SATURDAY, SEPTEMBER 24, 1910.

AT a meeting of the board of directors of the Queen Anne's National Bank of Centreville, Tuesday, the resignation of Wm. J. Price, as president of that institution, was accepted. Mr. Walter T. Wright was elected to fill the place made vacant by the resignation of Mr. Price. Mr. Price was then made vice-president of the bank to fill the position made vacant by the resignation of Mr. Charles A. Busteed some weeks ago. Mr. Wright, the new president is senior member of the hardware firm of Wright & Lowe, and has large financial holdings in the county.

IN a statement, in which he declares that the crusade which he feels impelled to wage against the liquor interests of the State and nation overshadows a personal and political friendship of 20 years, William J. Bryan announces that he has bolted the head of the Democratic State ticket in Nebraska and will not support James C. Dahlman for Governor. Dalhman, who is known as "Cowboy Jim," has been a spectacular figure in Nebraska politics.

Mr. Bryan says he regrets that he is compelled to take the stand he does—his first departure from political regularity—but says he feels it his duty to do so because of the position taken by the Democratic nominee on the liquor question.

Who knows but what Mr. Bryan may be the Prohibition candidate for President, now that Roosevelt has stolen all his policies!

REV. J. M. SHERIDAN, President of the Maryland Conference of the Methodist Protestant Church, voices the sentiment of many citizens in a letter to the Baltimore Sun as follows:

"The people of Baltimore are deeply interested in the investigation now being conducted by his Excellency Governor Crothers of the entire police force of the city. It should be taken for granted that the Governor is prompted by his interest in the welfare of the citizens of the city, and all prejudging of the case should be withheld, at least for the present. A man in so responsible a position as he occupies would hardly undertake such an investigation without good and just reasons. We trust therefore that the people will not only suspend judgment, but give the Governor the credit for honesty of purpose and extend to him sympathy and support in his efforts to elevate the moral tone of society and protect the people by the improvement of the force which stands for law and order."

If no one has done wrong the Governor's investigation will not hurt. If there has been graft and other crimes the guilty parties should be made known and punished. Investigations made with right motives by proper authority never do any harm to faithful officials.

TRESPASSING ON RAILROADS.

People read of the great number of persons killed on the railroads. Only the other day we noticed that in comparing things in this country with those in Europe the point was made that our railroading was crude because the figures show that many more persons are killed on railroads in this country than in Europe.

Such critics perhaps do not consider the vast number of killed who are killed wholly through their own fault and not because of the negligence of the railroads. Take the case of trespassers. The average number of trespassers killed on the railroads is fifteen a day, despite the extra-ordinary efforts the companies are making to prevent such slaughter. During the last eleven years more than 50,000 persons heve been killed and more than 55,000 have been maimed.

The companies, especially the Pennsylvania Company, by whole sale arrest of trespassers, have endeavored to cut down this appalling death list, but they have not been encouraged to do so by local authorities as they should be.

In the thickly settled parts of the country many people thoughtlessly use the railroad properties as thoroughfares and short cut routes, or for playgrounds and the number of accident among this class of people in growing very large. Intoxicated men are almost without limit because they trespass on railroad property. They are likely to select railroad tracks to walk on or as a place to sleep. They meet sure death or serious injury.

We presume that the chief objection the railroad companies have to trespassers is because of the danger to them. The policing of the railroad tracks and the arrests of trespassers are to safeguard the public, and the railroad companies should be supported and not condemned by the public officials.

Remarkable Peach Tree.—The most remarkable peach tree in Western Maryland is owned by R. S. Dillon, a prominent fruit-grower of Hancock. The tree which is of the Elberta variety, in 1908 bore eleven bushels of peaches. The following year it produced sixteen bushels, and this year twenty bushels of fine peaches were picked from the tree making forty-seven bushels in three seasons. Besides its productiveness, the tree has had a rapid growth. It is 41 feet from tip to tip of limbs and the trunk is 30 inches in circumference.

MONEY-MAKING SCHEMES.

An inquirer asks this question, "Will you kindly tell me a few money-making schemes?" What reader does not want to know the answer to this question!

The best scheme is to learn some useful trade, business, or profession, and when you have masted it proceed upon the famous rule for getting rich, viz., "Work like the devil and never spend a cent." It is very easy to make money. Almost any prolonged application of industry or wit will do that. The difficulty is to keep it. The savings bank will help in that matter and will besides add 3 per cent. To make money one must be in touch with business men and business, and learn just what people want and where what they want can be had at a price that will attract.

An excellent illustration comes to hand. A well-known citizen came to us one day this week with a smile on his face and satisfaction and pride in his tone and remarked, "Well, I have paid the last cent I owe on my house." He had finished paying for a nice, cozy home and we congratulate him. He made that home by learning a trade, by being faithful to his employes, economical and saving, and by having a help meet not only in name but in deed. After all this is the best *scheme*.

CHURCH NOTES.

The two hundredth anniversary of the Pencader Presbyterian Church at Glasgow, Del., was celebrated Sunday. Rev. Dr. William H. Roberts, stated clerk of the General Assembly and ex-moderator of that body, was the principal speaker. A congratulatory message from the New Castle Presbytery, with which the church is affiliated, was delivered by George A. Baker. Rev. Dr. Thomas Chalmers Potter is the pastor. There was a large attendance from Delaware and adjoining States. The cemetery at this church is said to be the best endowed and best kept burying ground in the country. Among those interred there is the mother of Mr. James S. Bradley, of Chestertown, and Mr. Thos. P. Bradley, of Still Pond.

Rev. Robert Watt, D. D., district superintendent, preached at the Chestertown M. E. Church last Sunday morning.

The Chestertown M. E. Sabbath School will celebrate "Rally Day" Sunday, Sept. 25th. A special program is being prepared. Solos will be rendered by Messrs. J. H. Shuster and R. W. Bramble. All invited.

The monthly meeting of the Womans' Foreign Missionary Society was held on Tuesday afternoon, at the home of Mrs. S. E. Ford, on Washington avenue. The officers for the year were elected. Miss Minerva Guthapfel, a returned missionary from Korea was present and addressed the meeting.

Chestertown M. E. Church—Rev. L. E. Barrett, D. D., pastor—Services next Sunday, Sept. 25th, as follows: 10.30 a. m., preaching by the pastor, subject, "The Deep Well;" 2.10 p. m., Rally Day in the Sunday School; music, addresses, etc. All the scholars, teachers and parents are requested to be present. 7 p. m., Song Service by the Epworth League, followed by short sermon by the pastor.

Many Episcopal ministers are vigorous in their protests against a proposition, said to have originated in New York, to exclude the famous missionary hymn "From Greenland's Icy Mountains" from the new church hymnal. Although expressing ignorance as to the extent of the movement, they were unanimous in declaring that they did not believe the coming Protestant Episcopal convention in Cincinnati will ever sanction the proposition.

Rev. Wm. S. Skinner of Philadelphia, will preach at Emmanuel M. E Church South, Chesterville Sunday, Sept. 25th at 10.30 a. m.

CAPT. WESTCOTT IN PHILIPPINES

The Cablenews-American, a newspaper published at Manila, Philippines, has the following to say of Capt. Carl Westcott, son of Hon. Charles T. Westcott:

Olongapo, June 15.—Saturday last a native living in the Nangsol Valley while on his way to the town of Subiig was held up by a number of armed natives and told to return the way he had come and not go into Matian, a new peublo recently established on the last bank of the Matian river and near its mouth. The native made a detour and went into Matian and gave warning of the presence of the gang. The presidente immediately sent word to Olongapo and at midnight Company D, 1st Regiment, with Captain C. T. Westcott in command, landed from one of the yard launches and proceeded to scour the country in the vicinity. Having established a cordon of sentinels about the town and sent out patrols the men camped for the rest of the night and at daylight started out with a native guide, in advance guard formation to rouud up the ladrones. The point of the advance came across an hombre riding a carabao and armed with a bolo. This fellow tninking the marine was alone suddenly rushed him and started to cut and slash. Just then the remainder of the point appeared and the native started to run. No shots were fired and he succeeded in making good his escape. As the marines desired to make a capture instead of a killing they proceeded again, when a ladrone stepped from behind the shelter of a nearby shack and fired two shots at the advanced point. This man was caught by Captain Westcott and later another armed native was corralled.

No further armed men were seen although a thorough search was made. It is known that there are a dozen or more members of the band and they are armed with guns and revolvers. Every barrio in and about Matian was searched. In one shack some dynamite was discovered but it was said to be the property of a marine discharged some time ago who was engaged in prospecting.

Lieutenant Osterhaut and Wass were later sent out to continue the search. The captured ladrones are now in the calaboose of Matian and a guard of the constabulary is on duty at that place to suppress any further disturbance. The men will be prosecuted this week.

THE Haag show purchased 6 sets of harness in Middletown for $312! It takes money to run a show.

THE CIRCUS.

Frank A. Robbin's all feature shows were in our city on Wednesday. It was truly an old fashioned circus, and they drew large crowds to the various entertainments. This show was a good and clean production. The men who were connected with it, so far as we met them, were gentlemen. The show in itself was beyond the average circus. We heard many people say, who visited the larger shows, that this was the best for the money they had ever attended.

The parade in the forenoon was the best show parade we have ever had in town. It was about a half mile long and was filled with variety. There were three bands in the procession.

The acrobatic performances, the clowns, the trained animals, and the music were features of the entertainment.—Mt. Union Times.

Will exhibit in Chestertown, Monday, September 26th.
