On Tuesday evening in the Sunday School room of the M. E. Church the Matrons of Methodism gave a reception to the members of the Ladies Aid. Being so near to St. Valentine's day the decorations were of green wreaths and red hearts, arranged with a very artistic effect.

An amusing game, call a musical romance, which consisted of a list of qustions which could be answered by the titles of musical selections rendered on the piano by Miss Elma Nichols, afforded amusement for a half hour or more.

A game of archery, at which some of the ladies exhibited their skill in shooting at a large red heart, after being blindfolded, caused considerable merriment when the archers would aim the arrow at themselves or pull the bow so weakly that it dropped at their feet.

Menu cards in the shape of hearts, were passed among the guests, for a conundrum tea. Each person was allowed to make two selections, and the orders were immediately filled by the waiters. Not Coughing Today?

Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says. He knows. No alcohol in this cough medicine. *J. C. Ayer Co., Lowell, Mass.*

Robust health is a great safeguard against attacks of throat and lung troubles, but constipation will destroy the best of health. Ask your doctor about Ayer's Pills.

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it.

Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia, tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.
