THE GREATEST DAY IN THE BOY'S AND GIRL'S LIFE

is Commencement Day at College. Not even his first pair of suspenders, or his first long trousers, make so big a day; and no day to come, except his wedding day, will seem *to him* so important.

IT COMES ONLY ONCE in his life. Christmas and his birthday come around every year; they are common in comparison with Graduation Day. . . Then why not commemorate the day by giving him a gift that is "really worth while"?

A FINE GOLD WATCH would be a constant reminder, in after years, that his parents appreciated the significance, to the son, of the son's greatest day. . . Let me show you the latest fashions in Gold Watches for Young Men.

Young Lady Fatally Burned.

Miss Viola Bennett, a prepossessing young woman, 18 years of age, living near Ceciliton, Md., died Tuesday morning following fourteen hours' suffering after being a human torch.

About 4 o'clock Monday afternoon, Miss Bennett poured oil on the fire in her father's home and an explosion followed. In a moment the girl's clothing was in flames. She threw herself on the floor in an effort to extinguish the flames, but was unsuccessful. When the stove exploded it set fire to the furniture in the house, and the shock was such that her father, William Bennett, and a farm hand, had to break down the door, as the deadlatch had fallen. They found the girl on the floor attempting to extinguish her burning clothing.

The men succeeded in extinguishing the burning clothing of the young woman and carried her to the bedroom and called a doctor. Her body, hands and face had been burned to a crisp. She died at 6 o'clock Tuesday morning.

The young woman had been keeping house for her father since her mother died several years ago.

PEOPLE'S COLUMN.

Notice This, Tax-Payer.

Rock Hall, Md., May 31, 1915.

Why was it that the committee appointed to build the school house at Rock Hall would advertise for bidders to build same and then give it to a bidder who was about $500 higher than the lowest bidder? The people have a right to know this. The lowest bidder was present at the meeting when the bids were opened; he was requested to retire. The high bidder was phoned for at Chestertown to come down. He came down, and with closed doors there was an arrangement made with him to curtail the cost of building to meet the low bidder's price—thus giving to the taxpayers a building worth about $500 less than the lowest bidder's price—as his was according to the plans and specifications to be bid on and favoring the high bidder who they gave the contract to with the $500 referred to. When this committee had the proceedings of this meeting published it was no more than fair for them to give the proceedings of the meeting in detail to the lowest bidder as they were transacting business for the public.

The writer of this, who is a large taxpayer, knows personally that three-fourths of this community, at least, who know of this transaction are commenting strongly against the way this Rock Hall matter was handled. They did not treat the lowest bidder with any courtesy whatever or give him a square deal. In fact, he was hardly recognized as an American citizen. If there was politics in this, tell it out.

Other church notes on page 7.

Rev. Dr. F. T. Tagg, editor of the Methodist Protestant, celebrated his 70th birthday on Wednesday with a reception to a number of friends and fellow ministers at the Rennert, Baltimore. Dr. Tagg has been the editor of the Methodist Protestant, the official organ of the church for many years, and is one of the most prominent Methodist ministers in the country. His many friends throughout the Maryland Districts extend congratulations and best wishes for many more years of usefulness.

Among the important matters acted on at the forty-seventh annual convention of the Protestant Episcopal Church of the Diocese of Easton, which held a two-day session at St. Paul's Church Centreville, Tuesday and Wednesday, was the Vestrymen's League. John S. McDaniel, president of the Vestrymen's League of Talbot county, read a paper urging extension of the league.

A resolution was offered by Judge Stanford and seconded by Colonel Gibson, of Queen Anne's, to the effect that a league be organized in every county in the Diocese of Easton.

This new church organization orginated in Harford county several years ago and has met with marked success. Its features appeal to Dr. Henry Davis, of Christ Church, Easton, and a league has been organized in Talbot county.

An institute and temperance rally will be held in Christ M. P. Church, Chestrrtown, on Tuesday, June 8, at 1.30 P. M. Pointing To Weller.

The Baltimore News last Saturday says: "Strong indications to-day pointed to the nomination of O. E. Weller as the Republican candidate for Governor.

"It was said that the Republican forces in the city and State are rapidly lining up for Mr. Weller and that an announcement of his candidacy can be expected next week.

"Mr. Weller is chairman of the State Roads Commission and is a resident of Baltimore."

It is reported that Governor Goldsborough may seek a renomination, and there are many prominent Republicans on the Eastern Shore and throughout the state who believe that his present good administration entitles him to a renomination.

Bids were received by the Chestertown Water Board on the following work, and contracts were awarded for installing the new water system as follows:

FOR FOUNDATION OF ELEVATED TANK.

M. K. Patrick	$580.00
W. F. Malin	570.00
W. S. & A. M. Culp (accepted)	475.00

F. E. Duyer, asbestos roof	1,035.00
G. H. Cannan, metal roof	924.00
G. H. Cannan, asbestos roof (accepted)	1,009.00

A bid was received from the Chestertown Electric Light Company to do the pumping for a year for $2100. The Board decided to use oil as fuel for pumping and bought engines from Fairbanks, Morse & Co. $1,450. It is estimated that the pumping can be done at a cost of $1 per day, thus making the total cost at the pump house $1,000 instead of $2,400, what it cost the last few years under the old system.

In another column will be found an invitation for bids on laying pipes, etc.

Messrs. Carroll Loller and Charles Geiser went to Easton this week.

Last Monday night was banner night at our Grange. Quite a few visitors were present. We have a secretary and lecturer second to none in the county. The other officers are equally as good. The lecture hour was given to the discussion of "Co-operation in the home, applied principally to money matters. What right has your wife to the money made on the farm? Should there be one or two pocketbooks? If two, how will hers be filled? etc. Quite a nice talk was given by Bros. Anthony and Crew and some home grangers. Personally it dosen't matter much because when my pocketbook is empty I go to my husband's. Sister Acca Crew gave a reading on Father's Days, by Dorothy Dix. It was most excellent as was a reading on "Bess" by Sister Mary Parsons. Cream, cake and strawberries were served in abundance.

We Know You Like Good, Pure Ice Cream---And You Should!

Pure Ice Cream? Has the thought ever entered your mind, while enjoying a plate of cream, under what conditions it was manufactured? Did you ever investigate the plant in which the cream you have been in the habit of buying is made? Do you appreciate the fact that there are different qualities of Ice Cream sold at exactly the same price that good, pure cream can be obtained for?

To produce absolutely pure, wholesome Ice Cream, the manufacturing plant and general conditions must be sanitary from the foundation. Cleanliness must be the watch-word. Good material the substance. Careful and clean in attendance.

Ice Creslin is a Pure Food Product—a wholesome product—an appetizing product—if you know that it is manufactured under absolute conditions.

Ice Cream manufactured by the Chestertown Candy Kitchen at their establishment on the corner of High and Cross Sts., is made under strict sanitary conditions from the best products the markets afford, and costs you no more than the inferior grades sold elsewhere.
