from birds selected for health, vigor, conformation and production.

Satisfied customers repeat their orders, viz—"Send me 1,000 chicks, April hatch, as I have not had such chicks as I purchased from you three years ago. Wish I had used my own judgment and ordered your chicks in 1920 and 1921, instead of buying cheaper stock."

BAPTISTS RAISE $30,000,000 CASH

ALL GENERAL WORK STRENGTHENED BY 75 MILLION CAMPAIGN, IT IS SHOWN.

WHERE THE MONEY GOES

Sums That Have Been Appropriated To Various Objects Set Forth By Headquarters Office At Nashville, Tenn.

Dr. E. Gill, Baptist Representative in Europe, on Left, and P. V. Pavloff of All Russian Baptist Union.

From the beginning of the Baptist 75 Million Campaign to January, 1922, a total of $30,356,319.41 had been paid in to objects fostered by the Campaign, it is announced by the general headquarters office at Nashville. Of this amount $28,799,971.15 came in through the payment of regular Campaign subscriptions and the remaining $1,556,348.26 in special contributions.

Regular receipts from the various states follow: Ala., $1,301,134.76; Ark., $714,683.09; D. of C., $123,280.01; Fla., $469,753.53; Ga., $3,000,174.10; Ill., $298,576.13; Ky., $3,187,656.15; La., $807,991.13.; Md., $393,517.46; Miss., $1,243,846.50; Mo., $1,190,754.70; N. M., $145,229.97; N. C., $2,211,741.50; Okla., $840,562.65; S. C., $2,633,840.53; Tenn., $1,797,483.10; Tex., $5,162,658.85; Va., $3,279,085. More than 250,000 baptisms were reported by Southern Baptist churches last year.

How Money Was Distributed

Seven general objects of the denomination were embraced in the Campaign program, and from the regular Campaign contributions those objects have received the following amounts, according to a compilation by the headquarters office: Foreign missions, $5,434,012.53; home missions, $3,562,600.67; state missions in the seventeen states and local work in the District of Columbia, $4,954,813.26; Christian education, $7,192,442.79; Baptist hospitals, $2,004,099.16; orphanages, $2,103,787.33; and Relief and Annuity Board, which ministers to aged dependent ministers and their families, $799,126.99.

What Money Has Done

These funds represent an advance, ranging from 200 to 300 per cent, in the contributions of Southern Baptists to their general missionary, educational and benevolent work, prior to the inauguration of the Campaign, and have enabled the boards and other agencies to greatly extend their services in all departments. In addition to sending out more than 180 new missionaries since the Campaign began, and providing many church buildings, mission residences, schools, theological seminaries, publishing houses, hospitals and the like on the older fields the Foreign Mission Board has been enabled to open work in the new fields of Spain, Jugo-Slavia, Hungary, Roumania and Southern Russia in Europe, and Palestine, Syria and Siberia in Asia, and Dr. Everett Gill, for many years a missionary in Italy, but more recently a pastor in Kansas City, has been named special European representative to supervise the greatly expanded work on that continent. Dr. Gill is giving much of his time to distributing Baptist relief funds in Russia and otherwise looking after the interests of the denomination there.

Home Work Enlarged

Among the outstanding accomplishments of the Home Mission Board are the aiding of more than 1,000 churches with loans and gifts for church buildings, completion of the big tuberculosis sanatorium at El Paso, enlargement of the work in Cuba and the Canal Zone, strengthening of the 37 mountain mission schools and the development of all eleven departments of the work of the Board. In all seventeen states of the Southern Baptist Convention the state mission work has been greatly extended, the number of Baptists hospitals in the South has been increased from eleven to twenty-three, all of the older eighteen Baptist orphanages have been aided in material ways and two new ones have been established, while the number of aged dependent ministers and their families has been doubled and the amount of aid given them increased 100 per cent.

Collections Are Pushed

While the collections so far represent a big gain over the contributions of Southern Baptists to their work before the Campaign, the sum collected is not all that is due and in all the South an effort is being made to collect as much more as possible by the close of the Convention year, May 1, that none of the work may suffer.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

CLEMENT A. HARRINGTON

Clement A. Harrington passed to rest on Tuesday after a long illness. Interment took place at Hollywood Cemetery. He was a large property owner and very considerate to his tenants. He was a kind neighbor and loving father, showing an active interest in school affairs. He was elected clerk of Prospect school for 40 years. A son, N. J. Harrington and daughter Mrs. Eugene Wicks and three grandchildren survive. Always acting for the good of the community, Mr. Harrington has been a director in the First National Bank for a number of years.

FRED McNATT

The funeral of Fred McNatt was held Wednesday and interment was made at Hollywood Cemetery, Harrington. The deceased died almost instantly from heart trouble. A father and two brothers survive.

WIDER HIGHWAY TENDENCY SHOWN IN ROAD BUILDING

Of 6,500 miles of completed Federal aid road for which statistics have been collected by the Bureau of Public Roads, United States Department of Agriculture, one-half has been constructed of 16 and 18 foot width, 25 per cent of a greater width, and 25 per cent of a less width. As would be expected the wider roads have been constructed largely in the more populous States, although some of the less populous States are building wider roads for the main highways. There is a general tendency, it is said, to build wider roads to meet the needs of the constantly increasing traffic, as shown by the 25 per cent of the mileage over 18 feet in width, 7 per cent being 24 feet or wider.

Famous Tree Moves To Sacred Ground

If Daniel Webster, famous American statesman, should return to Washington looking for the shade tree under which he rested at his home there, he might be surprised to find it growing healthfully in another part of town. The tree, as shown in the picture, has been moved over to the Lincoln Memorial Grounds for preservation and given prominent place.

HOMEY PHILOSOPHY FOR 1922

Here was a man the other day that shot a fellow dead just because the chap had robbed him of $15,000, an' then tried to set fire to his house. Both were sufferin' from the same complaint—running wild without a check rein. The unfortunate avenger would laugh himself ill if he saw some chap walking down to the shore with a piece of blotting paper to dry up the ocean, wouldn't he, but he was doing ust that same sort of thing, tryin' to wipe out crookedness by killin' a crook. You can't make the world good by holding it up or knocking it down.
