FIDELITY REALTY SYNDICATE.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

PROVISIONS OF LAW.

Under the direct vote as under the convention system the provisions of the new law are somewhat complicated and it is necessary that every candidate perform certain obligations before they will have a right to have their names printed on the ballots. All the machinery of the primaries is in the hands of the State Central Committee for the County with the exception of the naming of the Judges and Clerks. The Judges and Clerks are named by the Supervisors of Elections for the County and are paid for by the County Commissioners. All the other expenses must be paid for by the candidates. The candidates must file their application for place on the ticket fifteen days before the date for the primaries, and five days later they must pay the assessment made by the State Central Committee or their names will not be printed on the tickets. At the primaries, no ballots except the ones which the State Central Committee has prepared will be legal, and every ballot has to be enclosed in a white envelope by the Judge before being deposited in the ballot box. Every candidate has the right to make application to the State Central Committee for as many ballots as he wishes to pay for and he has the right to mark the ballots for the voters so he does the act outside the 100 feet limit of the polls. The only official part of the program is the sealing of the ballot in the white envelope. It is purely and simply a vest-pocket vote. When the ballots are counted the intention of the voter can be taken into consideration and nothing will invalidate a ballot except it has a distinguishing mark of some kind upon it or is marked with some colored pencil except black one. A ballot marked with a blue or red or green pencil will not be counted. The plan of marking is different from that of the general election inasmuch as you erase from the ballot all the names of those you do not wish to vote for. The names are arranged in groups in alphabetical order on the ballot. For instance if there are two candidates for clerk, James T. Dixon and W. H. Hadaway, and you wanted to vote for Mr. Dixon, you would run a black pencil through the name of Hadaway and so on down the ballot.

The following is a synopsis of the law under which the primaries will be held:

The County State Central Committee provides the ballots. These are to be printed on opaque white paper, of uniform size and in quantities double the number of registered voters in the precinct. The name of the candidates to be arranged in groups alphabetically; ballots must be furnished return judges three days before the primaries. The ballots must contain names of all candidates for nomination and for delegates to convention, as the case may be, who have complied with requirements for filing certificate of candidacy and paying assessment. Candidates may procure ballots from Committee.

CAN SUCH THINGS BE?

MESSRS. EDITORS OF THE NEWS:—I have been reading the "Chestertown Bluffer," with a sense of toleration for several weeks past, relative to the attitude it assumed toward the statement made by Lewin W. Wickes, Esq., Chairman of the State Central Committee, and the opinions of the Attorney General of the State as to the law governing the primaries. When I saw the *last issue* of that organ, and read the *personal slanderous* attack on Mr. Wickes, I am reminded of an article the "Sun" copied from the "Wheeling Register," W. Va., under the caption

"Can Such Things Really Be?

Ananias and Sapphira are the most famous, if not the greatest liars in all history, sacred and profane. Baron Munchausen runs them a close second. The organs of the Wheeling City Hall ring have the entire bunch backed off the boards. They could give these ancient prevaricators and all the gentlemen whom one Teddy Roosevelt has designated as entitled to special honors in juggling the truth, a start of 5,000 feet in a mile mendacity race, and beat them out. In fact, the organs have practiced lying so long that it has become a habit, and lies are employed when truth would better serve their purpose. Their offenses against the truth vary in degrees from fibs to whoppers, from harmless misrepresentations to malicious and libelous falsehoods."

Yours truly,
A DEMOCRATIC OBSERVER.

Horse Stealing.—Mr. Lane, a resident of Broad Neck, is to be congratulated on capturing a horse thief and bringing him tied to the Chestertown jail. The prisoner was Albert Taylor, colored, who took Mr. J. P. Cochran's horse and runabout from Galena. Taylor, had been working for Mr. Cochran about two years. On Sunday he borrowed a team from the latter and came to Chestertown. Monday he drove down in Broad Neck and offered to sell the team to several parties wishout success. Finally, he approached Mr. Moses Cranor, and by engaging to work for Mr. Cranor induced the latter to advance him $20 on the horse. Taylor then left afoot, stating that he would be back in time to go to work the next morning. After Taylor had been gone a short time Mr. Cranor became suspicious that there might be something wrong in the transaction. He communicated his suspicions to a neighbor, Mr. Lane. The latter had also been approached by Taylor, and a review of the circumstances convinced both Mr. Lane and Mr. Cranor that the team had been stolen. Mr. Lane immediately started in pursuit of the supposed thief. He encountered Taylor at Sandy Bottom, making his way toward Tolchester Beach. Upon being charged with the the theft Taylor at once confessed and stated that the team belonged to Mr. Jack Cochran of Galena. Mr. Lane brought the man to Chestertown and turned him over to Justice Loud and officer Cooper.
