A CHESTERTOWN MAN GIVES EVIDENCE

His Testimony Will Interest Every Chestertown Reader

The value of local evidence is indisputable. It is the kind of evidence we accept as true because we know we can prove it ourselves. There has been plenty of such evidence in the Chestertown papers lately, and this straightforward testimony has established a confidence in the minds of Chestertown people that will not be easily shaken.

S. F. Robinson, stationary engineer, Front St., Chestertown, says: "I was troubled with my kidneys and I suffeerd from backaches. The most annoying trouble was irregularity of my kidneys. I used Doan's Kidney Pills and found them the best medicine I had ever taken. They gave me entire relief."

(Statement given May 27, 1911.)

On August 15, 1916, Mr. Robinson added: "I have had no kidney trouble since I was cured and haven't had to use Doan's Kidney Pills for a long time."

WASHINGTON COLLEGE NOTES

The most interesting and best-played class game played last week was the one between the Sophomores and second Preps. The Sophomores have by far the best class team on the hill; the second Preps have very good material, but not yet developed. The score was 36 to 18 in favor of the Sophomores. Mills of the Sophomore, made the most goals. Miller put much "pep" into the game, and did his best himself. Gibbons knew how to handle the ball, but also himself. Stone, captain, and Johnson knew just how to guard Heller and Fitzpatrick of the second Preps. Near the close of the game Huffington, for the first time this year, was tried out for his class. At first he seemed to think he must fight in the real sense, but he soon got down to real playing. From start to finish the game was a sophomore game.

It is hard to say who was best among the Second Preps. Disharoon, Keller and Cecil made the greater number of goals, but Melvin and Fitzpatrick excelled in passing. In spite of their failure to score in the first part of the game, they did not become discouraged and fought to the last. The ball was tossed into the basket with greater frequency nearing the close of the game.

The first team in basketball will play the Mt. St. Josephs quintet at W. C. next Saturday, Feb. 2, at 8.15 p. m. They will have to show something special if they leave Chestertown victorious.

Prof. A. E. White has been called to his home in New York City by his wife. It is hoped that the trouble is not very serious and that he will soon return.

Examinations are in progress this week. They mean hard work for some. The corps of cadets kindly request that the young ladies of Chestertown excuse them from any social engagements for the time being.

We are glad to report that the condition of Cadet M. S. Dolbey, who has had pneumonia, is gradually becoming better. He expects to be out soon.

W. C. is continually taking a more serious attitude toward military training. There has been a marked improvement in the department since Christmas holidays. Plans are being made to make this training still more thorough after examinations. Look out for the cadets soon!

Cadets G. R. Todd and R. C. Robinson did not return after the holidays because they enlisted in the navy. We regret very much that we cannot still have them with us.

Mr. F. R. Wallace, one of our last year's alumni, is now in Baltimore waiting to be called into service in Uncle Sam's aviation department. Besides being one of our alumni of last year, he served as coach for the foot ball team this year and rendered very efficient service. Still we wish him the best of everything in military life and hope he will have the fortune not only to capture the Kaiser helmet, but also his head.

Mr. Cayello Panitiere, an instructor here last year, and an alumnus of W. C., is making a fine record for himself at Johns Hopkins University.

Mr. T. Kemp Bordley has started a class of cadets in the M. E. Sunday School. He is to be thanked and congratulated for being the first in Chestertown to make such a move. You may expect social, moral and spiritual good from his efforts, if continued.

The Cadets, in the exciting game of Jan. 26, defeated the Penn Military College in basketball by a score of 21 to 17. This looks favorable for the team, for it is said that this is the first basketball team victory of W. C. over that college.

Just after the opening of the game Richards and Voshamp of P. M. C. made three field goals, but the W. C. cadets could not stand to be scored on any longer. Robbins received a good pass from Lankford and shot the ball into the basket. He repeated this twice and Rouse made the third. After this our Cadets remained in the lead. Much credit should be given Young and Capt. Wilmer for their splendid guarding. Capt. Harvey, of the Penna. Cadets, by making 7 out of 7 foul goals count, displayed exceptional skill.
