HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—MRS. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

TOTAL COST OF WAR PUT AT $200,000,000,000

GERMANY OWES $35,000,000,000

The direct cost of the war for all beligerent nations to last May 1 was reported at about $175,000,000,000 by the Federal Reserve Board bulletin and it is estimated that the cost will amount to nearly $200,000,000,000 before the end of this year.

About $150,000,000,000 of the total war cost has been raised by the war loans of various nations and comparatively little by taxation. The public debt of the principal Entente Allies is calculated at approximately $105,000,000,000, or more than twice the aggregate debt of the Central Powers set as $45,000,000,000. This does not take into consideration debt incurred since last May.

The enormous size of the war costs and debt is illustrated by comparison with the anti-war debt of the seven principal belligerants, which did not exceed $25,000,000,000. The cost of supporting this debt was only about $1,000,000,000 a year. Hereafter the annual burden to pay interest and sinking fund allowances will be not less than $10,000,000,000 and probably much more.

Germany Owes $35,000,000,000

Unofficial reports indicate that Germany's national debt, represented mainly by war bonds held within the empire, is now nearly $35,000,000,000, or more than two-fifths of the estimated national wealth of $80,000,000,000. Germany will have a staggering bill presented for reparation, etc. France alone claims these figures:

Cost of the war..	$28,000,000,000
Reparation	20,000,000,000
Pensions	8,000,000,000
Return of the 1871 indemity...	1,000,000,000
Interest on same.	11,000,000,000
Total	$68,000,000,000

Belgium has a money account of over two billions and England has not named any amount yet, nor has America for loss of shipping.
