ABOUT the biggest explosion to make the least noise was Teddy's "opening gun" speech at Pittsburg on Tuesday. Poor old Teddy! He blew in and he blew up all at one time.

COLLECTOR of Internal Revenue Joshua W. Miles has appointed Senator Louis M. Milbourne, of Somerset county, his chief deputy collector at an annual salary of $2,500.

SPECULATION.

Mr. A. S. Turner, the hustling grain buyer of Worton, was at the Philadelphia Exchange on Monday to get a line on the price of wheat during the season. Mr. Turner informs us that the information he received from the Philadelphia buyers was to the effect that there is no reason in the world why the farmer should not have received 90 cents a bushel for his wheat this year except that the Chicago speculators, who control the price of wheat in this country, had set the price purposely low in order to make a vast fortune at the expense of the American farmer. Mr. Turner was told that the wheat market was never in better condition than it is now. All the old wheat is cleaned up, there is a shortage in the foreign crop, and the demand for foreign shipment will soon be very active. Of course the calamity hurlers will endeavor to make it clear that the Democratic administration is responsible for the low price of wheat, but here is the statement of Philadelphia grain buyers to the effect that it is the Chicago grain speculators who are robbing the farmer of what is his due. The above statement is a most significant and forceful endorsement of President Wilson's policy in reference to trust regulation, and as soon as the country can be relieved of the iniquitous and unholy trust, just so soon will all classes and conditions of trade be better than they are.

MR. GEORGE'S IDEA.

Elsewhere in this issue we publish an interesting suggestion from Mr. John E. George, of Queen Annes county, relative to a change in the system of renting farms. Mr. George is one of the largest land-owners in Queen Annes and Kent counties, and any statement he makes relative to farming operations naturally is interesting. We cannot agree with Mr. George, however, in the remedy he suggests for the relief of the system of tenancy which has been in vogue on the Eastern Shore of Maryland for years and which is not at all in keeping with the progressive tendencies of the age. We do not believe Mr. George's idea to divide the entire returns from the farm, including stock and everything else on the basis that the landlord pay for his half of the stock, as well as for the seed and fertilizer for crops, etc., is a practical one. The idea we feel quite sure originated with Mr. George as it has done with quite a number of other land-owners, no doubt, from the rapid development of the dairy industry due to the establishment of milk stations in our midst, which has enabled the tenant farmer as well as the farm-owner to reap a greater profit from his stock than he does from wheat and corn. This, no doubt, has in many instances caused the tenant to devote more attention to his dairy business than to any other feature of farm work, and the landlords have gotten the impression, and rightly, too, that a part of the dairy profits should be theirs. But suppose Mr. George's idea should become operative? How much better would it make our system of farming? How much better off would the tenant be, whose only source of real profit lies in what he gets from his stock and poultry if he is compelled to share his profits with his landlord? Not a bit, only a great deal worse. The difficulty with our present system of farming is not a question of rentals.

The one great curse to the present system of farming here lies in the inferiority and expensiveness of labor. The great problem for the tenant and landlord farmer to-day is the labor problem. And in our judgment the labor problem will continue to embarrass the farmer until such large land-owners as Mr. George are willing to divide their large farms into 50 and 100 acre farms, and give every tenant farmer in Kent and Queen Annes county the opportunity to buy his farm and till it as he pleases or to rent the farm and allow the tenant to engage in the intensive system of farming. The time has come when those who live on the farm must either work themselves or shut up shop, for the the character of the farm labor to-day is not only excessively expensive, but it is about as unreliable and as common as it can be. The labor problem will never be solved by a change in the system of renting farms. It must be done by a division of our large farms into tracts, which can be tilled at a profit by the farmer and his family.

PEOPLE'S COLUMN.

TRANSCRIPT EDITORS,

DEAR SIRS: It is all right over in Millington to have Leonard Wilson for Commissioner and we are for him just like we used to be for Brad Dudley. But your correspondent is wrong about the Clerk. We are Charley Dodd men in Millington and don't you forget it and as for Harry Vickers and Scott Beck, Mr. Vickers would beat Mr. Beck here two to one. If you have any more rumors keep them to yourselves. We people are not interested in rumors like those you publish, then you and Galena can keep on publishing your rumors to your satisfaction.

OWNERS AND DRIVERS OF AUTOMOBILES PERSONALLY RESPONSIBLE.

Court of Appeals Gives Verdict Against Fitzjarrell, Former Talbot County Citizen.

A decision of statewide importance to automobilists was rendered in the Court of Appeals at Annapolis when it was held that owners or drivers are responsible for the safety of persons whom they may take as guests for rides in their machines, and are, therefore, liable to an action for damages by reason of injuries that may be sustained.

This decision was rendered in the appeal of Harry A. Fitzjarrell against J. Cookman Boyd, and it affirms the judgment of $1,750 damages rendered in the Superior Court of Baltimore city in favor of Mr. Boyd, who was injured while riding as a guest of Mr. Fitzjarrell in the latter's machine.

Mr. Boyd, who is a Baltimore attorney, sustained a broken arm and other injuries on October 16, 1912, when the car belonging to and driven by Mr. Fitzjarrell skidded and collided with a telegraph pole while going from Baltimore to Laurel.

Mr. Boyd was invited by Fitzjarrell to take the ride. Reckless driving contributed to the accident it was claimed in the suit. And another feature of the case was that sometime prior to the accident the Maryland Casualty Co. issued an indemnity policy in favor of Fitzjarrell. The court's opinion was written by Judge Briscoe.

In the above accident Mr. Fitzjarrell was, it was feared, fatally injured, but he finally recovered. He is a son of Mr. N. C. Fitzjarrell, of Cordova.

Grange Notes.

Fairlee Grange held a business meeting on Wednesday evening. Final arrangements were made for the Better Baby Contest at Fairlee school house next Tuesday, July 7th, at 9 A. M. Members of the Grange will furnish sandwiches and ice cream. A special meeting, picnic style, will be held on Mr. Middleton's shore on Fairlee farm July 22nd. All members cordially urged to attend. Early in August a State Grange Field meeting and picnic will be held at Tolchester. All Granges in the State expect to be represented. Date and speakers will be given later. The question of co-operating with the Poultry Exhibit at the Kent and Queen Annes Fair was discussed and much interest was manifested by the members present. Premium lists and entry blanks were distributed, and Grangers will be well represented at the show.

Our Merchants' Interests.

We call the attention of our readers to the advertisement of Mr. Frank A. Hurlock, who succeeds Mr. Owen B. Crow in the grocery and provision business, corner High and Kent streets. Mr. Hurlock is a Kent county boy with a large and influential family connection in the town and county. He is a merchant of years of experience and has come back home to engage in business with his home people. Give him a part of your trade. He will give your orders prompt and courteous attention.

Max Alexander, one of Rock Hall's big merchants, will have a big mid-season clearance sale, beginning Saturday, July 11th. Watch for particulars in the TRANSCRIPT next week.

H. Sachs & Son are having a big special sale. Look up their advertisement on page 7 and see what they are offering.

CHANGE TENANCY SYSTEM.

Mr. John E. George, One of the Prominent Land-owners of Queen Annes and Kent Counties, Advocates a Division of Everything Raised on the Farm Between Landlord and Tenant.

Mr. John E. George, of Sudlersville, Queen Annes, is one of the progressive men of the State. He believes it is important to break away from old methods in the tenancy system and adopt new ones. He has arrived at the conclusion, after careful consideration, that the cerrect method of renting a farm is for the landlord and the tenant to share equally in everything raised on the farm, including stock as well as crops. Mr. George figures, taking a $10,000 farm as a basis, that the taxes, insurance and repairs will amount to about $700, and that the cost of labor to run a $10,000 farm will about equal this amount. As the landlord gives to the tenant the farm land from which to make a living, it is only fair that the cost of running the farm should be offset by the repairs, insurance and taxes on that farm. The tenant, of course, is to own the implements and is to supply the necessary implements for carrying on the farm.

All the stock is to be owned equally by the landlord and tenant and the increase from this stock is to be divided equally between the landlord and the tenant and the two are to participate equally in everything grown on the farm.

PERSONAL AND SOCIAL.

In Memoriam.

In loving remembrances of M. Bernell Coleman, who died just three months ago, April 3rd.

In a casket white as snow flakes,
Nestling all among the flowers,
Lies our darling blue-eyed daughter,
Who such a little while was ours.

We had a little treasure once,
She was our joy and pride;
We loved her all our heart too well,
But soon she slept and died.

Bernell, we miss you, O, so much;
Since you have gone from us,
We often sit and think,
At what you would say
If you only knew the changes
That has happened since that day.

BY HER PAPA AND MAMA.

Dear sister, now the flowers are in bloom.
And the trees in beauty wave,
I will gather up a little bunch
And lay them on your grave.

Important Notice to Farmers.

The Co-operative Produce Exchange, launched by the members of the Rich Neck Farmers Club of Queen Anne's county something over a year ago, and which has been profitable to the farmers of Kent and Queen Anne's doing business through their Exchange, are addressing the following communications to those who are not stockholders. Should you not receive a letter the management request you to communicate with the Secretary just the same and become one of them. The following is the letter:

CHESTERTOWN, MD., June 16, 1914.

DEAR SIR: Just a word or two in relation to the Farmers Co-operative movement within your reach.

The aim and objects of this organization, as set forth in the articles of incorporation, are "to co-operate in the cultivation, consigning, marketing, buying, selling, and otherwise dealing in all kinds of farm products; to purchase, sell and otherwise deal in all kinds of farm machiney, seeds, phosphates and implements, tools and appliances of every kind used in connection with the cultivation of the soil; to carry on any business which may seem to the corporation to be calculated, directly or indirectly, to facilitate in the transaction of any other business that may be calculated to enhance the value of its property."

Considering the methods and means followed by the individual farmer, is it not obvious co-operation in the purposes as above set forth should prove profitable and wise?

There has been a special meeting of the stockholders called for Saturday, June 27th, at 2 o'clock P. M., at the office of the corporation in Chestertown, to consider further methods for the development of the movement and the advisability of increasing the number of directors from five to nine.

We want every farmer in Kent and Queen Annes counties interested. No matter where you reside, the Exchanage management can be of value to you, as much so with us as in other parts of the country.

Doesn't the proposition appeal to you sufficiently for you to subscribe to a few shares of stock at $10 per share?

Does any one doubt that by bulking your orders with fellow farmers the merchants will give us better prices on phosphates, seeds, implements, &c.? Or by combining farm produce the buyer will give us the advantage of saving of his expenses in running over the country to gather it? Or our demanding better prices and getting them? Stop and think for a minute what a small saving on all your phosphate, farm supplies, &c., or increase of a few cents per bushel on grain and farm produce handled by you will amount to, and see if you are not wise in placing yourself in a position to take advantage of such saving, by subscribing to some of the stock of the Exchange.

It is about time we were practicing some of our preaching, so let more of the community spirit be displayed by joining hands with the sixty or more of your neighbors now subscribers to the Exchange, by filling in the enclosed blank and mailing it in time to participate in the election of the new Board of Directors on the 27th.

By order of the Board of Directors.

KRIT $950
WITH ELECTRIC STARTER $1050
F.O.B. Detroit

Why Pay for Useless Weight?

KRIT lightness comes from correct design—not from skimping. 120 pounds in weight is saved by using aluminum for our crank case and transmission case. The sturdy, powerful KRIT motor weighs only 283 pounds, as against 400 to 550 pounds for motors in cars the same size and power of the KRIT. And so on—throughout the car.

Engineers tell us that the KRIT is two years ahead of its field, for it possesses, at $950, the quality features you find in cars at double the price. The sensational sales records made by the new KRIT is an endorsement by critical motorists that proves these experts right.

So, we ask you, what more can you get in a higher priced car? More weight, perhaps, but weight only adds to the expense of upkeep. More *rated* horsepower, but much of the extra horse power is used up in carrying around the extra weight—and the rest of the excess power you do not need. For the KRIT will take you anywhere you want to go. It will take you there speedily, safe and comfortably.

Learn more about the economical, dependable KRIT—the moderate priced car with the high priced features. A ride will demonstrate to you the rare quality of this car—value you can't get elsewhere at the price.

For each ticket a duplicate in number will be put in a box, and on SATURDAY AUGUST 15th, 1914, at 2 o'clock P. M., the box will be thoroughly shaken by any one who desires to shake it. A boy will be chosen by those present, and he will be blindfolded and proceed to draw the tickets from the box. The first ticket out shall draw the first prize and the second ticket out the second prize, etc.

1. A $50 Keen Kutter Tool Cabinet.
2. A Keen Kutter Fork.
3. A Keen Kutter Sq. Pointed Shovel.
4. An Agate Dish Pan.
5. A $1.00 Liberty Lantern.
6. A Keen Kutter Guaranteed Axe.
7. Set Keen Kutter Knives and Forks.

8 to 12 inclusive, a Pair of Keen Kutter Scissors.
12 to 17 inclusive, a Good Broom.
18 to 19 inclusive, a $5 Combination Tool.
