDGES, THE LEGISLATURE AND THE ROAD ENGINEER, have been and are UNDER THE CONTROL OF THE ORGANIZATION. About the only thing that has proven economical to the tax-payers is THE COUNTY COMMISSIONERS OFFICE, which of course includes the treasurer's office, and that is UNDER THE CONTROL OF THE ANTI-ORGANIZATION. The commissioners levied the lowest possible amount they could levy under the extravagant road law. *They could have levied as much more as they pleased,* if they had not been considerate of the welfare of the tax-payers. It was the Anti-Organization Board of Commissioners who were economical and not the Gibbs Road Law, for he has spent every dollar of the appropriation *and $130.42 of this year's appropriation.* The departments controlled by the Organization caused the tax rate of $1.85 in 1910, while the departments managed by the Anti-Organization reduced that rate to $1.22 in one year. Let the tax-payers nominate Foxwell, Harris and Miller, the Legislative ticket *for* the people and *of* the people, and the Anti-Organization faction will prove to them that we can pass more beneficial laws, can manage the roads and bridges more efficiently and to the greater good of the tax-payers, and we shall thereby reduce the burdens of the tax-payers. Give the Antis the chance. You gave them the commissioners office and they made good. You tried the Organization for years, and they passed bad laws in the Legislature and saddled a tax rate of $1.85 on you by wasting your money on the roads. Now give the Antis the LEGISLATURE—the SENATOR AND DELEGATES—FOXWELL, HARRIS AND MILLER, and you will see the same kind of economy in these departments that you have experienced in the county commissioners' office during the past year.

Playing Great Ball.

Mr. Thomas Kibler, son of Mr. Charles W. Kibler, of this town, and athletic director in one of Ohio's big Universities, is making a most enviable record as a ball player in the West, and is simply setting the circuit in which he plays afire with his wonderful work. One of the Ohio papers in speaking of the great work of Kibler says:

"Tommy Kibler's work at short was gilt-edged during the series with the Cobblers. His playing was such that he even had the Portsmouth fans pulling for him. Down at Portsmouth the Columbus lad is a popular favorite, and if they could possibly pry him loose from the Babies he would be wearing a Cobbler uniform in a minute. Ask any one, fans, sport writers and all, who is the best short fielder in the league, and they dont hesitate a moment to reply Tom Kibler. There is one safe bet, however, and that is that Tommy will not join the list of former Babies answering Pete Childs' roll call. No chance."

More Wheat Yields.

Mr. Harry C. Willis' yield was 2,309 bushels, a very good one for this year.

Mr. John P. Nicholson got an average yield of 20 bushels per acre.

ANDREW W. VANSANT,
AUCTIONEER,

will cry sales in Cecil, Kent and Queen Annes counties; also in Delaware.
Prompt attention and quick service guaranteed. Address,
ANDREW W. VANSANT,
July 1-tf. Galena, Md., R. R. No. 1.

Proposals for Coal.

Office of Board of School Commissioners:
Chestertown, Md. July 6th, 1911.

Proposals will be received at this office up to eleven o'clock JULY 18th, for supplying the Public Schools of Kent county, Maryland, with the best stove coal, 2240 lbs. to the ton, to be delivered as follows:

Millington	24 tons
Golts	18 "
Lambson	24 "
Kennedyville	27 "
Worton	34 "
Betterton	27 "
Rock Hall	78 "
Chestertown	54 "
Chestertown (bituminous)	40 "

(or alternate bid 40 tons lump coal.)

All coal to be delivered before the last day of August at points named.

Bids will be received for contract to supply all of the above or amount needed at any one or more points as indicated.

Bids will also be received for hauling and delivering coal to bins at the several school houses.

The School Board reserves the right to reject any or all the bids and to increase or to decrease the quantities.

jy8-2t. MILTON MELVIN, Sec'y.

THE HAMAN OYSTER LAW.

A LETTER FROM SENATOR FOXWELL TO THE OYSTERMEN OF KENT COUNTY.

It has been stated to me that efforts were being made to misrepresent and discredit me before the Watermen of Kent County, because of my action in voting for the Haman Law of 1906. I desire, therefore, to make the following plain statement in order that my position may be clearly understood by every oysterman in the county.

It is a well known fact, and the daily press of January 1906 will bear out my statement, that the Haman Oyster Law as it was framed in Baltimore City and presented to the Legislature could and would have been easily passed through that body. It was of such an unfair and offensive character that its passage would have worked great harm to the oystermen of Kent and of every tide water county in the State.

Because of this fact the Democratic Senators from all the Oyster Counties, including among others Senators DASHIELL, of Somerset County; KIRWAN, of Queen Anne County; GADD, of Anne Arundel County; and myself, representing Kent County; held a meeting and determined at any hazzard to defeat the passage of the Haman Oyster Bill in the shape in which it was first drawn and presented to the Legislature. We all knew it could be fought and driven through the Legislature. That it was hopeless to prevent its passage in some form. They had the votes and could pass it. But there were other important Laws to be passed and the vote of every Democratic Senator was needed to pass them.

Because of this the Senators from the Oyster Counties agreed to stand together as a unit. We notified the leaders of the party that if the Haman Law, as first drawn, was driven down our throats we would absolutely decline to support certain other measures the leaders were so anxious to have passed, that we were for our home people first. As the result of our attitude the Haman Bill was amended and we agreed to vote for it in its amended form. These amendments were bitterly denounced by its friends and by the Baltimore Sun. Our Oystermen were relieved of the serious danger which threatened if the original Bill had been passed because *its fangs were drawn, its teeth pulled.*

It was voted for not because we approved of it, but because it was the best terms we could get, and because it was our duty to do the very best we could for our constituents.

I now ask, is there a single oysterman in Kent County who will publicly state that during the past five years he has caught one single half bushsl of oysters less than he would have caught if this "Amended" Bill had not been passed?

I now ask, is there a single oysterman in Kent County who will openly declare that he cannot now catch oysters from one single acre of ground in the Chesapeake Bay or in the Chester River, from which he could have caught oysters if the "Amended" Haman Bill had not been passed?

There is not one single oysterman in Kent County who is worse off by the Haman Oyster Law as it was passed, and by the action of the Senators from the Oyster Counties which I have mentioned. On the contrary they have, by our action, been saved great hardships and have retained valuable rights of which the Original Bill would have deprived them.

I shall be glad to meet any oysterman who can show he was damaged by the passage of the Haman Oyster Bill. I feel satisfied that the oystermen of this county approve our action in getting for them the best we possibly could get, our course was at the suggestion of Ex-Senator APPLEGARTH of Dorchester County, who was at that time recognized as the leading friend of the oystermen and who as Senator had defeated the Original Bill in 1904.

Very respectfully yours,
GARRETT FOXWELL.

ESTRAY NOTICE.

There came to my farm on or about June 1, 1911, a black sow and seven pigs. The owner will please came forward, pay charges including the cost of this advertisement and take them away, otherwise I will dispose of them according to law.
