STREET IMPROVEMENTS

MESSRS. EDITORS KENT NEWS:

In driving through the streets of Chestertown the bad condition of the streets are greatly in evidence.

I have no desire to criticise any one, but it seems to me there is neglect or carelessness on the part of some one in looking after the improvements in the Water and Sewerage System. I fail to see why the plumbers should be permitted to tear up the streets and leave them in such a condition as suits their convenience. It strikes me there should be some bounds for this wholesale digging up of streets by the Plumbers and leaving them for the Commissioners to put in good condition. I cannot see why they should not be compelled to put the streets in reasonably good repair whenever they do any plumbing or sewage work.

I think a great injustice is done the tax-payer by not compelling the plumber to put the streets in practically a good repair as he may find them. In refilling the trench, the excess earth could be considerably reduced if more energy was used in ramming the earth.

Please do not misunderstand me and accuse me of being opposed to public improvements, for I am always pleased to see improvements made, but I also think practical and economical methods should be used. The present improvements are needed and we should have them, but the Commissioners should see that trenches are properly refilled and left in reasonably good condition.

Note the condition of Washington avenue. This avenue had just gotten in fairly good repair and now the work of leveling and putting in order is left for the Town Commissioners, and it will be, perhaps, two years before it is in the same condition as six months ago. Other streets are in about the same condition and will never be in any better while the present carelessness in the refilling of the trenches is permitted. I hope the Commissioners will consider this and see that all trenches are properly re-filled and streets put in as good repair as when disturbed without additional expense to the town.

Yours Truly,
A. TAX-PAYER.

DEMOCRATIC CAMPAIGN BOOK

The Democratic National Congressional Committee has issued its Campaign Book and is now distributing it. The Committee has no funds save as it obtains them through contributions and is selling the book at $1 per copy, or for 50c a copy in lots of ten or more. The book is replete with valuable matter and is said to be the best Campaign book ever issued. Every Democrat should have it and in this year of Democratic effort for supremacy should gladly contribute to the Committee by purchasing the book. The Committee did valuable service in Maine with notable results, and if Democrats everywhere will rise to the occasion, by their dollar contributions, the Democratic sun will rise triumphantly, not to set for fifty years to come. Send your orders or contributions to F. F. Garrett, Treasurer, Democratic Committee, 821-15th Street, Northwest, Washington, D. C.

MUST MAKE PURE ICE CREAM.

A special lecture of the second day's session of the Medical and Chirurgical Faculty of Maryland, held at Annapolis last week, was an address by Dr. Charles Caspari, Jr., outlined the work of enforcing the provisions of the Pure Food Law. He dwelt at a great length upon the inferior character of ice cream that is served the public and the steps that been taken to have all manufacturers put forth a standard production. He said it had been agreed that all ice cream must contain at least 4 per cent milk fat, and that all factories, as well as those offering ice cream for sale, will be compelled to stamp their product, so as to inform the public that it contains not less than 4 per cent milk fat. Dr. W. F. Hines also made an address.

REGISTRATION THIS YEAR.

On account of the fact that election day this year comes on the very latest day possible under the calendar, the days of registration will also be later than usual. The following are days of registration:

Tuesday, October 4th.
Tuesday, October 11th.

Revision day will be Tuesday, October 18th, but on this day no new names can be placed on the books. Persons who have moved into this county from another county, or who have moved from one district in the county to another district must appear at the registration office in his present district and get registered on one of the two days, if he expects to vote this year. Where he has moved from one district to another it is necessary to get a transfer certificate from his last voting district and take it in person to his present voting district and get registered.
