THE THIRD NATIONAL BANK

of Chestertown, Md.

THE ONLY NATIONAL BANK IN THE COUNTY.

What Makes a Bank Strong?

In judging a bank always remember that it is CAPITAL, SURPLUS and UNDIVIDED PROFITS that give SECURITY to the DEPOSITOR, because that money stands between you as a depositor and any possible shrinkage or loss that may fall upon the bank. The above reasoning together with the conservative yet liberal management of its board of directors, and the constant inspection of the Comptroller of the Currency has made the THIRD NATIONAL the LARGEST BANK in the county, and the THIRD LARGEST on the Eastern Shore.

☞We pay interest on all Savings Accounts.

Capital	$50,000.00
Surplus and Undivided Profits	42,000.00
Assets over	830,000.00

AN OLIVER GANG PLOW

To Break Your Fallow Ground.

Mr. F. T. Perry, of Barclay, Md., says of the one he bought of us last fall: "I plowed about 40 acres of my corn ground this spring with my plow, and expect to plow my fallow with it. I would not take a hundred ($100) dollars for it if I could not get another."

Mr. James A. Lee, of Chestertown, Md., is also highly pleased with his of the same make.

Miss Dudley Killed by Gas.

Miss Kate Holland Dudley, daughter of Mr. and Mrs. Hiram G. Dudley, of Baltimore, was found dead early Sunday morning in the bathroom on the third floor of her home, 1214 North Charles street, with gas flowing from two open jets. The discovery was made by her brother, Mr. Frank S. Dudley, who, detecting the odor of gas, traced it to the bathroom. The door was locked and after forcing it open, he found his sister lying on the floor, face upward, and attired only in her sleeping robes.

Two physicians were hastily summoned and after an examination pronounced the young lady dead, saying that she had expired several hours before. Coroner Roland T. Abercrombie, of the Northern district, after investigating the case and hearing the facts, gave a certificate of accidental death, due to asphyxiation by illuminating gas.

It is believed by the members of the family that after preparing for bed Miss Dudley returned to the bathroom for some article which she had left behind. In turning the valve which permitted the gas to flow through the jet it is believed that Miss Dudley inadvertently opened the cock which connects with a gas heater. Both valves are on the same pipe and but about a half an inch apart. Miss Dudley's parents base their belief on the fact that when the young lady was found her hair was arranged as if she had been ready to retire. The covers on the bed in her room were turned back, but it had not been slept in.

The young lady was 29 years old, and was very popular in Baltimore, Queen Anne's county, and in this town, where she frequently visited friends. She was a cousin of County Commissioner, C. Bradford Dudley, of this county. The funeral services were held on Tuesday.
