Your Dollar's Opportunity

Your dollar's opportunity is now, today! Set it to work for you. Give it the task of multiplying itself. In doing so it will perform its part in the world affairs.

Every man's money should be making use of this opportunity. Farmers, for instance, can not only feed the world; through businesslike handling of their farms and businesslike handling of their incomes they can help to develop the world.

Thrift Is Patriotism

Saving is a form of serving. It is one of the biggest forms of national service—service to your country. Our first president said, "Economy makes happy homes and sound nations."

The way to start right is to start right now! Saving is as much a habit as spending or putting things off. Once formed, it is easy to continue. But unlike other habits, it is a good habit.

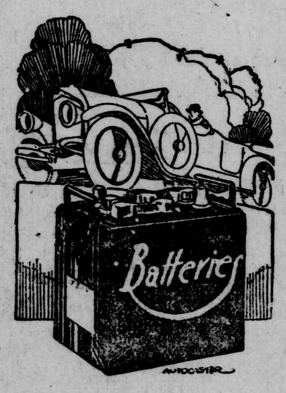
IGNITION



Quit throwing good money after bad in having that old worn-out battery recharged every other week. It has served its day.

If you want a full summer of enjoyment out of your car, install a new Westinghouse battery NOW, at the very beginning of motoring days.

It will more than pay for itself in efficient service.

A PLACE IN TOWN

There is a place in town where your battery can be recharged intelligently.
There is a place in town where your battery can be repaired skillfully.
There is a place in town that stands back of every battery they sell.
