AS WE PREDICTED!

THE flood-tide of business has become greater than the markets of this country are able to supply. Never before in the history of trade have the demands been so great as at the present time. Factories are swamped with orders that they cannot fill nor money buy. The merchant with the goods in stock is the one who is prepared to take care of this increased trade and maintain the prices which the public can pay.

We have anticipated these conditions, and are in a position to take care of your needs. We invite your inspection of our stock which you will find complete in every line, and marked at our former low prices.

We especially call your attention to our line Men's, Women's and Children's Shoes. The latest summer styles in Oxfords and Pumps.

Hats, Caps and Ties for everyone at reduced prices.

Dry Goods, Notions, Furniture, Groceries and Meats are still advancing. We can save you money in these lines.

Just received a carload of Emerson-Brantingham Carriages. These buggies were made according to our order, and are fully up to the standard of E. B. quality.

A big assortment of Harness, Boots, Flynets, Covers, etc., at various prices.

See our Implement man for your machinery wants. Our service means money and satisfaction to you. Let us show you the new Standard Mowers—the modern hay cutting machines.
