

Will you please let me know as soon
as practicable what is the long delay
of my claims and what should I
do to comply with the law in
regards of my pension for I was a
honorable soldier as long in the field
and got an honorable discharge. Do not
see what keeps me so long when you
have the evidence of the men that was
with me when I got hurt I saw me
get hurt. I was discharged out of the
service without pay and I
main as wanted to say I am only
applying for what I received while I
was in the late rebellion I have not
received any money since I have been
discharged from the service I have
been unable to receive any money
or that all I am applying for.
Very Respectfully.
