NATIONAL & STATE BANKS

ONE of the most vital and important regulations of the National Banking Law is that which controls what is known as the "LEGAL RESERVE." It requires that 15 PER CENT. OF ALL DEPOSITS shall be kept on hand.

The following statement of the deposits of three banks of Chestertown shows what reserves these banks held at the time of their last sworn statement, January 13th, 1914:

	Deposits.	15 % Reserve.	Reserve Held	Per Cent.
Third National	$635,280.85	$95,292.13	$122,542.84	19.20
Chestertown Bank.	409.231.15	61,384.67	33,683.68	8.23
Kent Savings	349,451.40	52,417.71	34,141.27	9.80

After reading the SWORN STATEMENTS published last week, and the above exhibit, which do you think is the STRONGEST and SAFEST bank in which to transact your banking business? The THIRD NATIONAL BANK cannot make as much money for its stockholders by adopting the policy of keeping on hand such a large RESERVE, but we KNOW it is better banking. Over $100,000 on hand with which to meet immediate demands. Think of the above while doing your banking. Your business solicited. Interest paid on all Savings Deposits.

We Have No Borrowed Money, No Bad Debts.

Very respectfully,

THE THIRD NATIONAL BANK

of Chestertown, Md.

COME GET 'EM! DON'T

GO GET 'EM. No occasion to go to the city for reductions in

CLOTHING

for the INTERNATIONAL TAILORING CO. has instructed me to cut prices on one hundred and sixty good patterns from their large line of Fall and Winter Stock.

Cuts than are cuts, and to the early Spring purchasers, we say: Come look at the magnificent display of All-Wool Imported and Domestic Fabrics now on display. Twenty-five per cent. less than you can obtain same quality and service for. Compare and see.

The Reason? It's the same, no stock to carry, no large rents and general upkeep.

Respectfully,

W. E. Moody,

Authorized Representative of the International Tailoring Co., New York, Chicago and London.

Worst Blizzard Since 1888.

The worst blizzard that this section has experienced since 1888, held us in its grasp on Sunday night and for the greater part of the day on Monday, doing thousands of dollars worth of damage and putting telegraph and telephone lines out of commission and crippling the electric light service. About nine o'clock on Sunday night the wind assumed the proportion of a 60 mile hurricane and throughout the night and all day Monday it blew with unabated force. Snow began falling about five o'clock which added greatly to the horror of the storm. Houses rocked in Chestertown and many of the inhabitants did not go to bed at all, or those who did failed to get any sleep. The temperature fell to about 18 degrees and it was almost impossible to keep the house warm. While little damage was done in the town, other than crippling the electric light system, and putting the phone service out of commission, thousands of dollars worth of damage was done to houses and outbuildings in the county. In Broad Neck the roof and part of the third floor on the Usilton farm, tenanted by Mr. Milton Crew, was blown off. The barn on Mr. John A. Smith's farm near Lankford, was badly damaged. The roof of the house of Mr. Harry Willis' near Betterton, was torn off; old barn on Walter Lusby's Tolchester farm, which stood near the house, blew down; Edward A. Corey's windmill was demolished; J. Kennard Aldridge's cow shed was blown down, and the wagonshed on Fancy farm was toppled over but not badly damaged. Fodder ricks were blown to pieces, strawstacks were scattered, and the damage to trees, fences, etc., was considerable. A telephone pole at High and Queen streets was broken, and a number of the small boats at Rock Hall were sunk. Baltimore suffered to the extent of about $600,000 and all up and down the Atlantic Coast the damage was great. Fortunately there was no loss of life either of man or beast, but there was some suffering among the stock, because of frozen pumps and water supply. It was the fiercest wind ever experienced in this county and decidedly the worst storm since the memorable blizzard of 1888. Long distance telephone and telegraph service was crippled all day Monday, and while there was no interruption to train service, all travel by water is blocked. The various charitable societies looked carefully after the comfort of the poor, and everyone was provided for.

A chimney on West Hall, Washington College, was blown down. A wagon shed on Mr. Frank Skirven's farm was demolished, chimney and roof of kitchen on the Jump farm, tenanted by Mr. John Dwyer, blown off, windmill on the Bosee farm in Morgnec and a small building on the Melvin farm in Morgnec were blown down.

SAL-VET.

The great majority of the sickness and fatalities in stock is due to causes arising from indigestion and worms. These enemies are subtle and insistent and are likely to begin their ravages and eat up your profits before you suspect anything is wrong. Therefore, to get the best results, prevention is the thing to be accomplished.

The one remedy which leading stockmen agree is not only a preventive of worms and indigestion, but also a remedy, is SAL-VET, a worm destroyer and stock conditioner, which costs so little, and is so easy to give, that it is rapidly replacing all other remedies everywhere.

It stimulates the appetite and aids digestion. It is an effective tonic and blood builder. It rids the stomach and intestines of worms, and better still, it prevents infection by these parasites. It is put up in handy size packages, and we have them in stock from 10 lbs. to 100 lbs., all sold with the manufacturer's guarantee.

CLOVER SEED.

Nice stock of new seed now here and the prices are in keeping with the times. The price is much less than last year. See our stock before you buy, and perhaps we can save you some money, and we guarantee to give you pure seed.
