Heritage

By Edgar A. Guest

They worked for us. Those ages old
Whose lives seem as a story told,
The countless dead of years gone by
Who knew the self-same stretch of sky
And walked beneath the self-same sun,
Dreaming of wonders to be done,
Were toiling in the long ago
That we a better world might know.

From lip to lip were handed down
Stories of conquest and renown
Which we might learn and in our day
Struggle to be as brave as they,
Who dared to spend their strength and might
For what they then believed was right.

Out of the ancient glory glows
The splendor that our record knows.
For us old Homer sang his songs
And unto us he now belongs;
The treasuries of human strife
Have kept the best of every life
For all who choose to come and take.
So shall the progress which we make
Be kept to spur some brave youth on
In days long after we are gone.

He cannot die who serves the truth,
Sets high example unto youth,
Gives to the world some useful deed,
Or labors for a human need;
For though his age may pass away
And all his flesh return to clay,
The good he did shall always give
New courage to the young who live.

The MOLINE
Tractor is Universal

Free From Side Draft—Perfect Control

One man with one tractor does all field work from plowing to harvest

You have brought your corn from plowing through cultivating, and now it is ready for binding.

Maybe it's down and tangled. But, even if not, it is a real job to bind it with a horse drawn binder.

Side draft, guiding the team and operating the binder often make you wish you had four hands, as well as eyes in the back of your head.

The Moline-Universal Tractor and Corn Binder Hitch eliminates side draft. Control is perfect. You set it straight and the tractor front wheels that carry 98% of the weight stay straight, with just the slightest motion of the steering wheel right in your lap.

Here's what one man and a Moline-Universal Tractor can do in a ten-hour day:—

Plow 7 to 9 acres
Disc 27 acres with a 7' Tandem Disc Harrow
Disc 38 acres with a 10' Disc Harrow
Harrow 76 acres with a 20' Peg Tooth Harrow
Cultivate from 13 to 20 acres with a two-row Cultivator
Drill 35 acres with a 10' Grain Drill
Harvest 40 acres with a 10' Grain Binder
Harvest 10 acres with a Corn Binder
Mow 25 acres with a 8' Mower
Rake 40 acres with a 12' Rake

Immediate deliveries—a satisfactory stock of repair parts always on hand—prompt service when you need it.

You will thank us when your binder work is over.

If desired you can use the "drag behind" or horse drawn implements you now have with the Moline-Universal the same as with other types of tractors.
