THE THIRD NATIONAL BANK

OF CHESTERTOWN, MD.

The Only National Bank in Kent County

Comparative Statement of Individual Deposits (as sworn to in reports made to the Comptroller of the Currency):

June 30, 1914, Individual Deposits	$586,353.16
June 23, 1915, Individual Deposits	684,168.95
June 20, 1916, Individual Deposits	756,485.38
June 20, 1917, Individual Deposits	925,793.09
June 29, 1918, Individual Deposits	1,143,284.59
June 30, 1919, Individual Deposits	1,372,276.24

The above comparison shows an INCREASE during the past FIVE years of $785,923.08 or over 134 per cent. It also shows an INCREASE of $228,991.65 during the past TWELVE months. We are quite proud of the above exhibit.

During the past TWELVE months we have paid to our Savings Depositors—in INTEREST $40,723.48. We are also proud of that fact.

We solicit your banking business—whether it be a savings account or checking account, or both, we will take good care of it. EVERYBODY treated alike.

Very respectfully,

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

CONTRACT FOR NEW THIRD NATIONAL BANK BLDG. AWARDED

Bollinger & Perrott, Philadelphia Architects and Contractors, Will Erect Handsome Structure of Colonial Design—Old Building Being Razed

Bollinger & Perrott, architects and contractors, a big Philadelphia firm, were awarded the contract to erect the new Third National Bank Building, on the corner of High and Cross streets, Chestertown, on Wednesday morning at the regular meeting of the Board of Directors of the institution.

The building will be 38 feet front and 70 feet deep. It will be a handsome brick building of colonial design, heated by a hot water plant, which will be placed in the basement at the rear of the building. The structure will be erected ten feet from the High street pavement and six feet from the Cross street pavement, with a six-foot alley between the adjoining property. The building will be one-story high, with a ceiling of 21 feet, and will have two vaults, one on main floor and the other in the basement, with directors' room on main floor in rear. Also convenient lock boxes, and all the modern conveniences of an up-to-date banking house.

To add to the appearance of the bank's surroundings, a curb six inches high will be erected on High street and Cross streets the width and depth of the building.

Work will begin on the new bank when the force of men who are now razing the old structure complete their work.

The new Third National Bank building, when completed, should not only be a convenient home for the progressive and growing institution, but will also add much to the appearance of Chestertown.

CULTIVATORS

Have you ever looked over the "I. H. C." No. 4 CULTIVATOR?

Then you have missed seeing the most complete riding cultivator. What we might say will not convince you half so quickly as what the man says who has one. We will give you the names of persons who use them, then see what they say. They can be adjusted for a wide or narrow row in only a few minutes time; will work closer to the crop being cultivated, and are long lived. Come in and look one over.

BUCKEYE RIDING CULTIVATOR

This is the independent tooth and is so well known that it is hardly necessary for us to take space to do more than tell you we have them on hand and the price is only $55.00.

We carry several styles of teeth for Buckeye Cultivators.

Binder Twine

When you go in the harvest field you want to avoid all unnecessary trouble. One to avoid is bad twine. Avoid twine trouble by placing your order now for McCormick Standard. Every ball is guaranteed or your money will be refunded. There are some twines on the market that do not run regular in size and they do cause trouble in the field. We wish to advise you against buying anything but the best STANDARD TWINE.

TO MY FRIENDS & THE PUBLIC

Having rented the Liberty Hotel and Restaurant at 1437-1439 North Charles Street, opposite Union Station, Baltimore, Md., I ask my friends and the public of Chestertown and vicinity, where I lived for a number of years, to make my hotel their headquarters when in Baltimore, where they will receive polite attention.

We have rooms with or without private bath and running water. Our hotel is the house of cleanliness and our cuisine is unexcelled in the city. Give me a chance to serve you.
