Inhales Fumes From Gasoline.—Albert Rochester, son of the late John McC. Rochester, residing near Church Hill, is in rather a precarious condition from inhaling gasoline fumes. Mr. Rochester went to Tolchester Sunday afternoon to take a relative to meet the boat and was returning alone, when near Fairlee, his car began to run bad and with some difficulty he managed to get about a mile this side of Fairlee. Thinking the trouble was due to a clogged pipe he disconnected the same and endeavored to free it by sucking on same and he became strangled when the gasoline came with a rush, and it was some seconds before he could regain his breath. He was brought to Chestertown and was given treatment by Dr. H. G. Simpers and then taken to the home of his sister, Miss Lillian Rochester, in Church Hill. His condition is somewhat improved.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. Crumling, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. Elise Heim, R. No. 6, Box 83, Lowell, Mich.
