BALTIMORE'S BEST STORE

Hochschild, Kohn & Co.

HOWARD AND LEXINGTON

One of Our Many Handsome

Fall . . . Tailored Suits at $25.00

We have specialized on $25.00 Tailored Suits this fall—bought them from the best makers, paid more for them than is usually paid for $25.00 suits, and insisted on having the very best possible combination of materials, style and tailoring.

As a result, our $25.00 Suits are in a class of their own—nothing to equal them can be found at or near their price.

Materials include broadcloths of genuine imported quality, rough basket-weaves, hard-finished worsteds, serges of best quality, and imported mannish mixtures, in the newest shades of brown, blue, gray, tan and wine, as well as the staple black and modish combinations.

Coats are in the new length, ranging from 30 to 34 inches, and are plain tailored, with hand-turned seams, or trimmed with braids or strappings of self material. We have both single and double-breasted models, with mannish collar, rever and sleeves. All are lined with superior silk or satin.

Skirts are in cluster or plain pleated effects—some in a modified hobble model, retaining the fashionable line, but affording ample room for walking.

Other Suits at $15 to $75

WE Prepay freight on all purchases of $5.00 or over, within a radius of 200 miles of Baltimore :: ::

ROCK HALL NOTES.

Rev. Mr. Northrup on Sunday morning preached a most timely sermon on the importance of the Sunday-school, its relation to the church and to the home. The Sunday-school session of Sunday afternoon showed the good effects of the Rally Day exercises, there being an increased attendance of scholars and an unusual number of visitors.

The Odd Fellows of this place propose to have an open-night social in the hall of their lodge at an early date, at which will be their families, friends and visitors from the city. Among the recent additions to the membership of this lodge are Messrs. Wm. H. Taylor, Harry C. Lake, Charles B. Coleman, Charles Crouch, Edw. Salsbury and George R. Downey.

A junk dealer of Baltimore, who has been dealing in junk throughout this section of Kent, delivered a load of junk at Rock Hall wharf on Tuesday, and in turning his team around to drive off the wharf got too near the edge and the horse backed overboard and was drowned.

The family of Mr. Clarence Culley had quite a scare on Monday. Their little girl, aged about 8 years, wandered away from home. Searching parties went out through the entire community. She was found O. K.

Some one unknown to the Mendel Bros. did considerable damage to their wrapper factory one night last week. As a consequence the plant is shut down pending repairs. This is quite a blow to the employees as well as the proprietors.

The election here on Tuesday was the quietest ever, and the old Fifth did herself fine.

NO SUNDAY FLIGHTS FOR HOXSEY.

When Arch Hoxsey told Colonel Joyce that he could not make a Suuday flight, there was a general surprise on the part of many who heard the statement. The president of the local club knew the story, however, and took it good-naturedly.

The aviator explained by saying:

"It is not a personal matter with me at all. I have nothing whatever to do with it. I am under contract with the Wright brothers, and whatever they say I do.

"There is a strict order from the firm to all its flyers to refrain from using the machines Sunday. This has been broken only once or twice, and even then absolutely against orders.

"The reason, I think, is a most admirable one and for which the Wrights deserve great credit. Their father is a minister of the gospel and has scruples about doing any sort of work on the Sabbath."

FREE TRIP FOR THE AGENTS.

The Pennsylvania Railroad Cympany is preparing to give its agents all over the system of Pittsburg a trip to New York to allow them to inspect the gigantic tunnel system and the new station arrangement. It is proposed to commence the inspection trips in December or January. Each division will be given a special train of Pullman cars. The intention is to arrange schedules so that the special parties will leave the different divisions in the evening, arrive in New York early the next morning and spend the day inspecting the terminal, leaving the metropolis the same evening The trips are contemplated by the company in order that agents may become more familiar with the Pennsylvania's method of handling traffic.
