PUBLISHERS AND EDITORS.

SATURDAY, AUGUST 5, 1911.

WHY not make it unanimous for the Organization, Mr. Barroll?

THE farmers will remember Senator Bailey. His name is on the "to be retired list."

### "HAMAN-FOXWELL" BUOYS!"

The buoys which now give so much trouble to boatmen in Chester river and on Swan Point bar are "Haman-Foxwell Buoys." They are placed there by the Haman Oyster Commission, authorized by the bill which Mr. Foxwell voted for at the session of the Legislature when he was there. They mark off the natural bars. The Hamanites propose next winter to put through a few amendments which will enable the corporations and trusts to get a chance to gobble up these rich beds. These Trusts have been fairly itching to get possession of the golden fields of oysters in Kent, but with such men as W. W. Beck, J. W. Redmile and Louis C. Ayres in the Senate and Legislature no Haman Amendment will get any aid from Kent. These Haman-Foxwell buoys are danger signals to the oystermen and serve as a warning for the future.

### A COMPARISON THAT DOES NOT COMPARE

The Barroll organ last week sustained its reputation for misrepresentation. Among the various items was a comparison furnished by the "Great Discoverer," which failed utterly to give all the facts. Mr. Hicks endeavored to show that the present Barroll regime had only spent $5,120.61 during June and July, 1911, while the old board during June and July, 1909, had spent $11,815.17. Instead of sustaining his point, if he had given the facts he would have proven what the Organization has contended for a year, viz., *that the new road law has been the means of saving Kent county more money than any other item or combination of items!*

In the first place, in the orders of June 15, 1909, were two checks for $4,000 given to Superintendent Melvin for the schools, and the next month $1,400 was paid to the Third National Bank for bonds, making a total of $5,490, while the balance of $276.58 was made up of small salary orders. Did the Barroll faction save anything on these items in 1911? No. If they did not pay them in June or July these items will appear in some other month. The public certainly cannot be fooled on any such stuff as this. It is like a man's taxes—he may pay them in August, September, October or any other month, but he will pay them or else be sold out. So that if he pays them this year in October and last year in August he will have no more money at the end of the year.

The vouchers are made up of orders given road workers, clerk of the court, magistrate fees, etc. Mr. Hicks makes this total in 1909 over $6,138.59, and in 1911 $1,176.93, a difference of $4,961.76! Now read this conclusion from the Barroll organ:

"There are road bills for these two months remaining unpaid because of a lack of funds amounting to $555.01 which added to the $6,120.61 spent in orders, vouchers and interest will give the total amount expended by the Anti-Organization board for the two months at $6,675.62."

Now, would you ever believe that the Barroll organ would *acknowledge the county bankrupt!* They do so in the above, and even try to take to themselves credit for saving money on roads. What do you think of this? We never expected to convert Mr. Barroll and his organ to the merits of the road law, but the great saving noted is opening their eyes as well as those of the tax-payers.

During the months of June and July, 1909, there was spent, according to Mr. Hicks' figures, over **$5,400**, while during the same period under the new road law in 1911 only **$1,500** was spent—a difference of about $4,000! The road law is the best measure ever passed for Kent tax-payers.

Give the truth, the whole truth, and nothing but the truth, next time.

### THAT CASH BASIS

EDITORS OF KENT NEWS—

Dear Sirs: Will you kindly advise me in what way the Anti-Organization has lowered the tax rate. As *I can see it*, there has not been one cent saved except in amount levied for roads and bridges. It is true for the year 1910 we paid $1.85, and 1911 is to be $1.22. Heretofore roads and schools were paid by certificate, bearing interest from the day certificate was issued. In 1910 the Anti-Organization commissioners levied cash to pay certificates issued in 1909; cash to pay for roads and schools for year 1910. Hence the tax rate of $1.85; or, in other words, pay two years bills in one year to get on a cash basis. Very nice if the majority of the people who pay these taxes have cash all the year, but why tax any one the first of January to pay a bill (road or school) that will not be contracted or due for from one to twelve months? Does any business man or firm borrow money January 1st to pay a bill due six or twelve months hence? Not wishing to accuse anyone unjustly, if you, Mr. Barroll or his organ will kindly advise me will appreciate.

Does a cash basis benefit anyone except the bank where county monies are deposited?

FIRST DISTRICT.

THE Primaries are just three weeks off next Tuesday. You can vote in the morning and go to the Tolchester Fair in the afternoon. Vote first.

BILLY STONE has selected the Republican candidate for Governor and his name is Goldsboro, of Cambridge. None dare dispute the selection. The people will choose the Democratic standard bearer.

## MR. FOXWELL VOTED FOR THE HAMAN BILL

### Messrs. Gibbs and Atkinson Voted Against the Haman Oyster Bill.

Why did Mr. Garrett Foxwell, when the Senator from Kent in 1904, vote *for* the Haman Oyster Law?

Mr. Isaac Gibbs and the late Capt. Cecil R. Atkinson represented Kent county in the House of Delegates at this same session and the Journal of the House says that they voted *against* this Haman Oyster Law.

Messrs. Gibbs and Atkinson were true representatives of the oyster interest of Kent County.

If Mr. Fowell had to vote for this bill why was it? And why could not he have done as Delegates Gibbs and Atkinson did and voted against a bill that was directly against 3000 people of Kent County whose livelihood is gotten out of the oyster industry?

If Mr. Foxwell had so little regard for the oystermen of Kent when he had the opportunity to be their friend, can any oystermen have so little thought for his livelihood as to again vote to place Mr. Foxwell in a position where he might *again* try to place the oyster bars of this State under the control of a few men and Corporations?

The late Capt. Cecil R. Atkinson in casting his vote *against* this Haman Oyster Law that Mr. Foxwell voted for said:

"I have presented to this House from my county petitions signed by over one thousand residents asking me to oppose the passage of the Haman bill or any similar measure, and prior to the election I pledged myself in this and all other matters of legislation to advocate my constituency's expressed wishes.

"The advocates of partition and leasing of the bay do not come here with clean hands in demanding that the watermen of the Chesapeake surrender what, from time immemorial has been an undisputed and undivided possession of any and all residents of the State of Maryland, who choose to follow the water as a means of gaining livelihood.

"The watermen have a well defined and well grounded fear. They fear monopolistic control of what now and ever has been public domain. The free born, liberty-loving and liberty-enjoying watermen of the Chesapeake refuse to invite similar conditions in their vocation that to-day exists in the hills of Western Maryland, where corporations controlling nature's lavish supply of fuel, depress the price of labor and force on large numbers of our fellow men conditions under which no human being should be compelled to exist, and while depressing the price paid honest labor, they, at same time, compel the consumers to pay outrageously extravagant and extortionate prices for this monopoly controlled natural gift of the Creator. The watermen of the Chesapeake say to us in these Legislative Halls: show us your good faith and power to prevent monopoly by abolishing this coal monopoly before you ask us to surrender to similar conditions our free rights of fishing.

"And the coal monopoly is not the only or most exacting monopoly under the control of this State's Legislature and Courts. The gas, electric light, street car and other public service monopolies in our chief city, and the railroads, the great public highways of the State, are fully as exacting; in fact, what public service corporation created by this body has ever submitted to the reasonable restrictions imposed, while enjoying to the limit all privileges granted?

"Gentlemen of this body, the watermen of the Chesapeake say to you, "Control the creatures you have already legislated into existence. Show your good faith by controlling for the public weal the quasi-public monstrosities that were conceived in former sessions of this body, and which, in their greed for gain, stint labor and throttle industry, and then, with cleansed hands and no suspicion of ulterior motive, come to us and we will willingly say in the beautiful and expressive language of Holy Writ, 'Ask and it shall be given, seek and ye shall find.'" The brave, hardy and generous watermen are ever ready to conceive any point for the public welfare."

From the Rock Hall correspondent of the KENT NEWS, Saturday, April 2, 1904:

"A more forceful address has not been made on the floor of the General Assembly than that of Representative Atkinson against the Sun's pet scheme, the Haman Oyster Bill. The thanks of our oystermen are eminently due and are hereby extended to the courageous Captain for his faithfulness, and two years hence, if he so desires, he will undoubtedly be his own successor for another term. The watermen, as well as those of every other industry in the oystering section, cannot forget and will honor such faithfulness whenever or wherever opportunity may offer."

We have not heard of any thanks being offered to Mr. Foxwell for voting for this bill and thus trying to take away the livelihood of the Kent oystermen.

### THE ROAD BILL SAVED MONEY

EDITORS OF KENT NEWS:

Dear Sirs — As a tax-payer I would like to know the cause of the $1.85 tax rate for 1910. I have carefully looked over the levy list and can find no reduction in expenses of the county except in the roads, as I can see it. The amounts levied for Roads and Schools for 1910 and 1911 were both paid in the $1.85 tax rate. Never having been able to see the benefit of the county being put on a cash basis, I can only see the present Board of County Commissioners are responsible for the $1.85 tax rate. The Anti-Organization paper keeps up the cry of money squandered on the roads; allow there was more money spent than should have been, $15,000 is about 20 cents on that $1.85. Where was the other 43 cents? By that *Cash Basis* the poor tax-payer is made to borrow money to lay in bank to pay bills, some not due for six months. Does any business man borrow money in January to pay bills due in July?

AN INTERESTED TAX-PAYER.

WHEAT was quoted at 92 cents in Baltimore yesterday.

THE time for filing certificates of candidacy and putting up the assessments on same close on Saturday night, August 12th, at 6 o'clock, and all candidates must have their declarations in the hands of Election Supervisors by that time accompanied by the cash assessment. Most of the candidates filed their papers Tuesday.

### REPUBLICANS CONFER.

The meeting mentioned in the NEWS last week was held in the Court House Thursday afternoon. A general conference took place and the meeting adjourned to meet Wednesday, August 9, at which time a full ticket will likely be proposed. Among those present were the following: S. P. Townshend, Esq., Col. W. J. Vannort, Postmaster M. W. Thomas, Deputy Frank Elburn, Capt. J. B. Wilson, Wm. Harry Lambert, J. Bert. Decorse, Wm. A. Burke, Col. S. L. Wright, Walter Wright, Geo. L. Bowers, Robert R. Hill and sixteen colored men.

### MR. ROLPH WITHDRAWS

Mr. Charles Rolph, a hustling and loyal Organization Democrat, of Millington, had announced his candidacy for Sheriff and was being encouraged by many warm friends. He saw, however, that his votes would only weaken Mr. Wm. W. Clayton and would not be sufficient to nominate himself, therefore he withdraws and sends word to Mr. Clayton that he is with him to the end.

This has been the only weak spot on the Organization ticket. With this obstacle removed Mr. Clayton, with his companions, will get the nomination by fine majorities. Mr. Clayton is an aggressive young man, of high character, sober and industrious, and merits the support of all good citizens and taxpayers.

## STOCK AT PRIVATE SALE
