How To Cure Rheumatism.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with Oils and Liniments will not cure, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside" sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys, and makes you well all over. Rheumacide "strikes the roots of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1.00 a bottle. In tablet form at 25c and 50c a package. Trial bottle of tablets sent by mail on receipt of price 25c. Booklet free. Write to Bobbitt Chemical Co., Baltimore, Md.

Ground-Hog Day.

Nearly all the signs now point to an early spring but the one which came yesterday, when the Ground Hog made his appearance. He does this under the laws of his own realm, which are that he is to appear promptly at 12 o'clock noon on this second day of February. He then looks around him, as every one can see who looks at him. If there is sunlight enough coming through the atmosphere to make him cast an observable shadow he goes back again into his hole and waits six weeks for the end of winter, when he comes out again and stays out. The sun rose bright and clear in the morning and continued to shine throughout the day, therefore, we must have six more weeks of winter.

FOOD FOR A YEAR

Meat	300 lbs.
Milk	240 qts.
Butter	100 lbs.
Eggs	27 doz.
Vegetables	500 lbs.

This represents a fair ration for a man for a year.

But some people eat and eat and grow thinner. This means a defective digestion and unsuitable food. A large size bottle of

Scott's Emulsion

equals in nourishing properties ten pounds of meat. Your physician can tell you how it does it.

SAVED AT DEATH'S DOOR.

The door of death seemed ready to open for Murray W. Ayers, of Transit bridge N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken; tongue coated; emaciated from losing 40 pounds, growing weaker daily. Virulent liver trouble pulling me down to death in spite of doctors. Then that matchless medicine—Electric Bitters—cured me. I regained the 40 pounds lost and now am well and strong." For all stomach, liver and kidney troubles they're supreme. 50c at C. H. Redden, Denton, A. L. Duffy, Hillsboro, Md.

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it.

Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee

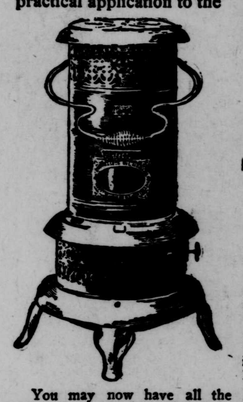
Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

Smokeless

Until science discovered a way to construct the Automatic Smokeless Device, and make it completely dependable, all oil heaters had one common great fault—smoke.

With the advent of the Automatic Smokeless Device, and its practical application to the



PERFECTION Oil Heater

[Equipped with Smokeless Device]

the smoke problem was successfully solved.

The Perfection Oil Heater is the only heater equipped with this

Automatic Smokeless Device

which insures a steady, full-glowing heat, with the wick turned up as high as it will go, without a shred of smoke. Reverse the motion, turn the wick down—there's no odor.

The smokeless device automatically locks and prevents the upward movement of the wick beyond the proper exposure. That is the secret. This splendid result gives leadership to the Perfection.

You may now have all the heat you want—when you want it—and where you want it—without the annoyance of smoke or odor.

Brass font holds 4 quarts of oil, which permits a glowing heat for 9 hours. Brass wick tube—damper top—cool handle. Cleaned in a minute. The Perfection is beautifully finished in Nickel or Japan.
