AN UNUSUAL OPPORTUNITY

A Home or Investment

which far surpasses many foreign investments that are pictured as "Vision o Gold," but which have nothing intrinsi about them.

Now You Can Buy 10-Acre Tracts

within walking distance of Chestertown, and it is the experience that such tracts near other towns have advanced wonderfully.

TEN ACRES is about 418 feet by 1045 feet, a good size piece of land, just right for TRUCKING, POULTRY AND FRUIT.

These tracts are on stone State road adjoining the lands of Mr. J.T. Anthony.

Being in walking distance of Washington College and Chestertown High School, they are doubly desirable.

One can erect a dwelling at $1,500 and his property would stand him a round $3,500.

You Don't Have to Buy 150 Acres & Tie Up $8,000 to $10,000

and "live out of the world," and have trouble with farm labor; with a tax of 90 cents and a road that is always good, these tracts will always be in demand.

I Predict these Tracts Will Bring $150 Per Acre In Two Years

This is not an idle assertion. The prices on these lots run from $110 to $150 per acre. One lot has been sold while writing this advertisement. For further information, call or write.

Ate Poison Pills and Died.—Coroner Chandler, of Wilmington, has been informed that Samuel Tibbitt, a child aged two years and one month, ate eight strychnine pills, each one-sixtieth of a grain, that were left by a doctor at the home of his parents, near Golt's, several days ago, and died in 20 minutes. The father, Andrew Tibbitt, a farm worker, lives in Delaware, about one mile from Golt's, Md. He had been afflicted with typhoid fever for some time. When his physician went to treat him one day last week he left the strychnine pills for the patient on a table in the sick man's room. The child thought they were candy and ate them all. He died before a doctor could reach him.
