Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine OF KNOWN COMPOSITION. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. *See that you get what you ask for.*

LO, THE HORSE.

In the midst of the present extravagance of automobile and aeroplane racing, it is refreshing to take notice, occasionally, of the horse. Witness the feat of an Illinois horse who belongs to a mail carrier. He has traveled 26 miles a day for 22 months, or a total of over 17,000 miles. It is impressive to note that in all this distance the horse did not puncture a tire, lose a bolt, wear out a bearing, foul a spark plug, or run out of gasoline 10 miles from home. Moreover he did not exceed the speed limit, run over a hog, or skid on a corner. His chauffeur never killed his engine on a hill, nor did he have to get out after an hour or two and crank him from in front. The horse climbed every hill, and pulled through every mud hole, and at the end of the 17,000 miles his owner did not find that it would cost about $100 to replace his bearings, rebuild his magneto, and take the carbon out of his cylinders. Truly the horse may be humble but there is much comfort in him.
