FEED FAIRFIELD'S BLOOD TONICS

A SEPARATE PREPARATION FOR HORSE, COW, HOG AND POULTRY

GREATEST KNOWN BLOOD PURIFIERS

The working capacity of any horse can be practically doubled by feeding FAIRFIELD'S BLOOD TONIC for HORSES regularly. It exterminates worms, builds up the health and saves feed.

The farmer that sowed wheat all over his farm and expected to reap a crop of wheat, oats and corn from same, would be more foolish than the man who feeds his horse, cow, hog and poultry from the same package of Condition Powder and expects to get results. The intelligent farmer feeds FAIRFIELD'S, because there is a separate preparation for each kind of animal.

AUTOMOBILE TURNED OVER.

Mr. Wm. R. Maul Dislocates Shoulder—Several Other Passengers Shaken Up.

The passenger auto between Tolchester and Chestertown driven by Mr. Jacob F. Thompson was overturned opposite Mr. Clarence Miller's Thursday afternoon and badly wrecked. Mr. Thompson started from Tolchester with Messrs. Wm. R. Maul, W. E. Hawkins and T. M. Hoffman on the rear seat and Mrs. Jacob F. Thompson, his wife, on the front seat. Soon after leaving Tolchester the honk of Mr. Bollinger's big machine was heard but there was no convenient place to let him pass. Finally, when Mr. Miller's was reached near the Georgetown road, Mr. Thompson pulled aside, his wheel struck a low place and over went the machine. Mr. Maul was caught under the other two men and dislocated his shoulder. Passengers in Mr. Bollinger's auto saw the accident and state that they certainly thought some of them would be killed so completely did the machine go over! They were brought to town and Mr. Maul's injuries treated. He spent a restless night but is not suffering much pain. The other passengers and Mrs. T. were badly shaken up but were up and about yesterday. Friends quickly went to the relief of the wrecked machine and at this writing it is thought the damage will amount to about $250. It is the first auto accident in Kent and of course caused considerable comment. Mr. Thompson is a careful driver and has the sympathy of all.

Accidents.—Mr. Enoch N. Roland, one of Chestertown's oldest and yet most active residents, injured his hand severely Monday while sawing wood at his daughter's coal and wood yard on Cross street. He caught his hand in the gearing of the engine. This makes the third time Mr. Roland has cut his hand during his life, one time having severed the end of his finger. Dr. Simmons dressed the wound.

Master Simmonds Lecates, the 8-year-old son of Mr. and Mrs. James Lecates, of Chestertown, met with an awful accident at noon Wednesday whereby he lost several toes. He with several other boys persisted in jumping up on a randall barrow hooked behind Mr. Sutton's wagon. When near Driggold's corner the boy in jumping off was caught and the side of his foot torn and crushed. Dr. H. L. Dodd dressed the wound and will try to save the foot but has grave fears of it.

Road Engineer.—The road engineer for Kent County to be appointed by the Governor will likely be named today. The indications point to the appointment of either a Baltimore City man or Mr. Isaac Gibbs, Jr., who is now employed with the Good Roads Commission.

The Queen Anne's County Commissioners have announced the appointment of F. E. Schnepfe, of Baltimore city, for the position of road engineer for a period of six years, at $1,800 a year. There were 22 applications for the post by engineers from all sections of the Eastern States.

The principal fight was between Mr. Schnepfe and John R. Turpin, son of ex-Senator W. T. P. Turpin, of Centreville. The vote of the Comissioners was close, three being cast for Turpin and four for Schnepfe.

Mr. Schnepfe has been connected with the highway division of the State Geological Survey and State roads workers for the past five years. He has the good roads work in Kent, Queen Anne's and Talbot counties under his supervision at this time.

Three other Baltimoreans were very ably recommended in the fight for the engineership. They were Messrs. Wm. D. Hines, Thomas L. Hines, Jr., and F. M. Latham.
