SATURDAY, JUNE 24, 1911.

On another page of this issue will be found the annual levy, giving all items of expense and arranged in good form. The tax-payer may there see for himself where every dollar goes. He will see that the largest saving has been in the roads.

Other things being equal it is well for members of societies to vote for their fellows, but when one man is well-equipped for the office and another is the opposite the fact than an office-seeker is a fellow granger, or fellow odd-fellow, Junior Order, or anything else, should have no weight whatever.

The talk of a Republican "bob-tail" ticket in Kent meets with a cool reception for there is plenty of material for the places. Col. W. J. Vannort's name has been mentioned for the Senate; Messrs. Morris Bramble and Robt. Hill for Legislature; Charles England for Treasurer; Wm. H. Lambert, Jr., for Sheriff; George E. Owens, James A. Casey, Theodore Dempsey for Orphans' Court.

THE COMPARISON.

Under the old road system the roads cost from **$30,000 to $40,000**. Tax rate $1.85 in 1910.	During first year under the new road law the roads cost **$16,000**! Tax Rate $1.22 in 1911. Will be less in 1912.

Mr. Tax-Payer are you interested in having *this system continued and your taxes decreased.* This is one of the planks of the platform on which the Organization asks support.

"Is Gov. Crothers going to be a candidate to succeed himself?" This is the question that both the politicians and general public are asking. The Governor refuses to throw any light on the subject. He has been steadfast not to talk politics either about himself or anybody else.

The Governor has been a close observer of the present political situation and has everything at his finger ends. Under certain conditions he might be a candidate. The Governor's friends believe that conditions now point to his selection and they are urging him to get into the race. He has it under serious consideration and it is believed by many that he might announce his candidacy in a few days.

CLIMBING INTO THE BAND WAGON

Hope H. Barroll Esq., Sees Victory For The Organization And Endorses It—The Barroll Organ Follows in an Effort to Get With Winners.

The News has been claiming a great victory for the Organization in Kent and the realization of this claim is becoming more and more certain as the campaign advances. Leaders of the Barroll faction in various parts of the county are becoming indignant at the slings at prominent men and the emptiness of the claims made by the Barroll organ are coming out for the ticket of Freedom and Anti-bossism. Others have become convinced that the road bill which is being attacked has been the greatest economical measure ever passed for Kent county and are leaving the Barroll faction for this reason.

Then there are candidates who signed the Slavery Bill and now are deeply sorry for that action. These men see the futility of carrying others and are going it alone. But the die is cast and the great wave of Anti-Barrollism is growing greater and sweeping with mightier momentum across the county as the days go by.

Even the Boss himself and his organ see the handwriting on the wall and are clamoring to get into the band wagon. With the loud noise of a new convert here is the plea as they endorse one of the foremost men in the Organization rank, who may or may not be a candidate!

"SENATOR GORMAN.

The candidacy of Senator Arthur P. Gorman for Governor is meeting with hearty response from all sections of the State, and there is unquestionably more Gorman sentiment in Kent county than for any one yet suggested for the place. Senator Gorman is a young man fully qualified to fill the office for which he will shortly announce his candidacy, and he has developed such strength not only in Baltimore city, but throughout all sections of the state as has demonstrated the fact that he is the strongest candidate that can be nominated for the high honor. Senator Gorman has many friends in Kent county, not only because of the ability he displayed in the Senate, but because of the very close friendship which existed for many years between the leaders of the Democratic party here and his father. The Transcript believes that Senator Gorman will be nominated and elected, and we shall do everything in our power to swing the vote in Kent in the convention to him. Every Anti-Organization leader in the county is heartily in favor of the nomination of Senator Gorman for Governor, and they will do everything in their power to elect delegates to the State Convention favorable to his nomination."

This nearly rivals the "Slavery Act." Now why not endorse the local Organization ticket and make it unanimous!

Ex-Mayor Mahool has been visiting friends in Kent including Capt. Harvey Moore, Betterton, Mr. Walter Woodall, Georgetown, and others. The ex-mayor will be heard from in the future.

A PLAIN STATEMENT

Messrs. Editors of Kent News.

Gentlemen:—I herewith submit the following to you for publication in reply to the Barroll Organ's slanderous insinuations and reflections in regard to the affairs of the Commissioners Office as conducted by old board and Clerk as compared to present conditions; their statements that "anyone can find at once any matter asked for or refered to as the affairs are in so much better shape anyone at once can see by referring to present Levy."

By refering to Levies of 1908 and 1909 you can readily see that every item was classified under their respective heads and each given item under these was made out in alphabetical order and a summary proof of the entire Levy, nothing plainer could have been made. Also we further state the "Auditors Reports" reported same in first-class shape; as to correctness, they were correct to the cent and so reported by every Audit, and in all of this work of the Levy the Clerk never had any assistant nor any special costly accountants from the city in making up the Levy.

Prof. J. L. Smyth was called in or employed simply to assist in making copy of the books for use of Treasurer's Office; under the present management it is well known that *several* have had a part in making up the Levy, which, by certificates, amounted to $26,977,44. What is included in orders or cash does not appear in the Levy by items, hence you can see how really little is the work in making up this present Levy as compared with others and for accuracy in the books of the Treasurer's Office these in their summary should agree with summary of Levy and because we chose to have the figures accurate in each office, the publication of Levy was not given out, and no inference can be drawn that the affairs of the Office were not in good shape. "The *Barroll Organ did not have charge then,* patronage of Office, Stationery, etc."

Also this is a slur upon one of the best men that ever lived in Kent county, Md.—J. Waters Russell, Sr., correct in his business affairs to a fault and recognized as a first-class accountant whose name will live in this community for ages to come when all of the traducers and slanderers are forever forgotten.

Also they refer to bill of $66.24 not paid but Levied is nothing which they admit was provided for if they had funds and did have and this amount was included in these funds or balances which we will prove by their own figures and statement and that the county was insolvent as claimed by them and so asserted is contradicted by the following figures and facts:

Levy of 1910 they show balances of $2000 and the Auditors Report of same year 1910 shows balances on hand of $3000 doubly contradicting this as false and misleading.

The charge of the unnecessary assessment and the great expense to the tax-payers and continued criticism of the assessment law, which is a State-wide law, one in which it would have been utterly impracticable to have had Kent county exempted and if it could have been accomplished would it not have been dishonest and unjust to the other parts of the *State?* Their charge of the same being a useless and great expense upon the county and tax-payers, yet, without warrant of law they appoint a clerk to the assessors which saddles an expense of, at least, $1,100 upon the tax-payers in defiance of precedent and without authority of law, as the law explicitly states that the local assessor of each district shall act as clerk to the *assessors at large* or State assessors, and no provision is made for employing or paying an additional clerk. This was done solely to make a place for someone. Yet they cry reform and economy —*what hypocrisy!*

But the great crime which over awes all others was the New Road Law and the appointment of the Road Engineer—their baseless attack upon the Engineer, which any fair minded and honest man can readily see the reason of, convinced of this loss of *spoils* as they have from time to time acknowledged in statements and whined about. They first commenced with trying to flatter the Engineer, suggesting harmony between the commissioners and the Road Engineer, that they work together, but failing to control him they have done everything in their power since to embarrass him—first recommending economy and afterwards claiming he was not spending enough on the roads and later predicting the same extravagance existed as charged by them in the past when they knew well it was impossible for him to spend any *more than was levied*: nothing right excepting as controlled by them will satisfy their *greed*, their utter failure to fulfill the promises made to the road men in the last primary must be a source of great trouble now.

They are well aware that the law defines so much shall be levied—no more, no less. This law, as they honestly know, is the most economical that was ever enacted, and to all fair-minded men interested in the county's welfare and advancement will remember The Honorable William M. Slay for his courage and ability in presenting such a bill and successfully having it enacted into a law—who will be remembered when his detractors and defamers have passed away like the chaff before the gale. If they, the present ones in control, had been allowed free reins and no limit to expenditures on the county roads they would have cost double the amount provided by this *law.* The trouble is they have failed to pay their political promises and debts promised to the road men in the last primary and have utterly failed in their ambition and hope of "*spoils,*" so acknowledged.

If misrepresentation will bring about their purposes they are ahead of the class and should be presented with *first prize.*

Question how much less does the Road Law lessen this present Levy made by the commissioners. The Barroll Organ keeps this from the public and the facts remain to be told by others. The amount is just $35,080.23. Under the old system the cost as per Levy of 1910 will show this amount, plus the amount levied under the present law, totals $52,688.21 and the present levy is reduced just the amount less the $17,975.33 as per new road law which makes a reduction and saving to the tax-payers of $35,080 23. Yet they tell you it is the worst law ever enacted. Tax-payers and all those that have regard for truth and justice, I ask, do you believe them? They are in a hole. They do not know how to pay their political debts of the last campaign promised to the road men, hence all this misrepresentation.

Better had lived in the lowliest hovel where peace, truth and virtue loitered and forever have this habitat than to live in the glittering palace of gold obtained by defaming the characters of men by mistatements and false representation.

In order to excuse their own inefficiency and acts they are willing to misrepresent and slander others whom they have admitted were efficient and have defended.

Their insatiate greed for power and place has blinded every moral sense of truth, their baseless and reckless attacks upon every citizen in the community who has stood for progress and the best interests of the community should bring shame to them, but no, not so. Power they want whether rightfully gained or not, power and place even if obtained by dishonor.

But Messrs. Editors should we not show charity when such a revelation or exhibition of somersaulting as was shown in the Barroll Organ's last issue endorsing the "Organization." Think you, has Barnum and Bailey or Ringling Bros. such "acrobats." What will Gov. Warfield think?

Chas. L. Dodd.

The Grange is capable of being a great help to our farmers, but like other good organizations, just as soon as politics is injected dissensions arise and its usefulness vanishes. Some persons join lodges, granges and other societies for no other purpose and these prove to be a hinderance rather than a help. We would therefore caution such organizations against this very thing.

The Republican State Central Committee met in Baltimore this week and empowered Mr. Hanna to confer with Gen. Vandiver to fix the date for the primary. It is believed that Republicans will request that the primary be held either on August 22 or 29, and it is thought that General Vandiver will accept the first date.

Former State Senator Henry M. McCulloh, of Cecil county, then introduced a resolution authorizing Mr. Hanna to confer with the party leaders in the counties in which the Wilson ballot law is in effect to consider the adoption of "bob-tail" tickets, and it was adopted. The indications point to Phillips Lee Goldsborough, of Cambridge, as their candidate for Governor.

THE ANTI-BOSS CANDIDATES

The following excellent array of Democrats have been presented to the Democratic voters for their consideration at the coming primaries. They are all men of character, independence and courage of convictions, and if nominated will make good representatives of the party and give to the county faithful service without regard to any *one man* or set of men. These have signed no man's creed:
